

"I SUFFERED SEVEN YEARS"

Was Eventually Cured by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered for seven long years with a lame back, irregularities and pain. I had one physician after another but they did me no good. I read about Lydia E. Pinkham's Vegetable Compound and gave it a trial and in a short time I felt benefited and am now feeling fine and without weakness or pain. Many of my friends have also taken Lydia E. Pinkham's Vegetable Compound and been helped by it."—Mrs. MARGARET NESS, 1846 E. Hazzard St., Philadelphia, Pa.

A DISLIKE FOR FOOD

Victims of Indigestion Often Dislike the Sight and Smell of Food

Every healthy man and woman should have a natural desire for food at meal times. This means that the digestion is in working order and that the blood is in good condition. But if you feel a dislike for food— if the sight and smell of wholesome food repels you—then you may be sure that all is not well. If after a night's rest you have no appetite for breakfast, your digestion requires attention. If your food is distasteful or if you feel that it is a trouble to eat, your stomach is rebelling. You do not digest properly the food you are taking and therefore are not hungry.

All these symptoms of a disordered digestion mean that the blood is not absorbing proper nourishment from food and imparting it to the system. The stomach tries to refuse food the nutriment from which the blood cannot absorb, and this causes the lack of appetite. If you force yourself to eat the undigested food becomes a clog to the system. Nature is warning you. Dr. Williams' Pink Pills alone give the blood the richness and purity that it requires to perform its natural function. That is why Dr. Williams' Pink Pills cure the most obstinate cases of indigestion—why they will cure any trouble due to poor blood. Miss Lizzie Ashton, Thamesville, Ont., says: "I suffered for years with stomach trouble. At times the distress was so great that vomiting would follow and there was always severe pain after eating. I tried several remedies but they did not help me. On the contrary the trouble was growing worse and so bad at last that I could not keep anything on my stomach. Finally I began using Dr. Williams' Pink Pills, and gradually the trouble began to leave me, and I regained in all respects my customary good health and enjoyment of food. I make this statement voluntarily so that others may know of the wonderful results that follow the use of this medicine.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

LABOR BUREAU MAY BE CREATED

Central Exchanges Likely at Ottawa and Winnipeg

AFTER CONFERENCE Scheme Which Will Likely be Adopted to Mobilize Workers

Ottawa, Jan. 21.—Central labor exchanges to be operated by a Federal commission, possibly at Ottawa and Winnipeg, and provincial labor bureaus to be established by provincial Governments will, it is said, likely be the result of the conference of representatives of organized labor and of agriculture here during the past week. A committee of the agricultural conference will be named, it is said to meet the labor men from all the provinces of Canada, who will assemble in the capital on Jan. 29th and to work out details of the scheme already formulated.

The labor delegates, it is understood, objected to any conscription of labor, and to fixing of maximum wages, although they were not opposed to certain regulations in the present situation. Hence it was decided to adopt a system whereby the supply of labor available in the country for agriculture and for industry may be gauged without conscription in such a manner as to meet the demands for it.

Hitherto labor bureaus have been local in their operations, and have situated within their own districts only.

Supply of Workers Sufficient

Both labor men and agriculturists here last week agreed that there was a sufficient supply of workers in the country if an organization capable of applying it where needed was created.

Therefore it is proposed that applications from persons desiring to secure labor be filed with the central exchanges or provincial bureaus or with local postmasters who will forward them to the nearest provincial office. The central exchanges will be in a position to inform employers where men can be obtained and workers where their labor is required. Further, the central exchanges will play an important part in dealing with the supply of help for the harvest fields. They will apportion the men to the districts which requires them.

Runaway

Considerable excitement was caused on Saturday afternoon when a runaway horse, attached to an empty cutter, escaped rapidly up the sidewalk on Dalhousie street, from the direction of Market. The fugitive was finally brought to a halt with little damage done.

THE MERCHANTS CORNER

We've all heard of W. F. Young's "Absorbine." Young first made "Absorbine" when he was manager of a branch piano store and he prepared it entirely for his own use. He then began to supply some to his friends and there was soon such a demand for it that he had to give it his entire time. Of course he started to advertise. In the first year his sales more than doubled. He has continued to advertise, and his sales have grown until now they are more than 1000 per cent greater than when he started to advertise, ten years ago.

ACCEPTS CALL

Over the long distance telephone on Saturday night, the Rev. C. S. Oke of Toronto intimated that he had accepted the call to Alexandria Church. His induction will take place on Wednesday evening, January 20th, when the Presbytery of Paris will be present.

TO REGAIN HEALTH CLEANSE THE BLOOD

When your blood is impure, weak, thin and debilitated, you cannot possibly enjoy good health. Your system becomes receptive of any or all diseases, and germs are likely to lodge in some part of the body. Put your blood in good condition, and do so at once.

Who hasn't heard of Sterling-Seven-Point-Gum?

Who hasn't heard of Sterling-Seven-Point-Gum? See you have always known it—yet, as a matter of fact it has not been on the market more than two years and to-day there is hardly a village or hamlet in America where Sterling is not sold. Advertising in 412 daily newspapers in 304 cities and towns was the motive power that placed the new gum in national use.

SNOW NO IMPEDIMENT TO CONSTANT BOMBARDMENT BY BRITISH HOWITZERS IN FLANDERS. The elements are the foes the British have to fight in Flanders, but they are not capable of stopping the British attack. The powerful British howitzers keep up an incessant bombardment, despite the snow and cold weather now prevailing in Flanders. In this official photo British howitzers are shown in position in the front lines pounding the Germans in Flanders. The shells used for the howitzers can be seen laid out around the gun in the foreground. The desolate appearance of the country is made even more barren looking by the snow and ice.

BRR. U. S. SHIVERS

(Continued from Page 1.)

ally were unattended, great department stores closed their doors; hundreds of factories and small businesses were idle. All the transportation lines in the city and counting service were run on holiday schedules. Food stores were open, as were specially exempted industries, many of them operated on a restricted basis.

The Allies were allowed to remain open, but they must close tomorrow. The New York Stock Exchange opened for business—without heat—and banks did business as usual. Saloons were privileged to open until sunset on condition that they did not use either fuel or light. Local fuel administrators even forbade the use of lamps, lanterns or candles as substitutes for gas or electricity.

In enforcing the order, a special force of detectives under United Marshal McCarthy, was detailed for duty, assisted by volunteer workers from various federal and city departments. The authorities were prepared to institute proceedings promptly against violators of the orders.

The advent of colder weather had a discouraging effect on the transportation officials, who have been making almost superhuman efforts to relieve freight congestion and to bring more coal into the city. The increasing ice menace in the harbor has held up hundreds of coal laden barges from tidewater. To add to the problem, nearly fifty per cent. of the tugs in the harbor have been temporarily put out of commission by ice damage. While there has been a steady flow of cars to terminals, much of the coal is frozen, necessitating thawing before it can be used.

Washington, Jan. 21.—General observation of the headless money was reported throughout the country.

Many railroads were assisting in the effort to supply homes and transatlantic shipping with coal, and were Pennsylvania Railroad was being moving little general freight. The as to instruct its agents to receive no freight for shipments at any of its stations.

Coal and food were virtually the only commodities moving west from a small amount of necessary supplies.

The volume of coal reaching seaboard for bunkering ships was steadily increasing. Cold weather continues to interfere with railroad operation, but the effort to keep coal and food moving will, it was said, materially improve the situation.

CHICAGO LIVE STOCK.

Chicago, Jan. 21.—Cattle receipts 20,000; market, weak; beefers \$8.40 to \$13.75; stockers and feeders \$7.00 to \$10.80; calves, \$9.00 to \$16.50; hogs, receipts, 48,000; market slow; light, \$15.70 to \$16.65; mixed, \$16.10 to \$16.80; heavy, \$10.10 to \$16.80; rough, \$16.10 to \$16.25; pigs, \$12.75 to \$16.30; bulk of sales \$14.40 to \$16.75; sheep, receipts, 20,000; market, weak; wethers \$9.75 to \$13.35; lambs, \$14.50 to \$17.35.

KEEPING WELL DURING THE WINTER

Don't let your blood get thin this winter. For people who have a tendency toward anemia—which means bloodlessness—winter is a most trying season. Lack of exercise and fresh air, being too constantly indoors, combine to lower the tone of the body and deplete the blood of those elements necessary to vigor and good health. As soon as you notice the tired feeling, lack of appetite and shortness of breath, that are the warning symptoms of poor blood, take a short treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your face, until your eyes become dull, until you feel weary or less after the least exertion. It is much easier to correct thinning of the blood in the earlier stages than later. Dr. Williams' Pink Pills build up and enrich the blood and strengthen the tone of the nerves. In this way the general health is improved, the appetite increased, digestion strengthened and new ambition and energy developed. Then work becomes easier because it does not cause exhaustion. You can keep your system at the highest efficiency by the use of Dr. Williams' Pink Pills, the great blood builder and nerve tonic. You can obtain these pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BRITISH CASUALTIES.

By Courier Leased Wire. London, Jan. 21.—British casualties reported in the week ending today were 11,043, divided as follows: Killed or died of wounds, officers 75; men, 2,277; wounded or missing, officers, 213; men, 14,777. These figures represent a decrease of nearly 8,000 from last week, when 24,979 casualties were reported, an unusually high total for this time of the year. Two weeks ago the figures were 18,998, and three weeks ago, 9,951.

Mrs. Witherspoon has been called to Brantford owing to the illness of her mother, Mrs. Cook.—Simcoe British-Canadian.

BLAZE IN KITCHENER.
By Courier Leased Wire. Kitchener, Ont., Jan. 21.—A disastrous fire was narrowly averted about six o'clock this morning at Kitchener-Waterloo Hospital by the heroic work of the staff and nurses and the quick response of the fire department. The blaze was discovered in the clinic room on the first floor, which rapidly spread to the third floor. The nursing staff was successful in removing thirty patients to the nurses' home nearby without any panic. The fire was under control shortly after the arrival of the firemen. The damage is between \$3,000 and \$4,000, covered by insurance.
