

A LAME HORSE IS WORSE THAN NO HORSE AT ALL

Have You a Lame Horse?

You can't afford to keep it and you can't sell it. You can put it out of its suffering—or you can practically give it away. Losing money any way you figure. Maybe you have tried to cure it—and now consider it incurable. Here is a \$1,000 guarantee that you can cure it, cure it quickly, and make it as sound as it ever was. Mack's \$1,000 Spavin Remedy has saved many a horse for years of hard, useful work, that veterinarians gave up. Whether it is spavin, ringbone, thoroughpin, curb, capped hock, shoe boil, sprung knee, ruptured tendons, sweetie or any other cause of lameness, Mack's \$1,000 Spavin Remedy will cure it. If it does not, your money will be refunded—every cent of it. If you can't get Mack's \$1,000 Spavin Remedy at your nearest druggist's, send us \$2.50 and we will ship it to you direct, express prepaid, and send our \$1,000 Guarantee Bond to refund your money if the cure is not made.

If you have any doubts what is the cause of the lameness, our expert veterinarian will tell you just exactly what to do to bring about a permanent and speedy cure.

On picture of horse mark with an X just where swelling or lameness occurs, then clip out the illustration coupon and mail it to us, together with a letter telling what caused the lameness, how long horse has been lame, how it affects the animal's gait, age of horse, etc. We will tell you just what the lameness is, and how to relieve it quickly. Absolutely no charge. Write today. Our free book, "Horse Sense No. 2," mailed free to all who write.

The Voluntary Testimonial of a Pleased User Must Be Convincing.

MCKALLOR DRUG CO., Binghamton, N. Y. Frederickburg, Tex., 2-11, 1912.
Dear Sir:—I used your MACK'S THOUSAND DOLLAR SPAVIN REMEDY and OINTMENT for Pastern Joint Lameness according to directions, and my horse was sound as soon as I completed the course. I am very thankful for your kind attention and advice in the treatment of this case.

Yours very truly,
ADOLPH H. MOELLERER.

QUESTIONS AND ANSWERS. Miscellaneous.

WARTS.

What can I do for a steer that has warts around the base of horns? We dehorned him last winter. Can you give me any advice as to how to cure him?

D. H.

Ans.—If the warts have a slim base, they may be safely clipped off with sharp scissors. If the base is strong, they may be burned out by touching them with a stick of caustic potash, or with butter of antimony applied with a feather, repeated as often as necessary until burned out.

SELLING STRAW.

1. During the winter of 1912, A bargained for farm from B, each party giving a heavy bond, the one party to buy, the other to sell said farm, deed to be executed on May 11th, 1913. This season's straw is now on the farm. Can B sell straw off the farm, nothing being said about it in the bargain?

2. A verbal agreement was entered into that the farming operations were to be conducted the same this year as in past years. No crops (excepting grain) having been sold off the farm, can B sell everything—straw, hay, cornstalks, etc., leaving the farm without a forkfull of manure? A has witness to this verbal agreement.

Ontario.
Ans.—1 and 2. We think so.

ECZEMA.

Mare's legs come out in little blisters, which burst, form scales, and become very itchy. The legs stock.

G. A. R.

Ans.—This is a form of eczema to which some horses are predisposed. Purge her with 8 drams aloes and 2 drams ginger. Follow up with 14 ounces Fowler's Solution of Arsenic twice daily for a week. Make a solution of corrosive sublimate, 30 grains to a quart of water. Heat a little of this lotion to about 110 degrees Fahr., twice daily and apply to the diseased parts. Keep her dry and comfortable, and don't wash the legs. If compelled to have her out and get her legs wet or muddy, allow them to dry gradually, and then brush clean. After applying the lotion, it will be well to apply woollen bandages loosely until the legs become dry. Regular exercise in fine weather will tend to reduce the swelling of the legs.

THICKENING PASTURE.

Will couch grass make a good pasture where one intends to leave in pasture? Where could I get the seed? Is it sown in the fall or spring? Which time would be better on old pasture, where the grubs have eaten the grass out?

G. B.

Ans.—If you want to lay up an ample store of future trouble, sow couch grass, otherwise keep away from it. Couch grass is too coarse to make first-class pasture, anyway. Try Kentucky Bluegrass and clover, sown in spring. If convenient, you might defer seeding until the latter part of April, first harrowing up the bare spots, and then harrowing the seed in. It may, however, be sown earlier, without tillage, on land honey-combed with frost. We are not prepared to say what the grubs may do to your new seeding next year.

INSULATING CELLAR CHAMBER.

I wish to build a room in the corner of the cellar of my house for storing vegetables and apples. I have a furnace in the cellar, and I want the wall so as not to admit the heat from the cellar. I wish to make the walls double, with an air-space between, in order that I may keep the room at an even temperature. There will be a window and a ventilator in the room. Please tell me how the walls should be built, and what material for insulating purposes should be used, provided the walls are of wood.

G. H. B.

Ans.—Would suggest a wall carefully laid up with hollow cement blocks, or a slop wall built with a "core," or a slopement or a brick wall, lined on the vegetable-chamber side with matched lumber on strips or studding. To improve the insulation of a wooden wall, a thickness of shavings is excellent, but it is of the utmost importance that the shavings be kept perfectly dry, and we are not prepared to recommend their inclusion in a cellar wall.

Why Don't You Learn to Stuff Birds

Sportsmen, hunters, trappers, learn this wonderful art. Save your elegant trophies of birds, animals and fish. Decorate your home and den. We can teach you quickly by mail. Best methods, easily learned. Success guaranteed. 35,000 men, women and boys have learned with great success from our school. Highly interesting and a real money-maker. There are made by selling mounted specimens, or mounting for others. \$20 to \$50 per month from your spare time. Investigate this great new art. Write for full particulars NOW.

Chas. E. Bonnycastle,
P. O. AND STA., CAMPBELLFORD, ONT.

Shorthorns of both sexes at all times for sale at very reasonable prices.

ROBERT NICHOL & SONS
Hagersville, Ontario.

A farm-hand had worked in the field from dawn till darkness, doing the chores by lantern light. "I'm going to quit," he said to the farmer at the end of the month. "You promised me a steady job."

"Well, haven't you got one?" was the astonished reply.

"No," said the man, "there are three or four hours every night that I don't have anything to do, and fool my time away sleeping."

The Quickest, Simplest Cough Cure

Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat troubles, etc.

Mix two cups of granulated sugar with one cup of warm water and stir for two minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a 16-ounce bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best-known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualic acid and all the other natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Toronto, Ont.
