NOT THE CUP

Wallaceburg People Were Jubilant Till they Saw the Contents of the Package.

Fred Brisco, manager of the Grand, was a tired boy Wednesday evening and went to Wallaceburg. His exciting experiences were many and he had not a few mishaps.

As has been before stated, he was tired and incidentally sleepy, so when he settled back in a comfortable Lake Erie chair seat, it was not long before he was in another world—dreamland.

Dresden, Tupperville, Wallaceburg, were all gone by when, with a start, Fred came to, asked where he was, and in great excitement tugged at the bell rope until Conductor Pierce stopped the train a few miles past the 'Burg to see what was up.

If the reader will remember Wednesday night it was that the rain came down in torrents the biggest part of the night. It rained near Wallaceburg, too, according to Fred, and the night was as dark as pitch.

Imagine you see him struggling back to town with a heavy bundle under his arm.

He was repaid for all this, though, for when he arrived in the 'Burg he was accorded an ovation which would have made King Ed feel happy. The bundle he had under his arm seemed to attract even more attention than he did.

Fred didn't know what to make of it, but is said to have grasped the situation and explained away the burgers, suspicious that he had the Gray cup with him.

NO EVACUATION.

RUSSIANS ARE SETTLING DOWN IN MANCHURIA.

Naval and Military Manoeuvres on Large Scale Off Port Arthur—The Rival Fleets.

Newchwang, Manchuria, Oct. 10.—

The Russians are taking steps to restore the Government of Newchwang to the Chinese. On the contrary, they are hastening the erection of extensive Government buildings and have added another gunboat to the naval force here.

Reports from northern Manchuria indicate that no movement has been made towards evacuation of that territory, and Russian officials are discussing the permanent occupation of the points now held as being the settled policy.

The Russian Viceroy, Admiral Alek, has been conducting joint naval and military manoeuvres on a great scale in the vicinity of Port Arthur this week. Ninety Russian war vessels of all classes were engaged.

Port Arthur, Oct. 10.—A Japanese squadron is manoeuvring off Corea. The Russian fleet is perfectly ready. It is lying with steam up, and the vessels are painted as in war time. It is denied in the high quarters that the Japanese are landing troops.

ANGELIC MISSIONS.

Board Discuss Apportionment of Their Funds.

Toronto, Oct. 10.—The Board of Missions of the Church of England spent yesterday discussing the apportionment of the funds which will be at their disposal this year. They started to raise \$75,000, and the receipts have been so large that it is confidently expected that the full amount will be in hand before the end of the year.

The scheme has worked out so well in this, its first year, that it is probable that a larger amount will be aimed at next year for the purposes of missions. There was considerable discussion over the matter, and Hon. S. H. Blake, the coadjutor Bishop of Rupert's Land, Provost Macklem, C. A. Eliot, Matthew Wilson and Rev. Dr. Tucker were appointed a sub-committee to go through the claims of the western Bishops, and make out the apportionment for the coming year.

The report, which showed an advance all along the line, was adopted. It was decided in connection with the apportionment to prepare a schedule in order to secure uniformity in claims and results.
