

## The Price Goes Up November 1st

Increase cost of raw materials and labor, forces us to raise the price of Melrose Baking Powder. The only alternative would be to lower the quality—this we will not do. Melrose Baking Powder is 45 per cent. stronger than Government Standard. We know the housewives of Western Canada would rather pay a little more to have the same high quality always.

You have a chance yet, however, to stock up with Melrose—the new price doesn't go into effect until November 1st.

**REMEMBER**—Food baked with Melrose is odorless and won't turn yellow. Cakes won't "fall" when oven door is opened if Melrose is used. Good grocers sell Melrose.

**DEALERS!**—We'll protect orders at old prices for any quantity of Melrose Baking Powder up to October 31st. Big seller. Best goods on market. Write us today.

grandson of one of the Ness cows, a typy bull, a few months old, that should develop into a good herd leader is included in the herd. The dam of the calf is a real good producer and was put enough to win the junior championship at the Dominion Exhibition at Regina in 1911.

In addition to the bulls mentioned the owner of Copford farm has 12 heifers ranging in age from a few months up to two years, all grand-daughters of "Hubbard Masterpiece." One of these that should develop into something good is "Nessie Mink." She was third in the senior yearling class at Regina this summer and is from one of the good matrons in the herd. Another heifer that is deserving of special mention is a daughter of "Termina," a good, straight, well-grown calf, and another is the second prize heifer in the junior calf class at the Regina Summer Fair. All the heifers of breeding age have been bred to "Redpath Rose King," the present herd bull that Mr. Harrison secured from R. Halliwell, of Stratford, Ontario.

### Alberta Winter Fair

The Alberta Winter Fair will be held by the Alberta Livestock Associations, Calgary, December 10 to 13. The prize list includes classes for beef cattle, sheep and swine, and an especially attractive list of prizes for girls' and boys', including the Bull and Heifer Competition for steers, the Canadian Heifer Competition for animals born in 1917, and an Alberta Lamb Competition for lambs born this year. Total prizes of \$2,724 are offered in the girls' and boys' classes. Animals do not require to be the property of the exhibitor in these classes, but must have been fed and cared for by exhibitors beginning the first of September last. Entries for the Fair close on November 26.

The development of auction sales of beef cattle during the past few years at the Alberta Winter Fair has been the surprise of those who have witnessed their growth. All sales held at Victoria Park, during the forthcoming Winter Fair, will be held under the auspices of the Alberta Livestock Associations, and judging from the splendid list of entries already promised from the best herds in the province, we look for the forthcoming sales to be the largest yet held in Calgary. The entries will include Short-horns, Herefords and Aberdeen-Angus of exceptional merit, and transportation for the animals entered in this sale will be provided for the same nominal rate as the Spring bull sales held by the association. The association will also load the animals on the cars for the purchasers. The entries for the sale close on November 14.

Entry forms are now ready, and official catalogues may be obtained shortly after entries close by writing E. L. Richardson, secretary and managing director, Alberta Livestock Associations, Calgary.

### Livestock Sale at Calgary

The annual auction sale of dairy cattle, sheep and swine, to be held by the Alberta Livestock Associations in the Horse Show Building, Calgary, October 29 and 31, will be the largest event of its kind held by the associations. The offering will include 1,095 sheep, 17 dairy cattle and 55 hogs. The sheep entries include 104 Shropshire rams and 25 ewes, 54 Oxford rams and 41 ewes, 36 Suffolk rams and 8 ewes, also a few Leicester, Hampshire and Cheviot rams. The Western Stock Ranches, Ltd., Cluny, and W. B. McLennan, of Airdrie, have made an entry of 815 specially selected grade ewes and ewe lambs. There will be a few Scotch Hearty Sheep Dogs also offered. The sheep sale will commence at the morning of October 30.

On Thursday morning, October 31, three Ayrshire cows, six Holstein cows and eight Holstein bulls of excellent quality will be offered. Immediately after the dairy cattle sale the swine entries will be offered. These include 20 Berkshire hogs and 16 sows, nine Duroc-Jersey hogs and eight sows, also a Tamworth and a Poland-China hog.

The animals to be sold will be judged on the afternoon of October 29. S. W. Paisley, of Lacombe, and J. W. Burns, of Calgary, will do the selling. Catalogues of entries may be obtained by writing E. L. Richardson, Secretary of the Alberta Livestock Associations, Calgary.

On October 3, a load of Shorthorn yearling steers sold on the Chicago market at \$19.60 per cwt., a record price for that market. The steers averaged 1,017 pounds, and were bought for the Nagle Packing Company, New York City.

### Livestock and Feed

The Guide is in receipt of letters from farmers who, on account of scarcity of feed are anxious to dispose of surplus stock. Others, more favorably situated, have more feed than they can utilize and would be willing to take stock either at so much per head, or on a share basis, in order to assist this situation. The Guide will publish free of charge, announcements of both such cases. The following letters have been received recently:—

Regnault Bros., Heribourg, Sask., have surplus hay and good straw to feed about 50 head of cattle this winter. Write them re terms.

Lynn Bloom, Hardisty, Alta., has 50 tons of baled upland prairie hay for sale.

John and A. G. Lawrence, Buffalo Lakes, Alta., near Grande Prairie, are prepared to feed two car loads of cattle this winter or dispose of 100 tons of feed.

Thos. S. McLean, Burnbrae Ranch, Macleod, Alta., has 100 head of cows which he wishes to put out on shares for a term of years, as he is short of feed.

E. H. Benner, Moyerton, Alta., could handle 40 or 50 head of cattle this winter on shares. He would prefer two or three-year-old heifers.

D. MacPherson, Liney, Sask., wants to get in touch with someone who can winter 25 head of young cattle.
