

ANNUAL REPORT
OF THE
COMMITTEE OF MANAGEMENT
OF THE
ST. GEORGE'S SOCIETY.

The Committee of Management at the close of their term of office, beg to report :—

That the permanent fund at the credit of the Society has this year reached the sum of £1500, affording a gratifying guarantee for the continuance of the useful labors of the Society, and increasing the means at the disposal of its officers for relieving their distressed countrymen.

On the Anniversary, divine service was held in the Cathedral, for the second time in the Evening, when a numerous congregation attended. The Lord Bishop of the Diocese preached on the occasion, prayers having been offered by the Rev. G. V. Housman, and the lessons read by the Rev. A. W. Mowntain. The voluntary choir conducted by Henry Carter, Esq., executed the musical portion of the service (though at a great disadvantage, the organ being under repair,) in their usual superior manner. The charitable fund was augmented by the amount of \$86.05, collected after the Sermon.

The much desired visit of the Prince of Wales, afforded the Society an opportunity of renewing the expression of the attachment of its Members to Her Majesty's person and government: and the presence of our future sovereign was hailed by none with greater delight or more cordial affection, than by the countrymen of His Royal Highness. The occasion having led to the revival of the vexed question of the order of precedence which should be adopted on public occasions by the National Societies, steps were subsequently taken which we trust will very shortly lead to results satisfactory to all parties.
