## HOLDS OPTIMISM ABROAD IN CANADA IS WELL FOUNDED

C. P. R. Vice-President Reports Conditions in Dominion Encouraging

Among those present at the opening of the dry dock yesterday was Grant Hall, vice-president of the Canadian Pacific Railway, who came from Montreal to represent E. W. Beatty, president of the company. He was accompanied by A. D. MacTier, vice-president of the company's eastern lines; W. R. McInnes, vice-president of traffic; G. M. Bosworth, chairman of Canadian Pacific Steamships, and Captain Walsh, assistant general manager of the steamships.

Grant Hall has recently returned from a tour of the west right through to the Pacific coast and he remarks that conditions in all parts of the country are decidedly encouraging.

"That there should be a spirit of optimism prevailing in the country is only but right and proper," said Mr. Hall

**The polish that won't rub off**

**it sticks - that's our secret**

Established, owned & made in Canada for over 30 years by Nonsuch Mfg. Co. Limited, Toronto.

when interviewed yesterday. "It is exceedingly gratifying to note the success of the recent loan which clearly indicated the wealth of the country. But it would be well to consider whether this loss does not also mean that the people are turning their attention to this form of investment rather than to private enterprise."

Asked as to the transportation problem in Canada, Mr. Hall said that a solution of present difficulties depended first, upon the development of the country and, second, upon the fair treatment given the large transportation companies by the various governments of the country. He said: "On one hand only sane and even-handed justice and a judicious attitude of co-operation will be fair to the private corporation, upon whose credit depends so much of the private enterprise in this country, and, on the other hand, the future success of the national system, to be permanent, must be built on legitimate business free from political support."

Plain and Cork Tips

Mr. Hall said that he, personally, as well as the company he represented, wished the dry dock all success. "As you all know, we are very much interested in the port of St. John," he said. "The Canadian Pacific is the only company with a transatlantic freight line from this port. In spite of geographical difficulties we have built up a large rail and ocean business out of here, and we have maintained this for more than 20 years. Confidently relying on the future of Canada and the fairness of the Canadian people, we have expended large sums of money on extensions and betterments to the property and I can say that it was never in better condition to take care of the transportation needs of the country."

**Optimistic as to Future.**

Mr. Hall was generally optimistic regarding the outlook for the future, but he said that the full return of prosperity depended upon the securing of additional population and new capital and upon a very close scrutiny of expenditures made by national, provincial and municipal governments.

"We have heard a great deal in the past," said Mr. Hall, "in regard to wages, cost of living and the like. Denial has not been taken place; the cost of living has not been reduced to the extent that we might reasonably have expected. This is a matter that only time and careful consideration will take care of, but I would strongly urge business men in our different communities to take more interest in all these matters and particularly in national economy. Such action cannot but ensure and hasten a return of normal conditions in this country."

Mr. Hall added that the best possible results could not be expected from the active immigration campaigns that had been set afoot by the governments and the railways unless living conditions in the country were made attractive, and this could only be accomplished by a return to normal conditions along the lines he had suggested.

**DISBAND FOR WINTER.**

The Ladies' Aid of Lorneville Presbyterian church reports the sum of \$155 raised during the winter months, as many of the women of the place spend the winter in West St. John. Mrs. J. J. Galbreath was the hostess yesterday at the annual meeting of the Aid and after business was transacted entertained her guests.

**SENT UP FOR TRIAL.**

"Scotty" Scribner, of St. John, who was arrested by St. John officers several days ago, charged with stealing an automobile from Folkins' garage in Woodstock, was before the police magistrate in Woodstock yesterday and was committed for trial at the next term of court, which sits in January.

## Every spoonful of Kellogg's Bran helps free you from toxic poisons!

Constipation is largely responsible for auto-intoxication that leads to dangerous diseases unless it is not only checked but permanently relieved. Constipation, in fact, is the basis of a majority of human ailments which could be headed off if people would only help rid themselves of this serious, health-undermining condition, which can be easily done.

Constipation must be fought to a finish—not with pills and cathartics, which are dangerous to the delicate membranes of the intestines and temporary at best—but with nature's greatest cereal health food—Bran—Kellogg's Bran, which is as delicious as it is beneficial.

Kellogg's Bran is wonderful in its work because it is ALL BRAN. And, to get permanent relief, ALL BRAN is a necessity, for it is the "bulk" of Kellogg's Bran that sweeps and purges, ridding the system of poisons and bringing conditions to normal. Eat Kellogg's Bran regularly—at least two tablespoons daily—as much with each meal in chronic cases—and we guarantee that you will get relief permanently and naturally.

Kellogg's Bran is delicious. You do not have to learn to like it. Eat it as a cereal or sprinkle on or mix with hot or cold cereals. Or, cook it with hot cereals, allowing two tablespoons for each person. Kellogg's Bran makes wonderful muffins, griddle cakes, raisin bread, macaroons, etc. Recipes on packages.

Leading hotels, clubs and restaurants serve Kellogg's Bran in individual packages. All grocers.

**PROLONG CELEBRATION.**

The local Syrians were highly elated over the announcement that their entry in the parade had won a prize of \$100 and duly celebrated the event in their hall in Prince Edward street last evening by what is known as a "Syrian night." Thomas Stephen said the celebration would continue indefinitely. He expressed thanks to the judges on behalf of the Syrian colony here and said that, had the builders of the float had more time, they would have certainly turned out a better float. Commissioner John Thornton visited the hall last evening and congratulated the entrants on their success in the parade.

**SILVERWARE STOLEN.**

The Byng Boys' Club at Pleasant Point was broken into some time yesterday or during Sunday night and a quantity of silverware was stolen. The exact amount of silver which has disappeared is not definitely known as yet.

**At home or on the road**

**DR. CALDWELL'S LAXATIVE SYRUP PEPSIN**

**Keeps him in good health**

**Clogged-Up? Here's Quick Aid**

NEVER mind what you are using now for constipation. For all you know there is a better remedy! The next time you are clogged up try Dr. Caldwell's Laxative Syrup Pepsin, a laxative successfully used for 30 years, the largest selling liquid laxative in the world. Olive J. Purdy of West St. John, N. B., found Laxative Syrup Pepsin most beneficial, and J. W. Smith, 119 Strathcona Ave., N. Hamilton, Ont., says it is the best remedy he has ever used. The list of successful users of Dr. Caldwell's Laxative Syrup Pepsin is naturally large as over 10 million bottles are sold annually.

**Formula on Every Package**

Get yourself a bottle at a drug store, the cost being less than a cent a dose. Take a spoonful at bed time for a few nights and we guarantee that the most chronic constipation will be relieved, or refund your money. A few doses in succession soon train the stomach muscles to act for themselves. Many, however, take it once a week and in that way keep the bowels regularly open. Dr. Caldwell's Laxative Syrup Pepsin, unlike harsh physics such as calomel, "candy cathartics," salt waters and powders, is a simple vegetable laxative composed of Egyptian senna and pepsin with tasty aromatics which are entirely harmless.

**This Remedy Guaranteed**

It has been accurately proven that a constipated person is only 75 per cent efficient. It slows you up; makes you dull and lazy. Take Laxative Syrup Pepsin the first day you do not have complete bowel movement. Take it, guaranteed, for constipation, torpid liver, dyspepsia, biliousness, sour stomach, headache, lack of appetite. A spoonful at first supper or before breakfast will kill a cold overnight. Half the ailments of winter start with constipation followed by a cold.

## Go Ask Now

Let this test show how people get those prettier teeth you see

Present the coupon at your store. Try for ten days a new method of teeth cleaning, which millions now employ.

You see gleaming teeth wherever you look today. They add enormously to beauty and to charm. Learn how people get them.

**That dingy film**

Your teeth are coated by a viscous film. You can feel it now. Under old brushing methods, much of it clings and stays. Soon it becomes discolored, then forms dingy coats. That is why so many teeth lose luster.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

That is why cloudy teeth, unhealthy teeth and gums, became so alarmingly common.

Dental science has now found ways to effectively fight that film. One disintegrates the film at all stages of formation. The other removes it without harmful scouring.

Many careful tests were made to prove these methods. Then a new-type tooth paste was created to apply them daily. The name is Pepsodent.

Leading dentists everywhere began to urge its use. Now it has brought a new dental era to the homes of some 50 nations.

**It does far more**

Pepsodent also multiplies the alkalinity of the saliva. That is there to neutralize mouth acids. It

**Protect the Enamel**

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

Made in Canada

multiplies the starch digestant in the saliva. That is there to digest starch deposits.

Those are Nature's great tooth-protecting agents in the mouth. Old-time methods reduced their efficiency. Pepsodent gives them manifold power.

## For men who care

Dainty women by the millions use Pepsodent for beauty's sake. Children employ it by dental advice. But every man who cares for whiter, safer, cleaner teeth should employ it, also. Particularly men who smoke should learn this method, for smoke stains cloud the film.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

You will know in ten days how important this method is to everyone in your home. Cut out coupon now.

## 10-Day Tube Free

(Only one tube to a family)

Insert your name and address, then present this coupon this week to any store named below. You will be presented with a 10-Day Tube of Pepsodent.

If you live out of town, mail coupon to The Pepsodent Company, 191 George Street, Toronto, Canada, and tube will be sent by mail.
