24 A. Morgan, to pay for

Somebody said "Figures do not lie."

Somebody else said yes, but "Liars do Figure."

When you meet people having engines to sell and each one of them tells you he has the best, and the other fellows is no good,

What Do You Say?

We say, and we honestly believe, we have the best engine value on the market to-day.

The "FULTON" Self Sparking

No Coils, no Batteries, no Timers. Burns Kerosene—A few drops Gasoline in Priming.

The "GRAY" 31-2 h.p. & 51-2 h.p.

A Lighter weight engine also burns kerosene, the best value in light weight engine on the market,

THE "FERRO"

This Engine is so well known that it needs no advertising, we have these in both the New and Old Style.

All the above engines are on Exhibition in our

Engine Department.

We leave it to you to say which is best.

A. H. MURRAY.
