R. A. COX, Beresford, Man. Two and a half miles from Beresford.

GOSSIP.

The Register Yearbook containing the official record cows and their sires, entire list of official butter and milk records of the Holstein-Friesian Association of America, together with the economic records, standard list of sires, a list of cows having two or more A. R. O. daughters, prizewinners of 1902-3, scale of points, etc., has been published, and is ready for distribution at the price of \$2. Breeders are finding this Yearbook a most useful test for reference. Fred L. Houghton, Brattleboro, Vt., is the editor.

J. Ashcroft, of Lethbridge, purchased from J. W. Streetner, of Carberry, the imported Clydesdale stallion, Picken's Pride. The horse was bred by David Hood, of Balgreddan, Kirkcudbrightshire, and claims a distinguished ancestry on both sides. He is dark bay, with a blaze in the face and a pair of white stockings. He is both sappy and substantial, with a fine coat and well-covered frame, first-class bone, and good feather. Mr. Ashcroft has already a fine stand of mares and should have something still better in the future.

NATURE'S BALANCE.

Common snakes, with the snake-like slow-worms, have a way in winter of discovering old manure-heaps, into which they creep and sleep in the warm fermenting matter. Some hundreds of common snakes and slow-worms were discovered not long ago in one large heap in Wales, when the mass was disturbed. The snakes were all slaughtered, with the result that the farm was next year overrun with field mice, of which snakes are persistent devourers.

THE OVIVOROUS CANINE.

The worst attacks made by dogs are those made upon sheep and lambs—usually lambs. The Country Gentleman thinks shepherds all over England and Scotland are partly to blame for this, for they allow their dogs to eat the carcasses of sheep which have died, and which they have flayed. They thus acquire a taste for mutton, which any dog which has lost itself, or been turned adrift on the fells, naturally gratifies from the first sheep it meets when wandering at night.

WORLD-FAMED RACER DEAD.

San Francisco, Cal., May 23rd.—Ormande, the world-famed horse, is dead. He was killed at the Menlo Park Stock Farm of W. B. MacDonough, to relieve great suffering from paralysis. Ormande was foaled in 1883, the son of Ben D'O'Lily Agnes, bred and owned by the Duke of Westminster; won every race that he started in, and earned for his owner in stakes the sum of \$142,325. He also had the distinction of winning all three of the great events of the British turf, 1,000 guineas, the Derby and the St. Leger. He was eventually sold to his late owner for \$150,000 for breeding purposes.

LITTLE BOW STOCK FARM.

At the recent Calgary spring sale, the Hereford bulls owned by John T. Parker, Lethbridge, averaged \$161. The highest-priced bull of the breed was found in his bunch, bringing \$210. Mr. Parker sold 15; the lowest price being \$125. This is a record which any breeder has cause to feel proud of.

Mr. Parker owns some 75 promising pure-bred Whitefaces. His stock bull is an imported grandson of the famous Corrector. His breeding, which is all that could be desired, is not his only plea for his position as herd header of one of Alberta's breeding Hereford herds. At Winnipeg, in 1902, he won first prize, and best of all, his progeny are certifying his right to his present position.

This year's calf crop numbers 25, and a growthy, thickly-made bunch they are, just the kind that gives the breeder pleasure to own. Eight extra fine yearling heifers are at home on the Little Bow Stock Farm, also 10 fancy two-year-olds, which will be served this season. The matrons of this herd are of large size, and are very breedily looking. They have true beef conformation, being strong constitutionally, broad-backed and well-quartered. Those desirous of purchasing Herefords should look up Mr. Parker's advertisement, which appears in this issue.

The Druggist Recommended It

Because He Knew of Scores of Severe Cases of Piles That Were Positively Cured by

DR. CHASE'S OINTMENT.

The writer of the letter quoted below suffered dreadfully from itching protruding piles for six years.

Like hosts of others, he was only disappointed with the many treatments he tried, until his druggist told him of what Dr. Chase's Ointment was accomplishing as a cure for this wretched ailment.

Mr. G. W. Cornell, who is with the Shaw Milling Company, St. Catharines, Ont., writes: "In justice to suffering humanity I write to tell you of the world of good I obtained from the use of Dr. Chase's Ointment. For about six years I was the victim of itching and protruding piles and was in dreadful agony day and night. Doctors were unable to help me, and I could get nothing to relieve the suffering. I was about as miserable a creature as was to be found on the face of the earth.

"One day my druggist, Mr. A. J. Greenwood, advised me to try Dr. Chase's Ointment, which I did, and obtained relief from the first box and complete cure with the second. My trouble was caused by heavy lifting, and I consider that Dr. Chase's Ointment would be cheap at fifty dollars a box in view of the good it did for me. A feeling of sympathy for others similarly affected prompts me to give this testimony."

Dr. Chase's Ointment, 60 cents a box, at all dealers, or Edmanson, Bates & Company, Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous recipe-book author, are on every box.
