County of Northumberland, as the terminus should be either at Chatham or should the Intercolonial at the Junction there would be no detention or shifting of There will also be prizes for a perogue freight going from or bound to Chatdoes not say that it bases its statement on enquiries made on the Miramichi, says,—

race and a log race if desired, besides ham, as it would pass right along, those for walking the pole, and other while the freight from and to Newcastle could just as easily be transferred from and to the Intercolonial at that station, as at Wilson's Point. By International S. S. Com'v the Railway striking the Intercolonial at the Chatham Junction would make the Chatham Branch a continuation of than that, they must be a poor lot. Up To the Editor of the Miramichi Advance. ham, as well as those interested in the

the line, and the inhabitants of Chat. 5 TRIPS A WEEK. at the North we marry off about ten per cent a year and export about three per cent to marry lonely wretches in the Sun's I did not get the Advance, having ne cent a year and export about three per cent to marry lonely wretches in the Sun's district and further south. But, then, ours are, on an average, the best looking teachers in the Maritime Provinces.

RUINING OUR SALMON FISHERIES.—A gentleman who recently went up the Southwest River salmon-fishing, reports that he found a net with a grilse-pound attached to it, stretched all the way across the main Renous at Colpaugh's. It was impossible for any salmon to pass this obstruction. How is it that the paid officers of the Same as gaspe salmon and smelt fishing would be able to reap all the benefits of the short route to the States that the Valley line before me and note your editorial on Mr. Whitcher's letter. Of course you advise shutting up the ruinous hatcheries. As you are aware, my connection with pisiculture ceased a year ago last April, and I have no axe to grind, but would ask, why was Miramichi so far ahead of other rivers last year in its salmon supply. You admit the poaching is fearful. Smoked for the States that the Valley line be of the States that the Valley line be for any salmon and smelt fishing would be able to reap all the benefits of the short route to the States that the Valley line be for eater the Valley in the given them; but if the terminus be at Wilson's Point, and the frozen salmon in summer, and the smelt in winter have to pass over two railways—with every.likelihoad of a detention on each—before it reaches the Valley Railway, we have every reason to be lieve that the large freight traffic from Chatham will be of no benefit to the Returning.

Returning, will leave Commercial Wharf. Bottom, and the frozen salmon in summer, and the smelt in winter have to pass over two railways—with every.likelihoad of a detention on each—before it reaches the Valley Railway, we have every reason to be lieve that the large freight traffic from Chatham will be of no benefit to the Returning.

Returning would be able to reap all the benefits of the shorts of the States that the Valley line by the terminus batt struction. How is it that the paid officers of the Fisheries Department cannot detect and secure the punishment of such gross violations of the law as this?

Enquiries by the same gentleman developed the fact that no less than fifty six salmon were netted out of the Pool at the month of the North Branch of the Renous.

He saw the evidences of the slaughter on the ground in the way of scales, offial, etc.

mit the poaching is fearful. Smoked gravid fish by the ton. Why is it that the poaching is fearful. Smoked gravid fish by the ton. Why is it that the salmon catch the last two years (and this also) is so much less on all rivers without hatcheries, than on those rivers which have them? Take the Nepisiquit, and other rivers on the opposite side of Chaleur Bay, take Labrador rivers, St. John, Mosie, Nattasqutishan, and the salmon catch is nearly, nil. Restigouche,

mit the poaching is fearful. Smoked gravid fish by the ton. Why is it that the shorter and the salmon catch the last two years (and this also) is so much less on all rivers without hatcheries, than on those rivers on would also apply to the American Fishermen who might visit the port of Chatham for the purpose of despatching their cargoes to ports in the United States.

\*\*Through Tickets can be procured at this office any benefit to the inhabitants of Chatham and the fish traders. The same reason would also apply to the American Fishermen who might visit the port of Chatham for the purpose of despatching their cargoes to ports in the United States.
