### Duke of Devonshire Extends Amnesty to Deserters and Men Absent Without Leave

Special to The Standard.  
Ottawa, Nov. 27.—His Excellency, the Duke of Devonshire, as an act of grace on assuming his post in Canada has signed an order-in-council which gives freedom to all soldiers of the Canadian Expeditionary force who are now deserters or who are absent without leave. In order to benefit by this act of clemency deserters or absentees must surrender themselves to the officer commanding the unit to which they belong or to the district officer commanding any military district in Canada not later than December 15.

It is probable that the majority of soldiers absent without leave did not when absents themselves, appreciate the seriousness of their offense. It is known that many are now desirous of returning to their units and will be glad of the opportunity to do so.

The amnesty is also extended to soldiers now under sentence of imprisonment or detention for desertion or absence without leave. Such men will be handed over to the officer commanding the military district in which they are. It will be the duty of this officer to return them to their own or attach them to some other unit of the Canadian forces for service.

# MRS. INEZ MILHOLLAND BOISSEVAIN IS DEAD

### Was Renowned Militant Suffragist and Was Also Noted for Her Remarkable Beauty.

Los Angeles, California, Nov. 27.—Mrs. Inez Milholland Boissevain, the suffragist leader, died here early yesterday.

Inez Milholland Boissevain had been for years widely known for her activity as a woman suffragist, a social welfare worker, an advocate of socialism, and as a practicing lawyer.

**Broke Up Taft Parade.**  
During the 1908 presidential campaign she won new fame as "the girl who broke up the Taft parade." In July, 1913, she married by a civil ceremony in London, Eugen Boissevain, a wealthy Hollander, to whom she had been introduced by William Marconi, inventor of wireless telegraphy.

In 1916 she went as a delegate on the Ford Peace Ship, but left the party at Stockholm.

Mrs. Boissevain was born in New York, August 6, 1886, receiving her early education in New York, London and Berlin.

She was an unusually pretty woman.

# AMUNDSEN TO EXPLORE FAR NORTH AGAIN

### This Time He Will Use Hydro-Aeroplanes—Expects to Start in 1918.

New York, Nov. 27.—Ronald Amundsen, the explorer, is here to buy hydro-aeroplanes for his expedition in 1918, he said, on his arrival today on the Danish steamer Frederik VIII., from Copenhagen. The flying machines, he said, would be constructed so as to travel over smooth ice, as well as on water, and will be used for interior explorations starting from the ship which will take his party into Polar regions. The vessel will be constructed, he said, so that the planes can rise from and land on its decks. The explorer added that another purpose of his visit here was to buy food supplies for his trip, because prices in Europe were prohibitive.

Amundsen said his ship would be ready for launching in March, and that the work of equipping her would begin in July 1917, but that no effort would be made to get away before the following year, so he might have plenty of time to complete his preparations.

His explorations will take him this time to north Polar regions.

# OPPOSITION TO BRITISH NOTE LOANS

### Washington, Nov. 27.—American bankers were warned by the federal reserve board today to avoid locking up their funds by purchasing treasury bills of foreign governments involving long term obligations.

The man stopped in front of the office of J. P. Morgan & Company, fiscal agents of the British government. A crowd of 500 quickly gathered, whereupon a policeman ordered him to move on. He promptly obeyed.

**Bankers Warned.**  
Washington, Nov. 27.—American bankers were warned by the federal reserve board today to avoid locking up their funds by purchasing treasury bills of foreign governments involving long term obligations. While specifically disclaiming "any intention of reflecting upon the financial stability of any nation," the board advises all investors to proceed with caution.

**CANADIAN OARSMAN KILLED.**  
Ottawa athletes suffered heavily in the recent fighting for Courcellette, France. Among the killed was Bob Greene, one of Canada's greatest oarsmen. He was a member of the Ottawa crew which swept the Potomac, at Washington in 1910, bringing the American and Canadian eight-oared championships to Ottawa. The following year Greene went to England as a member of the Ottawa eight, rowing in the races at Henley for the Grand Challenge Cup. He was a bank manager at Ottawa.

# WM. HARRIS, THEATRICAL MAN DEAD

### Was Widely Known — Son Lost on Titanic and Partner, Charles Frohman on Lusitania.

Boston, Nov. 27.—The death is announced in New Bedford, Long Island, of William Harris, for years one of the best known theatrical owners and theatrical producers in the United States. He was for years a member of the firm of Rich, Field, Harris and Charles Frohman. Through a peculiar fate, his son, also a member of the firm, Henry B. Harris, was lost on the Titanic, and Charles Frohman on the Lusitania.

William Harris was born in Germany 71 years ago and since 1863 he had been associated with the stage. His parents were poor and in his early days he had to struggle for a living in Bridgeport, Cleveland and other places.

Young Harris went on the stage as actor and stage manager, being associated with Tony Pastor and the owners of the Howard Athenaeum, this city, now the Howard Theatre. In 1890 Mr. Harris joined with Charles F. Adkinson, son of Mrs. Adkinson, a famous restaurant owner of Newspaper Row in building the Bowdoin Square and Columbia theatres.

Later the firm of Rich, Field, Harris and Charles Frohman was formed. They controlled the Colonial, Holts St., Boston Museum and Tremont theatres. The combined interests also controlled interests elsewhere.

# ADMITTS GERMAN LOSSES HEAVY

### Zurich, Nov. 27.—Crown Prince Rupprecht, of Bavaria, is quoted in the Muenchen Messen, No. 11, as describing the fighting on the Somme as most sanguinary, and admitting that Germany's losses there have been very heavy.

### "We must be prepared for other attacks even more serious than these resisted heretofore," said the prince.

# YOUNG GIRL PERISHED

### Rimouski, Que., Nov. 27.—About 2 a. m., yesterday fire destroyed two dwellings at Rimouski and despite the efforts of the volunteer brigade and neighbors, Miss Ross, 13 years old, was burned to death in her bed.

# WILLARD MAY ARRANGE ANOTHER MATCH.

Chicago, Nov. 27.—A meeting of heavyweights was discussed today between Jess Willard, heavyweight champion, and "Tex" Rickard, boxing promoter of New York, and the announcement was made that Willard looks favorably upon a match suggested by the New Yorker. Neither would say who Rickard plans to have meet the champion but the conference will be continued tomorrow.

# AN EMPTY GLORY.

New York, Nov. 27.—Yale's victory over Harvard by a 6 to 3 score, which gave to the sons of Eli the championship of the aristocratic "Big Three," carried with it a rather empty glory. Brown University, pitted in succession against Yale and Harvard, whipped both those teams and did it with such rousing enthusiasm that the Providence team today undoubtedly holds a double cinched hammerlock on the eastern champion.

# CARD FROM GEORGE WINFIELD.

A card received by Manager Dunlop of the Dufferin Hotel, yesterday, from Geo. Winfield, formerly clerk in the Dufferin conveyed the information that he had just arrived in England en route to a hospital, but did not state whether he had been wounded or was ill. The card which was dated November 15, had on the reverse side an excellent picture of the hospital ship Asturias, George Winfield left here with one of the Siege Batteries and has been at the front for some time.

# All Merchants Can Now Supply You With Better Shoes Because of Neolin

Neolin makes any shoe a better shoe. It was proved before a pair of Neolin Soles left the factory. It has since been proved on a million pairs of shoes—men's, women's, children's—at many prices. No matter what purpose you buy shoes, they are better with Neolin Soles.

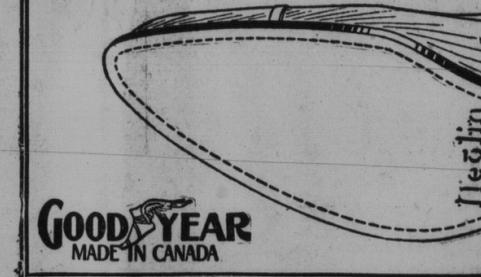

For nearly a year Neolin has been in the hands of Canadian shoe manufacturers, merchants and wearers. It was an instantaneous success. For nine months we have been unable to manufacture enough Neolin to meet the demand. But now the factory has increased the output tremendously.

Some makers have built their shoes on Neolin since its introduction. These firms ordered more than we could supply. Many others wanted Neolin, but could not be supplied. All shoe manufacturers can now secure some Neolin for immediate use on shoes going to the merchants now.

In the same way many merchants up till now have had to do without Neolin. Whatever may be your favorite make of shoes, if the dealer has not got them built on Neolin soles, he can get them immediately.

Many brands of shoes are sold with Neolin Soles. Many more will add this betterment now. You should be able to secure Neolin anywhere. But we know the shoes listed below have Neolin Soles, and if you will ask for one of these brands you will be offered a wide range to choose from.

# ST. JOHN'S STREETS AND DEBTS COMPARED WITH THOSE OF OUR CRITICS

In reference to some of the criticisms which have been made in regard to the streets of St. John, and more particularly with that of a recent visitor from Western Ontario, the Mayor has been looking into the question of how the streets in the cities which have been held up as examples for St. John have been paid for, and he found that they not only have much larger general debts but have in addition a special debt which has to be paid by the abutters under the local improvement laws.

Some of the figures are: Port Arthur, with a population of 18,000, has a general debt of \$5,947,358, and local improvement debt of \$1,749,119; Regina, with 45,000, \$8,751,544, and \$1,662,254; Victoria, with 50,000, \$12,164,587, and \$4,582,513; St. John, with 52,000, \$4,925,370, and \$15,967. Thus if St. John had a debt anything near the size of these places every street in St. John would be paved.

# BE PATRIOTIC—WEAR RUBBERS

British Government Has Given You Rubber at Low Price, So You Can Wear Rubbers and Overshoes to Protect Your Expensive Shoes.

Before the war a cow cost sixty dollars; now a cow's hide costs as much. This means expensive shoes—the same quality as before with a price fast approaching double that formerly paid.

"What's to be done?" asks the man or woman in moderate circumstances.

"Buy Rubbers and Save your Shoes" is the answer the British Government gives.

The British Government has put the price of rubber down so that you may benefit. Think of this and think of the rise in the price of other staple articles. Then, be patriotic and wear rubbers—rubbers made from British Government rubber—and save your shoe leather from winter's snow and fall rains.
