

## The Religion of the Kaiser and some Other Strange People !

"If any man come unto me and hate not his father and mother, wife and children and brethren and sisters, etc., he cannot be my disciple."—Luke 14, v. 26.

How any man with such a religion can be expected to be a good neighbor puzzles me. The Churches had better keep out of the war altogether. We will talk to them after the war, when Liberty, Equality, Fraternity is established. When the enemy is down we will help him up. Meantime we must down him.
