

Your feet have personality

Shoes have to be suited to your feet, as well as fitted to them.

Some feet look better in severe styles, others require the extreme of grace.

Our New Footwear for Summer

includes styles that are becoming to every foot, as well as suited to every occasion. We see to it that you are correctly fitted in the style you select.

The Telephone Every Time

Summer days are business days. With longer daylight one wishes to do as much as possible. Have recourse to the telephone. With its assistance, you can crowd much work into few hours. It will save you money as well as time.

Or, perhaps, you have recreation in view and want to get through with the day's duties. Again, the telephone is the one great assister. Long calls or short calls, it's conversation—action every time.
