## GUY FAWKES' DAY AS CHATHAM KEPT IT

Orangemen Attend Church and Hear Sermon by Rev. R. G. Fulton — A. O. H. Head in Chatham Today.

Special to The Standard.  
Chatham, Nov. 5.—Guy Fawkes Day was celebrated by a fine turnout of local Orangemen. They attended St. Luke's church where Rev. R. G. Fulton delivered an eloquent and force-

ful sermon. In speaking of the event which occasioned the service of thanksgiving, the frustration of the gunpowder plot, Mr. Fulton declared the plot was caused by the persecution suffered by Catholics at that time and his conception and fortunate frustration should be a reminder to Christians that Christ forbade the use of the sword in extending His kingdom. This can only be accomplished by education and Mr. Fulton made a strong plea for moral and spiritual instruction of children in the home. About 200 members of the order were in the line of march and the church was crowded to the doors.

The lodges taking part were Chatham No. 90, Tabernacle Lodge, Loggieville, Derry No. 142, Newcastle No. 471, Royal Scarlet Knights of Newcastle and Royal Black Preceptory of Loggieville. The Newcastle Orange Band headed the line of march and played suitable selections.

James J. Regan, national president of the A. O. H., and head of the order in America, will arrive in Chatham tomorrow afternoon and the local division is preparing a public meeting that evening in his honor. A musical and literary programme will be carried out and Mr. Regan will speak in the interests of the order. He arrives in the morning at Newcastle and will then come to Chatham, where a committee will entertain him and take him for a trip around town and to adjacent points. Mr. Regan leaves Tuesday morning for Fredericton.

J. R. McKnight had his Winton six cylinder auto partially destroyed by fire Saturday. He was on Mackenzie Road, eight miles from Chatham, when, in avoiding a rock, the car skidded and sank in the soft mud. Mr. McKnight went to the nearest farm house for help and when he got back he found the fire had broken out and destroyed body, top and tires. The loss is about \$1,000. Tag day was held yesterday for the benefit of the local library and over \$100 was collected.

## SOME NOTABLE SPEECHES AT FLEMING BANQUET IN WOODSTOCK LAST FRIDAY

Owing to the late hour at which the speech making was reached in the Fleming banquet on Friday evening, The Standard was unable to publish a full account of the speeches on that occasion. A more extended report of the banquet follows:

Dr. D. W. Rankin presided, and upon his right was Premier Fleming, Hon. W. C. H. Gilmour and O. S. Crockett, M. P., while on his left were Hon. H. F. McLeod, Hon. Robert Maxwell and Hon. J. A. Murray. Others seated at the guest table included B. Frank Smith, ex-M. P. P., Donald Munro, M. P. P., H. W. Woods, M. P. P., chief whip of the government party in the Legislature, James K. Pinder, M. P. P., John A. Young, M. P. P., Dr. O. E. McPherson, M. P. P., Senator Geo. T. Baird, Mayor T. C. L. Ketchum, A. E. Connell, E. C. Sheriff Tompkins, John McIntosh (Glasville), J. L. White (Grand Falls), Wm. Wilson (Lakeville), Dr. Poppers (Centerville), G. L. Cronkrite (Tracy's Mills), Warden H. D. Stevens, Coun. H. E. Burt, Col. D. McLeod Vince (Woodstock), Coun. John Williams (Lakeville), Coun. James Hemphill and Coun. D. H. Lamont (Glasville), Coun. E. A. Morgan and Amasa Plummer (Hartland), Coun. Arthur Gibson (Northampton), Coun. W. E. Flemming (Debec), Coun. Robert Mason (Benton), and Coun. J. J. Montgomery (Woodstock).

The chairman read expressions of regret at their inability to attend from J. D. Hagen, Hon. Geo. J. Clarke, Fred H. Hale, ex-M. P., Dr. H. I. Taylor, M. P. P., John E. Wilson, M. P. P., W. B. Dickson, M. P. P., H. O. M. Melanson, ex-M. P. P., H. Henderson (Philadelphia), Hon. D. V. Landry, L. P. D. Tilley, A. R. Gould and many others.

Mr. Gould's letter.

Mr. Gould's letter included the following: "I presume that incidentally this gathering of his constituents may be interested to learn something of the status of an enterprise with which I am concerned and which is largely indebted for its assurance of success to the active encouragement given it by Premier Fleming. I refer to the project to construct what is known as the St. John Valley Railroad. "I am glad to be able to bring you the assurance that it is now an absolute certainty that this much-needed line of railroad is to be constructed, and that negotiations which have been in progress for quite a long time between the Dominion and Provincial governments and myself as contracting parties, are complete with the exception of some formalities incident to the execution of the contracts. This paves the way for a development of utmost importance to the prosperity of the people in the territory this line is to traverse, and indeed to the people of the entire province of New Brunswick, and its success is very largely due to the active effort and labors of Mr. Fleming during the considerable period in which he served as acting Premier.

"In this connection I am pleased to make acknowledgment of the personal obligation I am under to the able public service thus rendered by him, and I believe successful issue of the struggle deserves the highest appreciation on the part of Premier Fleming and of his zeal and ability."

The Toasts.

It was 1.15 a. m. when the toast to the King was proposed by the chairman, being received with singing the national anthem.

The toast to the Governor General H. R. H. the Duke of Connaught, was honored by the singing of The Maple Leaf Forever.

Mr. Donald Munro, M. P. P., paid a warm tribute to Premier Fleming in proposing the toast to the guest of the evening, saying that he never in his experience had seen so small a group of men give so much attention, or any proposition, on the other hand, too large for him to handle. When Hon. Mr. Hagen became Premier in 1908 he chose Mr. Fleming as his first lieutenant, and now that Mr. Hagen had been translated to the Federal arena Mr. Fleming had been given well-deserved promotion and became the Premier of the province.

Mr. Munro then presented to Mr. Fleming the magnificent chest of drawers for himself and his estimable wife, from his friends in Carleton County.

Great Ovation for Premier.

As Mr. Munro made the presentation, the whole gathering rose and cheered the guest of honor again and again. During the demonstration, for he is a Jolly Good Fellow was heartily sung and then the cheering was renewed with energy. The toast was drunk and then Mr. Fleming expressed his warm appreciation of the kind words which had been said by Mr. Munro and for the grand demonstration in his honor. First of all he wished to thank his friends for their beautiful gift and declared that it would be a daily reminder for himself and Mrs. Fleming of the kindness of their friends.

Continuing, he expressed his appreciation of the fact that so many from beyond the county were among those who gathered to do him honor, and then he traced the progress which he had made in the political arena since he first was a candidate for election years ago. Twice he had been defeated along with the other members of the ticket in this county, but finally he was elected at a by-election and in 1909 began the fight which had been carried on under one of the best and most brilliant men it had ever seen his privilege to be associated with. He said that the fight which had been carried on under one of the best and most brilliant men it had ever seen his privilege to be associated with. He said that the fight which had been carried on under one of the best and most brilliant men it had ever seen his privilege to be associated with.

Continuing, he said that he wished to take this first public occasion to say that it would be his purpose to conduct provincial affairs entirely divorced from party lines. The administration would do what they thought was in the best interests of the Province and when the time came an appeal would be made to the people and the claims of any party, but on their record as administrators as Maxwell, the president of the Executive Council, described as the state of chaos in which the four principal departments of the Provincial Government, the Finance, Crown Lands, Works and Agricultural departments, had been found when the change took place in 1908 and explained the reforms which had been brought about in putting the main department on a business-like basis by which every account was audited before it was paid, instead of having the money paid out, while under the present system the money was all paid out through one source instead of having accounts in the hands of the names of the deputies of the departments who under the old regime had paid out tens of thousands of dollars on their own checks for large amounts of which there never was any return whatever.

The Agricultural Department had been found in a state of absolute stagnation, but Hon. Dr. Landry had put vigor into it and now there was life and activity. Evidence of this was the fact that while there were fifty-eight societies in 1908, there had been forty new societies organized since then. Hon. Dr. Landry was providing a vigorous head for the department, while in Mr. Hubbard there was the best informed man on agriculture in New Brunswick for secret work, and they are stirring up interest and succeeding admirably in their work. He referred to specialists having been engaged for horticulture and the greatest interest in this work until they make the St. John Valley a Premier province country as the Annapolis Valley in Nova Scotia.

The change which had taken place in the Crown Lands Department was the result of the collection of the territorial revenue being increased from \$321,000 in the last year of the old government to over \$500,000 this year. But there was one project which loomed up bigger than any other just now and that was the St. John Valley Railway. Reference to this subject brought forth prolonged cheers and when he was able to continue, Hon. Mr. Fleming said that he would not be his present position if it were not for the fact that he felt he might be able to hasten the construction of the St. John Valley Railway. He had learned many things in that time. He had learned how hard it is to cooperate with men who do not want to cooperate with you and he learned that in a big proposition, such as this, many unexpected obstacles spring up from time to time. He regretted that he was unable to make an announcement that the contract had been signed, but it was not possible without having it actually accomplished.

"I am going to Ottawa next week," he said, "and I am going to stay there until I bring it back with me." There was prolonged cheering again and when he could continue, Hon. Mr. Fleming said that the contract between the company and the Provincial Government was completed, but the agreement was not quite completed. Surveys at Work This Month.

The proposition which he had submitted to the Federal Government was somewhat different to what the late defeated administration would have given and he would be greatly disappointed if the terms were not much more favorable than could have been secured last July. He believed that the contract would be signed and the surveys for a work before the end of the month and the province would get a railway which he believed would in 15 years be the principal trunk line of the province, and if he was able to have his proposition in interest or subsidy. His proposition was nearly half a million dollars better than the province's standpoint than the act passed at the last session of the legislature.

The Crown Lands.

Passing on, Hon. Mr. Fleming referred to the importance of grappling with the question of handling the set on million acres of the province. He expressed the opinion that too much lumber is being cut each year, if the forests are expected to stand and yield in perpetuity. Two basic principles would have to be recognized: the system of protection of the forests from fire would have to be perfected and the cutting time had come when the limit holders, the government and the private owners would have to combine their efforts and the municipalities would have to assist in grappling with this important question.

Continuing, Mr. Crockett declared that with the loss of further representation starting them in the face, as the result of the last census, and with a Premier from the Maritime Provinces and only one portfolio for the three provinces in the Dominion government, there would be no sufficient cause to make the people of the Maritime Provinces wake up to the importance of this representation and he was delighted that this question in an interesting manner which held the attention of his hearers. He expressed the belief that there could be no stronger claim than that of the Maritime Provinces on this question.

## Wind on the Stomach

A Well-Known Westerner Tells of Suffering, Misery and Pain That He Cured With "Nerviline."

"A few weeks ago I ate some green vegetables and some fruit that was not quite ripe. It first brought on a fit of indigestion, but, unfortunately, it developed into hiccoughs, accompanied by nausea and cramps. I was dreadfully ill for two days—my head ached and I hiccoughed; I belched gas continually, and I was unable to sleep at night. A neighbor happened to see me and urged me to try Nerviline. Well, I wouldn't have believed that any preparation could help so quickly. I took half a teaspoonful of Nerviline in hot sweetened water, and my stomach felt better at once. I used Nerviline several times, and was completely restored."

The above is from a letter written by G. E. Braun, a well-known stockman and farmer near Lethbridge, Alta. Mr. Braun's favorable opinion of the high merit of Nerviline is shared by thousands of Canadians who have proved Nerviline is simply a marvel for cramps, diarrhoea, flatulence, nausea and stomach disorders. Safe to use, guaranteed to cure—you can make no mistake in keeping Nerviline for your family remedy. Sold everywhere or The Cataract Co., Kingston, Ont.

Large size bottles 50c, or sample size 25c.
