## BAD OPERATION AVOIDED

By Timely Use of Lydia E.  
Pinkham's Vegetable  
Compound.

Mrs. Sowers' Own Statement.

Hodgdon, Maine.—"I feel it a duty I  
owe to all suffering women to tell what  
Lydia E. Pinkham's  
Vegetable Compound did for me.  
One year ago I found  
myself a terrible sufferer.  
I had pains in both sides and  
such a soreness I  
could scarcely  
straighten up at  
times. My back  
ached, I had no ap-  
petite and was so  
nervous I could not sleep, then I would  
be so tired mornings that I could scarcely  
get around. It seemed almost impossi-  
ble to move or do a bit of work and I  
thought I never would be any better un-  
til I submitted to an operation. I com-  
menced taking Lydia E. Pinkham's Vege-  
table Compound and soon felt like a  
new woman. I had no pains, slept well,  
had good appetite and could do almost  
all my own work for a family of four.  
I shall always feel that I owe my good  
health to your medicine."—Mrs. HAY-  
WARD SOWERS, Hodgdon, Maine.

If you are ill do not drag along until  
an operation is necessary, but at once  
take Lydia E. Pinkham's Vegetable  
Compound.  
If you have the slightest doubt that  
Lydia E. Pinkham's Vegeta-  
ble Compound will help you, write to  
Lydia E. Pinkham Medicine Co.,  
(confidential) Lynn, Mass., for ad-  
vice. Your letter will be opened,  
read and answered by a woman,  
and held in strict confidence.

"ITCHING FOR A SCRAP"  
Here is a cheery letter from a mid-  
shipman in one of the British battle-  
ships that are waiting for the German  
fleet to come out of hiding; it appeared  
in the London Morning Post:—"A  
rumour thrown aboard being found  
We have not been sunk yet, nor, I  
am sorry to say, have we sunk any  
Germans. By the time this reaches  
you, however, we shall have met  
them, captured most of them, and  
sunk the rest. We are all itching  
for a scrap, and this routine is getting  
rather monotonous. We go to night  
defence stations and think it is the  
most every night, and sleep in our  
dormitory watch off and after day-  
light. We go into harbor to coal  
every four or five days. In the day  
time at sea we have nothing to do ex-  
cept to rig night defence gear (search-  
lights are stowed below at daylight),  
do physical drill, running round the  
ship, etc., to keep ourselves fit, and  
occasionally going to action stations.  
Of course there have been various  
lapses, when we have had to rush to  
our stations. But they are generally  
caused by some ham-handed horse  
maneuvering firing a gun by mistake, or by  
some silly-eyed lookout seeing one  
of our own ships and thinking it is the  
enemy, or mistaking a trawler for the  
periscope of a submarine. Any-  
how, none of them have come to any-  
thing; but they tend to relieve the  
monotony, although at the expense of  
sleep, which is a luxury, especially at  
night. We have to sleep in the  
signal house so as to be near  
our searchlights, and are waked up  
every two or three minutes by signal-  
men coming in and falling over our  
feet (I can imagine you saying, "It  
serves me right for having such big  
ones"). It is the only place where  
they can switch on a light to read  
signals. But in spite of these little  
inconveniences, I dare say we come off  
better than you. I am very sorry for  
everybody left at home; the war  
must affect them much more than it  
does us. I expect Hal is taking the  
war very seriously and thinks it  
"baldy" that he can't go the front  
or come to sea? I am not allowed to  
tell you anything, and so will write  
no more nonsense."

PLEASSED TO RECOMMEND  
BABY'S OWN TABLETS

Mrs. Henri Bernier, Anclinea, Que.,  
writes: "It is with pleasure that I re-  
commend Baby's Own Tablets, which  
I have given my little ones for stom-  
ach and bowel troubles, constipation,  
loss of sleep and simple fevers. No  
mother of young children should be  
without them." The Tablets are guar-  
anteed to be free from injurious drugs  
and may be given to the youngest  
child with perfect safety and good re-  
sults. They are sold by medicine deal-  
ers or by mail at 25 cents a box from

ville, Ont.

The Belleville Branch of the  
Upper Canada Bible Society

Yesterday afternoon the officers of  
the society met at the premises made  
ladies in the James Wallace tea rooms  
and discussed over the tea cups plans  
for making the annual canvass of the  
city for contributions to the funds of  
the society. The collectors will likely  
begin their duties in a few days.  
We bespeak for them the usual  
kind reception at the homes of the  
people, and hope that liberal contri-  
butions will be given them. The de-  
mands upon the treasury of the so-  
ciety are greater than ever. A. M.

## NEW LIGHT SYSTEM IN OPERATION

At 7.30 Saturday evening the magic  
switch poured through the conduits  
on Front and Bridge streets to the  
new lamps on those thoroughfares  
the electric current which made them  
"white ways" like the famous Broad-  
way and Fifth Avenue of the Ameri-  
can metropolis or the mighty streets  
of London. When the current was  
turned on, there was not a dark spot  
left from the upper bridge to Dun-  
das street and from the lower bridge  
to Church street. Many read the late  
evening papers by the light of the  
system which had just been complet-  
ed. The mellow influence of the  
globes was felt by many, the light  
being softened so as not to dazzle  
the eyes. From Pinnacle street, from  
the bridges and from Coleman street  
cutters saw the white wave above the  
buildings lining either side of the  
streets.

The new lighting system is a dis-  
tinct addition to the street, supple-  
menting the advantages which have  
come with the new asphalt pavement.  
These are two of the works of Bel-  
leville's 1914 council.

Mr. Scott, the local manager, Mr.  
W. Maclellan of Toronto and the  
staff of the Trenton Electric have  
made every effort to have the streets  
thoroughly lighted in a modern man-  
ner.

## SALVATION SONGS ON BATTLEFIELD

A Salvation Army bandman and  
a motor-driver in the R.F.A. was  
wounded at the battle of — tells a  
thrilling story of his experiences with  
the British Expeditionary Force. On  
his part of the battlefield there were  
to his knowledge, at least thirty Sal-  
vationists in the firing line.

"We got everything ready (he said)  
for the enemy, the trenches dug and  
the guns fixed, and then came the  
worst job of all—waiting. For thirty-  
six hours we lay there, watching and  
listening for the first sign of the Ger-  
mans. Then for five hours the battle  
lasted without cessation.  
"Now the enemy seemed to be bear-  
ing us, then, again, they retreated. All  
the time my comrades were falling in  
hundreds, too. So thick were the en-  
emy's dead that when the advance was  
made we simply had to force the  
motor up and over heaps of bodies—  
there was nothing else for it.

"In following the retreating Ger-  
mans six of us got lost, and for four  
days we tramped about without a  
mouthful of food or drink. By day  
they came over in the corn or grass  
fields, and by night we crept along,  
without any guide, only hoping and  
praying—five prayed many times in  
the past, but never so much as on  
these nights—that all would come  
right."

"On the first day we were fairly  
well, on the second we were very  
hungry, on the third our tongues were  
hanging out, and two of my comrades  
went mad."  
"On the fourth night we fell in with  
a British ambulance section, and were  
taken into camp. As I was passing an  
ambulance tent I heard someone sing-  
ing:  
"I'm a child of a King,  
I'm a child of a King,  
With Jesus my Saviour,  
I'm a child of a King."  
"In the stillness of another night  
from one of the tents I heard:  
"They will sail in the chariot along,  
And we won't drag on behind."  
"I tell you it was thrilling. Two or  
three Salvationists were having a 'free  
and easy' and after the chorus had  
been sung once or twice I heard it  
taken up by other Salvationists in  
other tents. Presently from many  
parts of the camp could be heard the  
old Salvation Army song 'It was  
splendid!'"

## BELLEVILLE BOYS WELL.

A communication was received to-  
day from Capt. E. D. O'Flynn by his  
mother, Mrs. F. E. O'Flynn, Bridges  
street, in which he reports that the  
Belleville boys are in good health and  
in good spirits, and while he gives no  
information as to the location of the  
contingent, there is every probability  
that they are well on their way.

## DEMANDED \$2.00 EACH.

Mr. Charles Fry, Pinnacle street  
was held up in his residence, on Sat-  
urday night by two men who each  
demanded two dollars according to a  
story he told the police. The house-  
hold dog appeared on the scene, tore  
the trousers of one of the intruders  
who then made their escape. Mr. Fry  
gave a description of the men.

## UNIQUE METEOD OF ENTRANCE

On Sunday morning early some  
pauers or persons made an entrance  
into the premises and liquor store of  
Mr. Wesley Bullen, Front street. The  
method of entry was unique, being  
from the pavement in front of the  
shop. The grate was lifted and the  
cellar was entered by the window.  
A small quantity of liquor was  
waken.

An Oil That is Famous.—Though  
Canada was not the birthplace of Dr.  
Thomas' Electric Oil, it is the home  
of that famous compound. From here  
its good name was spread to Central  
and South America, the West Indies,  
Australia and New Zealand. That is  
far ahead enough to attest its excel-  
lence, for in all these countries it is on  
sale and in demand.

## A BRIGHT YOUNG LIFE CRUSHED OUT.

Tragic End of 14-Year-Old Charlie  
Cooke, G.T.R. Call Boy, Sunday  
Morning.

The life of Charles Cooke, the 14-  
year-old call boy at the Grand Trunk  
depot, Belleville, was brought to a  
tragic close about one o'clock Sunday  
morning on the G.T.R. tracks a short  
distance east of the station platform.  
How the tragedy occurred will per-  
haps never be fully known, as it is  
believed that there are no eye-witnesses  
of what actually occurred. The boy was  
standing shortly before the accident  
at the east end of the platform and  
waved his hand to the crew of a  
freight which was moving eastward.  
Evidently the unfortunate lad who  
was on duty desired to get from the  
platform to the shops and attempted to  
cross through the freight and fell  
beneath the wheels. Death was in-  
stantaneous. Some time later another  
call boy named Morden came across  
dead body of Charles Cooke on the  
track and gave the alarm.

Coroner Boyce was notified and the  
remains were early in the morning  
removed to Messrs. Tickell and Sons'  
mortuary.  
Dr. W. W. Boyce this morning at  
10.30 swore in a jury and opened  
the inquest on the remains. The jury  
is composed of Ald. Dr. Platt, fore-  
man, Ald. W. H. Pantor, B. J. Black,  
E. T. Cherry, W. Rodbourn, Joseph  
Douch, Jesse Harris, W. Wilkins and  
J. H. P. Young.

After viewing the body, the inquest  
was enlarged until Tuesday evening.  
The unfortunate boy was one of a  
family of eleven and a son of Mr. and  
Mrs. Ebenezer Cooke, Emily Street.  
The deepest sympathy goes out to  
the bereaved parents and family in  
the tragedy which has visited their  
home.

## COT FIVE BEARS.

Messrs. Jas. Hickey and Sanford Law-  
rence Have Five Days Sport—Also  
Shot Three Coons.

A record for bear hunting which  
has not been equalled in this part of  
the Country in many years, was made  
by Messrs. Jas. Hickey and Sanford  
Lawrence on Friday last week.

Mr. Hickey who is ranger for the  
Pearce Co., and also a Government  
forest ranger had been back through  
Lake township looking over some tim-  
ber lots for the Company. On his way  
out last Thursday he met Mr. Law-  
rence and it was arranged to pay  
a visit to the beech flats near Burnt  
Lake to see if they could find a bear.  
Accordingly on Friday morning they  
started up the stream and on their  
way shot three nice coons.

Arriving at beech flats they soon  
found a bear which was easily killed.  
The second one, however, though badly  
wounded, managed to crawl away with  
four bullets in him. Mr. Lawrence  
after him while Mr. Hickey decided to  
wait until his companion returned. He  
had only been waiting a few minutes  
when a big bear came along, which he  
secured with one shot.

Mr. Lawrence was unable to trace  
the wounded animal, but during the  
day three more were killed, all of  
which were a good size. One of  
them after it was wounded made an  
attack on the hunters, but Mr. Hickey  
tumbled it over with a club. All of  
the bears were killed in an area of  
less than five hundred acres. There  
is a good crop of beech nuts and the  
bears were feeding on them.  
When they started their hunt  
Messrs. Hickey and Lawrence only  
had nineteen cartridges altogether.  
Four of these were wasted on the  
bear that escaped and they brought  
five out with them, so that they must  
have done some splendid shooting. Their  
record will likely stand for a long  
while.—Marmora Herald

## HE'S BACK AT WORK STRO'G AND HEARTY

One More Splendid Cure by Dodd's  
Kidney Pills.

Quebec Man who Suffered for a Long  
Time from Kidney Disease Finds a  
Complete Cure.

Allen's Mills, Portneuf Co., Que.,  
Oct. 5th (Special).—Another splendid  
cure by Dodd's Kidney Pills is that  
of Michael Gauthier, a well known  
resident of this place. Mr. Gauthier  
was for a long time a sufferer with a  
pain in his head caused by kidney dis-  
ease, and at length got so bad that he  
had to quit work. Dodd's Kidney  
Pills cured him. He is back at work  
strong and hearty, and naturally he  
feels that he wants all who suffer  
from kidney disease to know that they  
can find a cure in Dodd's Kidney  
Pills.

For Dodd's Kidney Pills not only  
cure the pain or ache that is causing  
the most distress, they put the kid-  
neys in good working order and all  
impurities and poisons are strained out  
of the blood. The result is that new  
strength is carried to every part of  
the body. That's why so many suf-  
ferers cured by Dodd's Kidney Pills  
sum up their condition "I feel like  
a new man." New energy is new life.  
You can't have it without healthy kid-  
neys. With healthy kidneys you must have  
it. Dodd's Kidney Pills make healthy  
kidneys.

Lieut.-Col. W. N. Ponton, K.C., will  
evening address the annual Empire  
Night banquet of the Royal Arch Ma-  
sons of Toronto. He will also speak  
with Col. G. Sterling Ryerson, M.D., at  
the Red Cross association earlier in  
the evening.

## LIEUT. WILKINS ANSWERS CALL

Well known Belleville Young Man  
Receives Commission in Brit-  
ish Army.

The third officer to leave Belleville  
for active service is Lieut. Harold Os-  
wald Day Wilkins, aged 22 years, the  
son of Mr. F. W. Wilkins, civil engi-  
neer of Norwood. Lieut. Wilkins has  
been out along Rice Lake surveying  
with his father when the call came  
and he was not able to sail with his  
twenty companions (cadets) of the  
Royal Military College, Kingston,  
who have had the honor of receiv-  
ing commissions in the British army.  
Lieut. Wilkins has spent the most  
of his life in Belleville, having lived  
here with his aunt, Miss Wilkins,  
323 Albert street. He received his edu-  
cation in the Queen Victoria school  
and the Belleville high school and is  
well known in the city. Several years  
ago he left for the R.M.C., Kingston.  
In June of this year he graduated,  
and owing to the outbreak of war, a  
larger number of commissions than  
usual in the Imperial service has been  
given to Canadian cadets. The young  
lieutenant has been in the city pay-  
ing a hurried visit to his aunt and  
bidding her farewell before his de-  
parture. He left yesterday for Nor-  
wood, which he leaves tomorrow. He  
sailed on Friday for Liverpool and will  
join the Leicestershires at London,  
England.

## STAR COURSE OPENED MOST AUSPICIOUSLY

Fine Concert Last Night by Toron-  
to Entertainers

(From Tuesday's Daily).  
Last night was the date set for the  
opening of the Y. M. C. A. Star Course  
for the season of 1914-15. According  
to schedule the first concert was to  
have been given by the Swiss Yodlers,  
but as two of the company were Ger-  
man citizens they were refused admis-  
sion to Canada.  
The management of the course there-  
fore secured in their stead four of  
Canada's premier entertainers as sub-  
stitutes. The result was a program  
such as has not been heard in Bel-  
leville for years. The entertainers were  
Miss Marie Southall, violinist, Dr.  
Harvey Robb, pianist, Mr. H. Ruthvin  
Macdonald, baritone, and Mr. J. H.  
Cameron, entertainer.  
Dr. Harvey Robb, who is organist

of Bond Street Congregational church  
Toronto, is thought by many critics to  
be the finest piano player in Canada.  
Be that as it may, his numbers last  
night gave deep pleasure to the large  
audience that was present, and en-  
thusiastic encores followed his two ap-  
pearances. His numbers were "Alois"  
and "Liesl's" "Hungarian Rhapsody." In  
response to the last encore he played  
an intricate selection entirely with  
his left hand.

Dr. Robb's mechanical execution is  
perfect and his expression wonderful.  
He was however much handicapped by  
being compelled to make use of an  
instrument not adapted for concert  
work. He acted in addition as ac-  
companied for the evening.

Miss Southall rendered three lead-  
ing numbers "Concerto" by De Biorio,  
"Meditation" from "Thais" by Ma-  
saneset, and "Humoresque" by De Vieux.  
Both in technique and expression Miss  
Southall numbers were delightful.

Mr. Macdonald and Mr. Cameron  
are already so well and favorably  
known to Belleville audience that  
their work demands no criticism. It  
is sufficient to say that they fully sus-  
tained their past reputation. Mr.  
Macdonald sang "Out in the Deep"  
"It's a long, long way to Tipperary"  
and "The Call of the Motherland" in  
addition to graciously responding to  
cores. Mr. Cameron's numbers "mother  
England's Sons," "The Lion and the

Antelope," and "Daddy's Boy," and at  
each appearance he was vociferously  
encored.

### Thanksgiving Shoot.

The Belleville Rifle Club is making  
great preparations for an all day shoot  
at the rifle range on Thanksgiving  
Day, on Monday next. All the mem-  
bers are expected to take part in the  
competition, for which valuable prizes  
have been offered.

### Work Resumed

Work at the upper bridge repairs  
which was stopped yesterday because  
some of the men left work, was re-  
sumed this morning, four new men  
having been secured to cut and lay  
the stone of the pier.

### Died in Thurlow

David Goldsmith died in Thurlow  
yesterday, aged 74 years. The re-  
mains were taken to Trenton last  
evening.

Police circles were rather quiet last  
night. There was only one prisoner in  
the cells, a woman, accused of being  
drunk.

## The New Patriotism

There is more than one way of serving  
your country. We cannot all go forth to  
fight on the blood-stained fields of France  
and Belgium, but it is within everyone's  
power to help crush the monster that  
threatens Europe.

Modern warfare is a battle of resources, financial  
resources most of all.

Every dollar you spend for goods "Made in Canada"  
is increasing the wealth, the resources, of the Empire, it is  
giving employment to Canadian workmen, it is contributing  
to Canada's welfare, and it is supplying the sinews of war  
to Britain, it is helping to fight the enemy.

The new patriotism seizes every opportunity to help—  
the enlightened patriot insists that everything he buys be
