INTERNATIONAL Harvester oil tractors rank first as machines for all-around farm use. Enumerate a dozen of your farm operations and you will find these tractors—Mogul or Titan—can be used with profit in all.

They furnish reliable power for all belt machines and for disking, plowing and other drawbar work. Features which make I H C tractors valuable are the truck design, the large mainshaft and its long bearings, the power starting system, the dust proof engine—features of proved value which you find on all I H C tractors.

I H C tractors, Mogul or Titan, are simple, strong, and easily operated. They are built in all sizes, 6-12 to 30-60-H. P., and in styles to meet the needs of every good sized farm. The I H C line also includes various styles of general purpose engines from 1 to 60-H. P., operating on high and low grade fuel oils.

Write us for catalogues and other information about tractors and engines.
