Underwear

We have had fine weather lately, "you know that without us telling you of it," but let us tell you of the underwear we keep, the kind of underwear you should wear when the weather is not so fine and warm.

THE CHILDREN

We've looked after their underwear needs; we make a specialty of children's underwear. We buy all our children's underwear from the mills, mills that have earned a reputation for themselves, and nothing but the best yarns are used in the making of the garments.

Here are a Few Pointers

Ladies' and Children's Underwear

Ladies' Natural Wool Vests and Drawers.

Ladies' all wool black vests and equestrian and tights.

Ladies' union suits and underwear.

TOM'S TIME TRIUMPHED

And the Burly Officer Gathered in his Fleet-Footed Victim After a Great Race.

Record-Breaking Cross Country Run—Barbed Wire Fence Retains Evidence of the Sprint.

There are many races in this world and they are as different as the world is indifferent. There is the Human Race and the Horse Race and there is the Million Race. Nearly everyone has heard of the Race for Life and some have heard of Races to Avoid Arrest. This is only a species of the Race for Life Family.

The Race to Avoid Arrest was put on yesterday in the east end of the city and was profusely illustrated. One named Legue was the pace maker and P. C. Tom Groves didn't get a chance to hug his hind tires till several back yards and as many fences had been covered.

It all happened this way. Yesterday morning Mrs. Joe Legue laid a charge against the man whose name she bears charging him with non-support. In the spring time, when the flowers were in bloom, Mrs. Legue had laid a similar charge against her bread-winner and he had been released on suspended sentence on his promise to pay \$3 per week into the domestic treasury. Mrs. Legue alleged that he has failed to keep his promises. Hence the warrant.

To Officer Tom Groves was entrusted the duty of executing the warrant. He found the man at home, evidently not anticipating a visit from the officer of the law. On the previous occasion Officer Groves had arrested the man, so that they were not unknown to each other.

Legue asked permission to get some wood and, for old acquaintance sake, Tom granted permission.

The officer decided to watch the wood-getting operation, but instead he was just in time to see a pair of coat-tails disappearing over the back fence. Tom thought there was another pair of coat-tails that could do that disappearing act. So there was a chase, which only ended when the officer closed with the pursued on the far side of a barbed wire fence. The barrier with the tuning that still marks the route of pants which the seat of a pair of pants which was suspended from the wires. As soon as the officer had the man in his grasp the latter said he would give himself up, which indeed he did, of course, at which time the officer expressed his satisfaction to the officer.

Officer Groves has for a long time held some prominence as a bicycle racer. He earned his laurels on a memorable occasion on the track at the fair grounds, when he defeated all competitors. Now he has made a new record in cross-country sleaze chasing and the only disappointing feature is that the race wasn't advertised, hence there was no one to take this time.

This morning Legue appeared before Judge Houston to answer to the charge of non-support. Henry Weaver testified that at times the family of the prisoner had purchased as much as \$2.50 worth of groceries a week. The case was enlarged till tomorrow to secure more evidence.

ACCIDENTAL

Death of John McKeehan Resulted From Fall From Wagon Says Coroner's Jury.

"That John McKeehan came to his death from injuries to the head received by fall from wagon, laden with shingles."

Such was the text of the verdict presented to Coroner Dr. J. L. Bray at noon today by the jury subpoenaed at the inquest relative to the fatal accident on Head street Saturday afternoon.

The inquest sat until 11.30 last night and resumed this morning at 10.30, the jury in the meantime having visited the scene of the accident. Crown Attorney Douglas was in attendance throughout and J. H. C. bourn representing the Lake Erie Railroad.

The witnesses called last evening were Flora Ticknor, Clara Clements, Thos. Williams, Arthur Barber, Walter Harbert, Willard Bennett, Garnet Slagg, Frank Dennis, Jas. Anderson, Frank Halpin, Wm. O'Mara, and Dr. R. V. Bray. This morning Aaron Colter was the only witness called. The evidence was largely that of those who witnessed the accident and was to the effect that the horses became excited and ran away, while the wagon shod upon the railroad ties and the deceased fell to his death.

HARVICH SHOOT.

The Rangers fired the third of their autumn series of matches at the rifle butts Thursday. A tricky fish-tail wind and a dull light played havoc with the riflemen. Following is the score:

J. McKellar, 35, 29, 24—88.
A. McCormick, 31, 28, 24—83.
Capt. McLaren, 32, 28, 27—87.
Eos. McCormick, 34, 31, 30—95.
G. Spicer, 31, 26, 28—85.
J. Houston, 30, 27, 25—82.
W. Ferguson, 31, 24, 29—84.
J. McCormick, 34, 28, 25—87.

When you ask for a five cent cigar you want the best. Try our "King Buffalo" and you will smoke another.

UGLY FIRE WAS NIPPED

Prompt Alarm and Good Work by Firemen Save Serious Conflagration

Blaze Broke out in the Shaving Vault of the Campbell Factory and Considerable Time was Spent in Extinguishing it.

What might have proven to be a very serious fire occurred in the city last night about a quarter after eight o'clock.

The location of the fire was the shavings vault of the Manson Campbell Fanning mill Company's factory. Shortly after eight o'clock, the watchman in making his regular rounds noticed a considerable amount of smoke coming from the vault which is placed at the rear of the engine room. Upon investigation, he found that the shavings were on fire. He promptly gave the alarm and the firemen quickly responded.

The fire was confined to the vault, and not much damage was done. Had it not been noticed as soon as it was, it would have undoubtedly resulted in a very serious fire.

The vault is 50 feet high, 14 feet square at the base and 12 feet square at the top, and is surrounded by a 8x5 foot brick wall. All of the shavings foot from the saws are dumped in this vault. At the bottom of it is a door, which, when opened, throws the shavings into the engine room where they are used to feed the furnace. It is supposed that when the fireman opened the door yesterday a spark from the furnace flew into the vault unnoticed. As there is no draught, it kept smoldering all day and finally broke out at night.

When the firemen arrived on the scene they had to open the vault door, allow the shavings to drop through into the engine room, and saturate them with water, using two streams of their own and several belonging to the company. The smoke which issued from the vault was very thick and three of the firemen, Messrs. J. Tucker, Robert Potter, and Harry Johnson, were overcome by it. These three men deserve great credit for their work, as also do the rest of the men.

Although the firemen worked bravely and well, they were not able to extinguish the fire until about one o'clock this morning.

The damage to the company will be very slight. They will, however, be delayed in their work for a couple of days, as the main drive belt was soaked with water and cannot be used.

After the fire the firemen were treated to a lunch by Mr. Eberts of Hotel Garner. Messrs. Potter, Johnson and Tucker are better this morning and were able to resume work. The firemen wish to thank Mr. Eberts for the lunch, and also Samuel Moore for assistance in ambulance work. Returning to the hall at half-past one o'clock, the firemen were in shape for another run at half past two.

Knows no Distinction

Rich and Poor Alike Suffer From Catarrh in This Climate

All observant physicians have noticed the enormous increase in catarrhal diseases in recent years, and the most liberal and enlightened have cheerfully given their approval to the new internal remedy, Stuart's Catarrh Tablets, as the most successful and by far the safest remedy for catarrh yet produced.

One well-known catarrh specialist, as soon as he had made a thorough test of this preparation, discarded inhalers, washes and sprays and now depends entirely upon Stuart's Catarrh Tablets in treating catarrh, whether in the head, throat or stomach.

Dr. Risdell says, "in patients who had lost the sense of smell entirely and even where the hearing has been

gun to be affected from catarrh, I have had fine results after only a few weeks use of Stuart's catarrh Tablets. I can only explain their action on the theory that the cleansing and antiseptic properties of the tablets destroy the catarrhal germs wherever found, because I have found the tablets equally valuable in catarrh of the throat and stomach as in nasal catarrh."

Dr. Estabrook says, Catarrh Tablets are especially useful in nasal catarrh of the throat, clearing the membranes of mucus and speedily overcoming the hacking, coughing and expectorating.

Any sufferer from Catarrh will find Stuart's Catarrh Tablets will give immediate relief and being in tablet form and to the taste, are convenient, and always ready for use, as they can be carried in the pocket and used at any time as they contain no poisonous drugs, but only the cleansing antiseptic properties of Eucalyptus bark, Gaiacol, blood root and Hydrastis.

All druggists sell the tablets at 50 cents for complete treatment.

Stuart's Catarrh Tablets are sold by all druggists. They are the only tablets that will cure catarrh of the head, throat and stomach. They are the only tablets that will cure catarrh of the head, throat and stomach. They are the only tablets that will cure catarrh of the head, throat and stomach.

Men's Fancy Worsteds Suits

So many men have come to depend on us each season for this class of ready-made wear that we make an extra effort to please these appreciative customers. Nearly a dozen styles to choose from this season, all fine all-wool worsteds.

Thornton & Douglas

ALD. M'COIG COMPLAINS

Continued from First Page.

to the price of the lot on King street, next to Massey & Knight's store, and that tenders had been advertised for. That the special committee had interviewed George White and had purchased 16 feet off his lot on Scott street and 25 feet on Patrick street. The price paid was \$75. The report was adopted.

Ald. McCoig, chairman of Parks and Cemetery, reported that "as it was not our committee that ordered the erektor to impound the hogs of H. Barnes, regarding which Seane, Houston & Co. wrote, claiming damages, and as we want all the light on the subject, possible, we would ask that, whether the owner of the said hogs had any agreement with the city, whereby the city should keep the fence in repair or not. The report was adopted.

Ald. McCoig there was nothing in the deed binding the city to keep the fence in repair, but he had heard there were other papers not in the possession of the city.

Ald. McCoig's third complaint during the evening was that the sidewalk walk on Emma street had not been lowered yet.

Ald. Marshall said that he had ordered it done two weeks ago. The engineer, however had told him that he had been talking with Mr. Bloude who had said that with some filling in of the road by the city he would be satisfied.

Ald. Edmondson said that he had been speaking to Mr. Bloude only a short time ago, and he had complained that a couple of wagons had been wrecked by the high walk.

Ald. Marshall was sincere and that he believed Ald. McCoig said that he believed Ald. Marshall had ordered the work done. The city had men on the pay sheets and why couldn't they be sent over to do the work. It should have been done long ago. Putting off wasn't the right thing.

Ald. Mounteer asked what the powers of the city were re putting down of plank walks.

The city clerk said that the city solicitor advised that the council could take the initiative and, if the work was petitioned against, the council could then go on and put down the walk.

Ald. McCoig registered another complaint. He asked the Board of Works if they considered the cobble along approaches to the residences on Harvey street a permanent work. He noticed that some of the stones had rolled out into the middle of the street.

Ald. Marshall replied that some of the approaches were all right, and some were not.

Ald. Cowan asked about the flushing of King street. Albert Sheldrick had been complaining about the flooding of his store. Referred to the Board of Works.

The Mayor said that he intended to issue a proclamation for Monday as a holiday to observe the King's birthday, instead of Saturday. This was the being done in other places owing to the inconvenience of having the holiday on Saturday.

The Mayor called attention to the fact that the seats on Tennesse Park should be taken in and the water turned off.

Ald. McCoig said he had asked the city engineer twice to attend to this. The Mayor asked if the leaves were to be raked up.

Ald. McCoig said that last year the leaves had been raked into piles and left to blow about. He thought the leaves would protect the grass and could be taken off in the spring. The Mayor—My experience is that they will kill the grass, if they are left.

members of the Board of Health. Chas. Hadley was appointed in place of A. D. Westman, and Dr. Cornell in place of Dr. Thornton.

The Local Improvement by-law, re the new grand old walk on Grey St., was passed.

The following accounts were passed:—
Anson Mounteer, \$50.
J. H. Blackburn, \$2.
Telephone Co., 20c.
Hugh Mallory, \$1.50.
Pay sheets, two weeks, \$306.89.
Chas. Simpson, \$2.25.
Contractor Seymour, 80 per cent. cost of walk on Grey St., \$296.77.
Ditto, ditto, Sixth St., \$214.44.
The Ark, \$29.
Eugene Phillips Electrical Works, \$9.25.

Canada Gen. Electric Co., \$10.11.
C. P. R., \$1.88.
Park Bros., \$8.08.
G. T. R., 58c.
Water Works Dept., \$128.17.
S. Hadley Co., \$285.
S. D. Radley, \$21.78.
Fire Dept., \$4.20.
R. Bryan, 50c.
Thos. Guttridge, \$1.50.
J. C. Wardens, \$1.85.

Following accounts were referred to Board of Works:—
Westman Bros., \$15.07.
Fielder & Blight, \$63.25.

Deafness is Curable!
Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhazone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhazone quickly restores hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall, of St. Thomas, who recovered perfect hearing by using Catarrhazone, after years of deafness. Price \$1. At Druggists or by mail, from Polson & Co., Kingston, Ont.

The Best.
IT PAYS BEST IN THE END
Have you seen the catalogue of the CANADA BUSINESS COLLEGE, Chatham, Ont.
