

LA GRIPPE'S RAVAGES.

The Victims Left Weak, Nerveless and a Prey to Deadly Diseases.

La grippe, or influenza, which sweeps over Canada every winter, is probably the most treacherous disease known to medical science. The attack may last only a few days, but the deadly poison in the blood remains. You are left with hardly strength enough to walk. Your lungs, your chest, your heart and nerves are permanently weakened, and you fall a victim to deadly pneumonia, bronchitis, consumption, rheumatism, or racking kidney troubles. Dr. Williams' Pink Pills never fail to cure the disastrous after effects of la grippe because they purify the blood and sweep away its poisonous germs. Every dose makes new, warm, rich blood which brings health and healing to every part of the body. This is proved in the case of Miss Dorina Langlois, of St. Jerome, Que., who says: "I had a severe attack of la grippe, the after effects of which left me racked with pains in every part of the body. My appetite completely failed me; I had severe headaches, was subject to colds with the least exposure, and grew so weak that I was unable to work at my trade as dressmaker. I tried several medicines without the slightest success until a drug clerk advised me to take Dr. Williams' Pink Pills. I acted upon his excellent advice and the pills rapidly and completely cured me. My strength returned, the headaches and cough disappeared, and I am again enjoying my old-time health. I am satisfied that if sufferers from la grippe, will use Dr. Williams' Pink Pills they will speedily recover from those after effects which makes the lives of so many people a burden."

Dr. Williams' Pink Pills cure all the common ailments due to weak and watery blood, such as anaemia, headaches, sideaches, indigestion, neuralgia, rheumatism, sciatica, nervousness, general weakness and the special ailments that growing girls and women do not like to talk about even to their doctors. But only the genuine pills can do this, and you should see that the full name "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. If you cannot get the genuine pills from your druggist send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and they will be mailed 50 cents a box or six boxes for \$2.50.
