Coming Sale of Holsteins

There will be sold by auction about the middle of September at the farm of G. A. Kingston, Lot 1, Con. 4, Rawdon, as well bred Holsteins as can be found in Ontario. The herd comprises two daughters of the celebrated cow Princess Helene of Harlaam that sold for \$1,050, at the dispersion sale in Belleville in April 1914. Several more are closely connected with this cow.

Lady Kathleen Hengerveld, a three-year-old daughter of Princess Helene is showing signs of wonderful capacity for producing milk having given 1641 lbs. milk in a month as a two-year-old, milked only twice daily. Her sire is by the same sire as May Echo Sylvia, the world's champion milk producer, with record of 131 lbs. milk in one day, and 36.33 lbs butter in 7 days. His dam is also from the same dam as May Echo Sylvia mentioned above. Another two-year-old from the same sire will freshen just before the sale. The two cows mentioned above are bred to a young imported bull for which \$2,500 was paid, whose sire was sold by auction for \$10,000. A year-old daughter of Lady Kathleen Hengerveld is bred to the same animal.

The herd also includes two calves, a male and a female from the two daughters of Princess Helene.

Other cows of the same herd are Berta Hengerveld Posch, aged three Lady Pearl Hengerveld, Pride Pierette Mechthilde and Verbeile Una Hengerveld, all from the same sire as Lady Kathleen Hengerveld and of practically the same breeding on the dam's side. These three latter cows are 2-year-olds. These cows are bred to a young bull whose pedigree several hundred-pound cows figure. Three of the yearlings are bred to a son of Countess Rauwerd, the cow owned by Mr. G. A. Brethen, that is expected to produce 30,000 lbs. milk in one year.

Two yearling bulls, three male calves and four females will also be sold.

A catalogue of the sale will be issued about Sept. 1st. Send for one to G. A. Kingston, Campbellford.—Campbellford Herald.

FRUIT NEWS

Burbanks, Gages and Bradshaw Plums also Triumph Peaches are now at their best for canning. The thrifty housewife will put up more fruit this year than ever before—Plums with their numerous varieties present a change for table dessert which is not possible with any other variety of fruit. Peaches are especially favorable as a home canning and preserving fruit—easily preserved and delicious when served on the table. Grocers are quite willing to book orders ahead and householders should see their dealers in good time as this year is a home canning year if ever there was one.

Toronto Man's Experience

Mr. James J. Hickey of Toronto, who with his wife and two daughters was motoring in Picton, met with rather a thrilling experience at Port Hope. They missed the turn, it is stated, at the corner of Mill and Peter streets, and presently found themselves on the look. Mr. Hickey got out of the car to investigate their surroundings and in the darkness walked off the edge of the dock into the lake. His cry for help brought several young men and he was quickly rescued from his perilous position. He was well looked after by Capt. and Mrs. Colwill. Mr. Hickey and family remained with Mr. Colwill until the following day and then returned to Toronto.

Young Man Killed at Campbellford Power House

Manson Dewey, son of Mr. and Mrs. Thomas Dewey, Rear street, met with a sad death on Monday night about 10 o'clock at the Seymour power house. The cause of the accident is unknown, but it is thought that he was in the act of oiling a shaft and was caught in the gearing. To do the oiling it was necessary to climb a few steps and he may possibly have slipped on coming down.

The power house at the time was in charge of Mr. Ed. Shannon who gave the alarm. The body was terribly mangled. Doctors Macoun and Haig were sent for and on Tuesday morning Coroner Macoun empaneled a jury who viewed the remains at James Irwin's Furniture Store and also went to the scene of the accident to inspect the machinery.

The unfortunate young man was about nineteen years old and was a favorite among his young friends. The coroner's jury selected to look into the causes which led to the death of Manson Dewey spent most of Tuesday afternoon at the Seymour Power House collecting evidence.

The jury was composed of the following citizens: W. J. Armstrong (foreman), J. N. Kent, W. E. Carahan, T. A. Brown, P. Anderson, Duncan Kerr, Geo. Haig, Wm. Hume and R. Boyes.

Following is the verdict: That Manson Dewey came to his death while employed in the Seymour Power Co's plant No. 11, by accidentally becoming entangled in exposed gears while performing his duties as a foreman.

We strongly recommend that these and all other exposed gears in the plant be sufficiently protected at once.—Herald.

Captain Hodge May Lose Foot

Word has been received at Campbellford by Mrs. H. E. Hodge, that her husband, Capt. H. E. Hodge, who had the arch of his foot broken by being stepped on by a horse some time ago will lose his foot.

Capt. Hodge although suffering greatly from the injury went into the trenches and commanded his machine gun section under great difficulties. It is expected that he is now in a hospital in England where his foot will be amputated.

Everybody here recognizing the energy and courage with which Capt. Hodge has performed his duties will sympathize with him in his affliction. He will likely be sent home to recuperate.—Campbellford Herald.

Young Napaneean Wounded

On Saturday evening last Mr. Robt. H. Baker received a cablegram announcing that his son, Lieut. Herbert S. Baker, was in the hospital at the Dardanelles, and that particularly would be sent later. A Kingston despatch says: Lieut. H. S. Baker, of Napanee, reported as wounded at the Dardanelles, is well known in Kingston, having graduated from Queen's University with the degree of B.A. and B.Sc. Dr. W. L. Goodwin, Dean of the Faculty of Science, says: "When the call came last fall for engineers to go to the front, Mr. Baker was one of the first to enlist. He was given the rank of second corporal in Queen's Company. When he went to the front his ability as an engineer was recognized, and he was granted a commission in the Royal Engineers and later sent to the Dardanelles, where he now lies in one of the British hospitals."—Express.

Wellington Items

DESERONTO.

Aug. 24.—Word was received last night that Jack Presley had been drowned off the John Duncan on Saturday night at the "Ducks" during a gale. He resided on Dundas street, Mrs. Presley and her son, Mr. Stone, were taking a trip on the boat.

On Friday there passed away Mrs. John Tait, aged 96 years, after a short illness. She was remarkably smart until a few weeks ago. She is survived by her two sons, one daughter and several grandchildren. She had always made her home with her son John since the death of her husband, 55 years ago. The funeral was held on Sunday afternoon at St. Mark's church, of which she was the oldest member. Interment was in Deseronto cemetery.

T. J. Callahan of St. Louis, Mo., was the guest of Mr. A. Therrien and family recently.

Mr. Henry Wallace is making a great improvement on our line, painting his house.

Mrs. Eliza Wallace is spending a few days with her daughter, Mrs. Sam Shaw of Ivanhoe.

Recruiting is Brisk

As Port Hope is recruiting headquarters for this district with Maj. Wm. Farrell, Tyrone, in charge, little is known by the general public of the enlisting being done in Bowmanville.

The local officers of the 46th Durham Regiment report that during the past ten days thirteen men have enlisted at Bowmanville for Overseas service.

This makes a total of 140 men from Bowmanville which is an exceptionally good record when you consider that the entire district covered by the 46th Regt. has contributed 357 men.

In conversation with Maj. Farrell in Port Hope on Friday he reported recruiting activities as being very satisfactory. The above does not include the 30 or more men who have enlisted with the cavalry or mounted infantry from this district which would bring the total to about 170 men.

The greater majority of these men are unmarried as the local branch of the Canadian Patriotic Fund is at present paying monthly allowances to only nine wives and mothers of these men as well as seventeen children, all residing in Bowmanville. Were it not for such a fund as this some of these families would be almost destitute.—Statesman.

WANTED.

To rent a Steam-Traction Boiler of 15 to 20 horse power from four to six weeks. Would hire owner to operate same if desired. Enquire immediately. Lucius E. Allen, County Engineer, office, Standard Bank Building, Belleville. a15d&wt.

R. R. 2, Holloway.

VICTORIA.

The death occurred of Leonard Calnan on Thursday, August 19th at the home of his parents. Deceased was a bright young lad and favourably known in this vicinity. He was in his sixteenth year. The cause of the death was due to throat trouble.

The Sunday school and public school children regret his loss among them. He was a regular attendant at Victoria Methodist church and Sunday school. He has passed beyond and we all hope to meet him in that beautiful land. He leaves to mourn his loss his parents, Mr. and Mrs. David Calnan, two brothers, and five sisters, all married; the deceased being the youngest child.

The funeral took place at Victoria church on Saturday, August 21st, at 2 p.m. Interment at Albury cemetery. The bearers were all boy friends of the deceased. His death sent a gloom over the entire community. Rev. Edwards officiated, and former pastor Rev. C. S. Williams assisted. The floral tributes were beautiful.

We all enjoyed Rev. Morgan's splendid Missionary sermon on Sunday.

Now don't forget to come and see Rev. C. G. Williams give a lantern slide on the war on Thursday evening in Victoria church, August 26. In aid of the Red Cross work.

AMELIASBURG.

Miss M. Coley of Belleville, and Mrs. J. Farrell of Brighton, are visiting Miss Gladys Alvea.
