

## BRANTFORD MAN ROBBED AT BORDER

Fake Customs Official Collected Money from Passengers on Train.

Buffalo, Sept. 13.—Seven passengers on a C. P. R. train from Toronto were victims of an unusual robbery as the train crossed into the United States yesterday. The train had been stopped for the customs inspector when a man walked into one of the coaches and began questioning the passengers. Of Mrs. Jessie M. Ardill of New York city she demanded: "How much money have you got?"

Mrs. Ardill opened her purse and the man counted \$110. He returned \$65 to the woman, saying he would have to keep the remainder as a "deposit." He wrote a receipt for the money as "paid over to the United States customs at Buffalo."

In like fashion the man got \$38 from Edward Crockett of Brantford, Ont. Five others in the car also gave up money, but their names were not obtained by the police.

The robbery was not discovered until the train pulled into the Buffalo station, when Mrs. Ardill asked the conductor what she should do with her receipt. The passengers gave a good description of the man, who they had supposed was a customs official.

## Pte David Lyle is Returning

Word was received in the city yesterday that Pte. David Lyle of the 4th battalion had landed at Halifax on the way home from the front, where he had spent several months. Pte. Lyle, who is a married man, residing at 233 Drummond St., enlisted for active service in Brantford in June of 1915, becoming attached to the 58th battalion. He was later sent overseas with a draft to the 4th battalion, being accompanied by his brother, Wm. Lyle, who enlisted here at the same time.

Pte. Lyle is the third Brantford man of the 58th battalion to be invalided home, the others being G. W. Broomfield, Sheridan street, who returned to the city in July last, and Capt. the Rev. C. E. Jenkins, who arrived home last night.

The cruiser Memphis was lost because she did not have up steam, according to witnesses who arrived in New York from Santo Domingo. Ramon Bon, of Los Angeles, known as "the poor little rich girl," has been married to Cole Parker, son of a wealthy Anderson, Ind., banker.

## SUB POLICY STILL REMAINS SAME

Hindenburg Has as Yet Effected No Change—Food Troubles Supreme.

By Courier Leased Wire.  
Berlin, Sept. 12.—via London, Sept. 13.—12.40 p.m.—The weeks which have passed since the appointment of Field Marshal Von Hindenburg as chief of the general staff have been marked by almost complete cessation of the discussion in regard to resumption of submarine warfare on the old or a more vigorous basis. Non-partisan newspaper observers, who are in touch with leading statesmen and politicians express that for the present at least there will arise no question of a change in submarine policy. The administration of Chancellor Von Bethmann-Hollweg now feels itself fully in control of the situation in this respect. The controversy over the methods employed in connection with the food dictatorship has now supplanted the submarine issue in the Conservative and other newspapers which are opposed to the chancellor.

## 17 ENGAGEMENTS IN AIR FOUGHT

By French on Somme Front Yesterday—Station of Guiscard Bombed.

By Courier Leased Wire.  
Paris, Sept. 13.—Numerous aerial engagements and raids by French aviators on points behind the German lines are reported in the aviation section of to-day's War Office statement which says:

"On the Somme front our aeroplanes fought 17 engagements yesterday. Two German machines were brought down, one in the direction of Aizecourt and the other in the neighborhood of Moislains, northward and northeastward of Peronne. Four other enemy machines appear to have been badly damaged."

"Last night our bombardment squadrons dropped a large number of bombs. Eighty-seven bombs of 120 millimetres were dropped on the railroad station and small buildings at Guiscard, where two explosions followed by fire were noticed. Twenty-four bombs were dropped on the railroad station at Roisel and on depots at Hendicourt. Seventy-four bombs were dropped on enemy installations in the region of Etain, thirty-two on bivouacs in the region of Damvilliers and six shells on Montmedy station."

"During the same night one of our bombing groups carried out the following operations:

"One hundred and five bombs were dropped on the Thionville station, sixty on the Uckange iron foundries and during the bombardment one of our machines covered the distance to the scene of the operations twice. Six bombs were dropped on iron foundries at Rombach and six on the railroad from Metz to Pont-a-Mousson."

**GERMAN OFFICIAL.**

## IN HALF AN HOUR

The French Forces Seize the Entire First Lines.

And Also Capture Some Fifteen Hundred Prisoners.

London, Sept. 13.—With the swiftest assault yet recorded in the Somme battle, the French yesterday captured the whole system of German first line trenches between the region south of Comblès to the Somme, accomplishing the feat in less than half an hour.

Without a moment's halt they followed up this success and vigorously pushed forward to the east, reaping the fruits of their initial blow. They took the strategically important Hill No. 145 and captured the whole of Marrières wood.

Hold all Trenches to Peronne-Bethune Road.  
The end of this whirlwind attack saw the French in complete possession of the Teton trenches as far as the Peronne-Bethune highway, which they are now menacing, having pushed their lines within a short distance of it, parallel to the Rancourt-Bouchavesnes sector.

Further south they advanced their front to Ridge No. 76, west of Peulancourt. Yesterday's successful drive adds ominously to the menace of Peronne. It netted the French 1,500 prisoners.

South of the river there was no infantry action yesterday. Nor did the British resume the offensive on their part of the front north of the Somme. The Germans throughout last night played their big guns against the British sector between Delville wood and the Mouquet farm. Berlin officially admitted yesterday that Ginchy village was lost to the British yesterday morning.

## The X-Rays on Trojan John

Boston, Sept. 13.—Captain Evers of the Braves yesterday the X-ray, discovered that the tibia which has bothered him for months has been caused by a that never came through, and is now covered by a false tooth will have the false tooth removed and the covered tooth extracted.

The Senators won a sensational-inning game from the Red Sox by a score of 4 to 3. Boston scored two runs in the seventh the result of an error, but went out in the ninth the locals took count and knocked Ruth out of the box. Boston scored again in the fourth on four infield hits. In the sixth half Smith's single tied the score. Scott's fumble then let in the winning run.

The Leafs are back in action this morning by the narrow margin of one point in the percentage. Islanders may yet beat the Leafs place honors. The Islanders have edged up the pennant again, an age Donovan is being mentioned as a probable successor to Bill C. should the latter retire at the end of the season. Donovan is not without big experience as player and manager.
