TORONTO, APRIL 3, 1903

Forgive by all means, but never forget. Where is the ISSUE? and what is he DOING? You ought to know and be able to find him right under your own hat.

It is the business of the government to extend the Intercolonial till it reaches the Pacific Coast, rather than grant subsidies to multiply the number of already unprofitable multi-millionaires.

People with empty heads and empty pockets are often anxious to tell much more than they know, while those with knowing heads and plenteous pockets greatly prefer to tell much less than they know—especially about such things.

The Legislature has adjourned for three weeks, but it is safe to say that to a goodly number of the members the busy men of legislative labor does not by any means constitute a picnic, though it will probably urban a 'high old time.'

It will be interesting to hear C. P. R. Director E. B. Osler, M.P., rise on his hind feet and 'as representative of the fourth his denunciation of the corrupt policy of the Government if it should dare to grant the subsidy to the Grand Trunk Pacific. And yet he would be 'representative' in fact organized labor in West Toronto and every other part of Canada.

Our former City Council, which was elected by a vote of 100 to 80 in favor of the proposed bill to build a transcontinental railway, and their asking for a subsidy along with the charter is nothing short of the most bare-faced kind of hold-up, the like of which in private life would justify shooting in self-defence.
