

BRINGING COMFORT INTO THE KITCHEN

When the New Perfection comes in, trouble is taken out—you have a kitchen less the dirt, ashes and smoke of a coal range.

The New Perfection is ready at the touch of a match. It gives perfect heat for any kind of cooking. Costs less than either coal or wood.

Ask your dealer to show you the New Perfection—in 1, 2, 3 and 4 burner sizes—with or without the fireless cooking oven.
