RISKS ON THE RAILROAD.

Abother Catastrophe at Cleveland .- A

Little Girl's Great Bravery. Cleveland, O., Jan. 9.-The bridge cross Tinker's Creek, a few miles from this city, on the Akron, Bedford & William Moore for the able manner in and given up arms to the representa-Cleveland electric road, gave way be which he designed and carried to comneath the electric motor early this pletion the new school.

merning, and the car, with its passengers, was precipitated to the water 150 below. It is known that at least two persons were killed outright and a num-

ber seriously injured. When about half way across the trestle the passengers felt the swaying mo tion, and the next moment the light steel structure collapsed, and the cars, with their human load, went down with a crash to the creek below. The accident occurred at a point a short distance north of Bedford township. The cause of the collapse of the bridge is not yet known. One theory is that the car jump ed the tracks and the jar caused the iron girders to snap. Later reports show Ministers Are in Consultation With that ther were no passengers on the And he Undertakes to Hand Over motor, and that only the erew, consisting

of three men; went down in the wreck. Portsmouth, O., Jan. 9.-A wreck on the Baltimore & Sonthwestern was averted last night by little Mary Och, a 9 year old girl. The little thing was out with a lantern hunting a stray horse, which she discovered was caught fast in a bridge near a sharp curve of the railroad. Knowing that the evening accommodation train, which is generally crowded with passengers, was nearly due, the child crawled across the lofty trestle, passed the frightened and plung ing horse, then around a curve, where she built a large fire in the centre of the track to attract the attention of the train Excellency. Mr. Laurier said the in- men. Her efforts were successful, for office, this morning. formation was satisfactory, but he could the train stopped only within a few feet of the beacon. Had the engine struck the horse, it, with the train, would have been thrown into the creek bed, a distance of 80 feet. Over 100 passengers were on the train and their gratitude

It was reported by the from the Bank of England on balance Spanish government that when the dry season commenced the rebellion would be easily crushed. What are the facts? The dry season has seen a constant advance of the revolutionists' forces from The speculation was decidedly less fev- the west to the east and the very provrish than heretofore, and the volume inces where the great cane fields are business showed diminished activity. situated have been entered. There is only a month and a half of dry season sion in European political circles and left. The result, I think, is obvious to those who try to secure accurate knowl-

edge of the conditions. "You ask me why the Cubans are devastating the cane fields. The Cuban government is a de facto government and it has issued orders that no cane should be ground, because it is from the of war. These orders were violated. steam whaling company will build two and Cuba showed its power to punish more canneries in Alaska this year. One those who violated them. It has proved that beyond question and is proving it every day. It is precisely the same principle that was followed in the South by the United States government during your war of the rebellion, when cotton was made a contraband of war and seized and destroyed, and your supreme court, in the case of Mrs. Scott. declared that her property was one of the resources of the enemy and its destruction was in accord with the rules of war. That is precisely what we are doing in the destruction of the cane. We are attacking the resources of the enemy.

In the Beginning.

Of a new year, when the winter season of close confinement is only half gone, many find that their health begins to break down, that the least exposure threatens sickens. It is then, as well as at all other times, and with people even in good health, that the following facts should be remembered. namely: that Hood's Sarsaparilla leads evcrything in the way of medicines; that it accomplishes the greatest cures in the world; has the largest sale in the world, and requires the largest building in the world devoted exclusively to the preparation of a proprietory medicine. Does not this conclusively prove, if you are sick, that to take?

The Uitlanders Have Unconditionally Surrendered to President Kruger.

Dr. Jameson and the Other Prisoners Taken.

So That All the Great War Talk and Preparations May End in Smoke.

London, Jan. 9 .- Dispatches from Berlin announce that Emperor William had an important conference with Dr. Kaiser, chief of the German colonial

Further dispatches have been exchanged between Berlin and Pretoria. Great Britain evidently is determined not to be caught unprepared for war. The report that orders have been sent to Portsmouth, Devonport and Chatham for the immediate commissioning of the flying squadron of warships, was confirmed this afternoon, and caused a profound impression in all circles. 'The flying squadron, it is said, will be ready for sea by January 14, Tuesday next, and will consist of the following ships: Revenge, first class battleship, 14,150 Campos Unable to Bring the "Little | tons, four 67-ton guns, ten 6-inch quickfiring guns, 36 smaller rapid-firing guns, 18 inches side armors, speed 171/2 knots; Royal Oak, first class battleship, 14,150 tons, four 67 ton guns, ten 6-inch quickfiring guns, 36 smaller rapid-firing guns, 18 inches side armor, 171/2 knots; Gibraltar, first class steel cruiser, 7700 tons, two 22 ton guns, ten 6-inch quick-firing guns, 24 smaller rapid-firing guns, 19-7.110 knots. Thesus, first class steel cruiser, 7350 tons, two 22 ton guns, ten two quick-fire guns, 8 four-inch quick knots. In addition Admiral Sir Frederick George Denham Bedford, commanding the Cape of Good Hope and West African stations, has been ordered to proceed to Delagoa Bay on board his flagship, the St. George, a first class steel cruiser, of the same tonnage and

> another cruiser, with all possible speed. The German Emperor, it appears, had planned to land forces of Germans at Delagoa Bay in order to assist the Boers against the British, and only desisted from so doing when he learned of Dr. Jameson's defeat and capture. This, it is claimed, is proof that his message to President Kruger congratulating him on the victory over the British that His the Transvaal, that Germany refused to recognize the suzerainty of Britain over the Transvaal was well weighed over and the result of a pre-arranged

policy.

now on his way there accompanied by

Admiral Bedford has also been instructed to report immediately to the admiralty what additional steps are necessary to reinforce his squadron, and that such assistance will be sent to him 000 each. as promptly as possible. Besides these are making ready for a call for commissioning more ships as soon as needed, and the naval reserve lists are betively preparing for the possibility of zuelan matter. All the regiments of the British army reserve, volunteers, miltia, etc., have been ordered to make immediate deemed necessary. Among the volunteers and militia there is a strong feeling in favor of active service and on all sides the greatest enthusiasm is displayed. It seems to be felt here that in the way of studied opposition upon

the part of Germany, even if the latter tax on sugar that Spain gets her sinews is backed by France and Russia, which is not considered by any means certain The Globe, for instance, says this afternoon; There is absolutely no diffkeen resentment of the wholly unprovoked insult put upon this proud land by Emperor William and his foolhardy ounsellors. Instead of working England harm with the Americans, the Emeror's insolent interference revived the the friendly arrangement of the Vene-

zuelan question. dispatches have had good effect here, showing it is more than likely that Great Britain is wrong in the boundary dispute, and that some means of arbitration in the matter should be promptly found.

Regarding the report that Germany has prevailed upon Portugal to allow German troops to traverse Portuguese South African territory adjoining the Transvaal with a view to reinforcing the Boers, a special dispatch from Berin this afternoon says it is rumored there that Portugal has positively refused consent to any movement upon the part of Germany. The idea that's combination of Powers had been formed against Great Britain seems to be Soleil, of Paris, to-day says that a movement is really on foot to establish

in anti-British alliance. From Cape Town to-day the news is such more satisfactory than for some Methodist Sunday school spent a very time past. A dispatch to the secretary of state for the colonies, Mr. Joseph and financial statement were brought Chamberlain, from Sir Hercules Robinson, dated yesterday, and just made isfactory. At the close there was a public, says the Uitlanders of Johannesunanimous vote of thanks tendered to burg have surrendered unconditionally the latter has intimated his intention of t

handing over Dr. Jameson and other prisoners captured by the Boers to the British high commissioner on the borders of Natal. Sir Hercules Robinson's dispatch adds: "You may, therefore, be satisfied that the crisis is over and all

langer ended." This dispatch is considered as practically settling the crisis in the Transvaal as far as the Boers are concerned, and is also looked upon as disposing of the report that Dr. Jameson had been sentenced to be shot, which was current at Cape Town recently. The most bitter contempt is felt at Cape Town, says a dispatch dated January 5th, for the Uitlanders, who are classed as cowards for abandoning Dr. Jameson, and the hope was then expressed that President Kruger would reject their demands. A third dispatch from Governor Robinson to Mr. Chamberlain dated Pretoria Jan. 7th, communicates a message

from the imperial agent at Rhodesia. It says: "I had been absent from Bech nanaland nearly a fortnight prior to Dr. Jameson's move. I arrived at Mafeking on Sunday December 29th, and heard then, after the telegraph line had been closed, that his force was going to leave that night. The first message which came through on Monday, Dec. 30th, was your message directing me to send after Dr. Jameson to force him to re-Cape Colony; four-fifths started from Camp Pitsani. in the British South Africa Company's territory. No portion of the force started from Bechuanalard. Dr. Jameson left me an officer

police in the whole of Bechuanaland. four of whom are doing customs duty. The country is practically without police and there is no magistrate in the British chartered company's new territory. I cials in Bechuanaland had any knowledge of the raid: 'I ne magistrate who was in the British chartered company's territory accompanied the force."

Governor Robinson also telegraphs that Captain Charles John Coventry. one of Dr. Jameson's officers who was reported to have died from wounds received in fighting, is alive and recovering

from his wounds. A dispatch to Reuter's from Krugersdorff, dated Jan. 3rd, says than second class steel cruiser, 4360 tons, correspondent instances a case in which a Metford rifle bullet penetrated the brain of a man and the man is still steel cruiser, 4360 tons, two 6-inch Bechuanaland confingent of Dr. Jamequick-fire guns, eight 4.7 quick-fire son's force unite in declaring that when guns, 13 smaller quick-fire guns, 195-10 they left Mafeking they were told they were going to Johannesburg to the relief of the residents of that place, and that they would be joined by a detachment of the Cape Mounted rifles numbering 2.000, the Johannesburg volunteers and a regiment from Capetown. An editorial in the Times admits that equipment of the Gibraltar, and he is

the Chartered South African companies ought to idemnify the Transvaal for Dr. Jameson's raid, but says there is not a shadow of pretext for the demand for Hon, Cecil Rhodes' expulsion. Count von Hatzfeldt Wildenburg,

German ambassador to Great Britain, Salisbury this afternoon.

NEW REVENUE CUTTERS.

Don't Want War. Washington, Jan. 9.—Senator Cullom to-day introduced two bills, one for the construction of two steam revenue cutters for service on the great lakes, and another for two similar vessels for service on the Pacific coast. The cost of the cutters for the lakes is limited to \$200,000 each, and the others to \$400,-

Another dispatch also says the after Bowell can be more easily and rectly contrary to President Crespo's more respectably dropped.

Lord Aberden is so puzzled over the mix up which is now going on in the cabinet that he has sent a cipher message to Hon. Joseph Chamberlain, secretary of state for the colonies, asking his advice under the present difficulties. Toronto, Jan. 9.—Referring to the cabinet crisis at Ottawa, the Mail and

agreed at Ottawa that Sir Mackenzie cannon, from Demerara, arrived at Bowell has tendered his resignation, and that His Excellency is taking into consideration the selection of his successor. The Crown, of course, has the choice of had a conference with the Marquis of its chief adviser. The conditions, judging by Sir Mackenzie's relation to the party generally, the high esteem in which he is held, the removal of misapprehensions, and the desire he entertains for the smooth working of affairs in parliament, and the triumph of his party are gradually improving. On the whole, the crisis, judging from yesterday's developments, seems to be subsiding. It cannot subside too soon, if the interests, not alone of the party, but of the country,

are to prevail." Ottawa, Jan. 9.—An Associated Press dispatch says: The crowds who went to the house of commons yesterday in expectation of hearing the announcement of Premier Bowell's resignation or the formation of a new cabinet, were displayed at all dock yards, where the men the reorganization, Senator Sherman appointed. On the orders of the day being reached Sir A. P. Caron rose and hold a special session on Saturday for made the following statement: "I take consideration of the Venezuelan, Cuban it that the house expects some further ing prepared for any emergency. The and Armenian questions. It is expected information in relation to the announcemilitary authorities no longer attempt the committee will consider the Monroe ment I made Tuesday. I then had the honor of asking the house to consent to an adjournment of ten days It was refused, and I had given notice of motion, and that notice of motion will come up to-morrow. I am not in a position to say anything more to the house than I had yesterday, except that the prime minister is now with His Excellency and, of course, I can make no further announcement. I will again ask the house if the motion I made yesterday can be agreed to, and if not. it will of course come up in the regular

order to-morrow." Sir Adolphe then moved the adjournment of the house, when Mr. Laurier arose and said: "I am sure my honorable friend remembers that yesterday he stated that at the next sitting of the house he expected to be in a position to declare to the house the course the government intended to take under existing circumstances."

Sir Adolphe Caron: "I have been disappointed." Mr. Laurier: "Yes, in more ways than one, perhaps.
