**AN EMBARRASSING SITUATION.**  
When the baggage was being taken from the steamer Saturnia at Sand Point yesterday, there was one young woman, rather attractive, too, who had quite an assortment of it. It was looked after by one of the baggage masters, whose country wife and interest in her welfare were the source of some confusion to him later. The lady was Scotch and apparently was used to old-fashioned Highland customs, for in addition to "goin' in a wee shake o' the leg" as a mark of good luck, she had the bonnie lass throw her arms around him and give him a rousing "smack" on the lips, mustache and all to his small amazement and embarrassment. This took place in front of the baggage man's fellow employees and needless to say created considerable amusement.

**LOGAN AFTER HONORS AGAIN**

**Speedy St. John Skater to go into The Big Meets This Winter**

Can Fred Logan come back? This is a question which the sporting public in the city will have a chance to consider, for after having spent a year or two in oblivion as far as sport is concerned, he is to don the blades again this winter and compete that with a little training he will be able to make the best of the speedy men go.

Fred Logan was the wonder of the skating fraternity and cleaned up all the honors that happened to be going in his time. He is the world's best skater at Montreal, Saranac Lake and other speed skating centres. After having gained all the laurels in eight he retired, to make way for some of the youngsters and he has been out of the game for some time. Notwithstanding this fact, however, he believes he can "come back" and for the last few weeks has been training diligently. He is gradually getting down to racing shape, and by the time that the big meets are called expects to be in the pink of condition.

It is expected that the championship meet will be held in Ottawa this season some time during the early part of February, and ten chances to one Logan will be one of those to face the starter in all the principal events. He many St. John friends will wish him much success.

**It Begins Today--Oak Hall's Mid-Winter Sale of Men's and Boys' Clothing and Furnishings**

Men and young men have never seen such values in clothing. Now, that may appear to be a bold assertion; but it is true. You may have seen prices as low in former clearance sales, but when cost of materials and labor was less. Cost of production is higher than in many years, and if merchants had some magic process of turning their surplus Winter stocks into Spring and Summer weights, they would save thousands of dollars.

Now is the time to buy Winter Suits and Overcoats, for you may be sure that, if next Winter is normally cold, there will be no such opportunities then for saving as this Great January Sale offers.
