Whole of the Officers here, as well as myself would suffer a loss of Pay from the 1st to the 12th of May - the date of Mr. Ryland's Copy of the Establishment, Why he gives it that date, I know not. - You will also observe by the Instructions of the 12th of May, that Duplicates only were required, instead of Triplicates - the amounts are made out as corrected, and directed, and I hope will be approved, as all concerned are anxiously looking out for their Pay due.

I wish you all much sport, and success, and should like to be of your party, though my dancing is put a stop to for the present, if not for ever - with every wish that you may never experience any thing of the kind, -

I am my dear Sir

Most faithfully and
truly yours

Wm. Johnson
