Norwegian Barque And
Crew Go Down At Red
Island

ANOTHER SEA TRAGEDY

Quebec, Nov. 22.—Capt. Chas. Koezig of the Canadian Government steamer Bruid, which arrived yesterday morning from the Lower St. Lawrence, tells of the loss of a vessel, together with her crew, at the southeast reef of Red Island. The vessel is believed to be a barque, and to have been loaded with lumber at River du Loup.

Capt. John Ryan of the Red Island lightship saw the vessel leave her anchorage ground at Cacouna on Thursday last, previous to the wind springing up. On Thursday evening she was not seen again until after the snowstorm abated, when Capt. Ryan saw the stern standing up, a portion of the stern being above water on the southeast reef of Red Island, inside of the buoy.

The impression is that all of the crew perished with the vessel, as no trace of them has been found.

The operator at Father Point wires that the steamer Savoy, outward bound, states that the barque is a Norwegian vessel which loaded at River du Loup.

A BUILDING WRECK

Collapse of Kodak Structure At Rochester Finds Many Victims.

Rochester, N. Y., Nov. 22.—A fatal accident occurred yesterday forenoon at Eastman Kodak Park Works on the Charlotte Boulevard, in which three men were killed, eight seriously injured, and six slightly injured.

James Burns of Rochester, Earl Cleveland of Auburn and B. C. Casemack of Rochester.

The men were at work on a scaffold near the top of a two-story building. The probable cause of the accident was the removal of the supports of the steel flooring before the concrete had properly set.

About twenty men were on the upper floor when it gave way. The roof and walls toppled in with a crash.

The men were hurled into the debris, falling about forty feet.

Coroner Killip yesterday afternoon preferred a charge of manslaughter in the second degree, and criminal negligence against Wm. Costello, foreman in charge of the construction.

Boy's Skull Crushed.

Kenora, Ont., Nov. 22.—A horrible accident happened yesterday afternoon. Little George Esselmont, the ten-year-old son of Roadmaster Esselmont, was instantly killed. The unfortunate little boy was riding on the runners of a heavy sleigh, when his head was caught between a post and the ponderous sleigh box, which crushed the skull so that death was instantaneous.

Ten Hurt In This Wreck.

Buffalo, Nov. 22.—A Buffalo, Rochester & Pittsburgh train, eastbound, was wrecked at Coelden, 30 miles west of here last night. Ten of the passengers were injured. The train was running at 30 miles an hour when the baggage car and two day coaches jumped the track and toppled over in the ditch. The engine remained on the rails.

27 Hurt In Collision.

Mobile, Ala., Nov. 22.—A head-on collision between two passenger trains on the Mobile and Ohio is reported near Dwight, Ala. Twenty-seven are reported injured, one fatally.

Accidentally Shot.

Lumsden, Sask., Nov. 22.—Yesterday morning, while Robert Smart, nephew of Charles Sheriff, was cleaning a rifle, the shell accidentally exploded, and the bullet entered his abdomen, death resulting at noon. He was 20 years old.

Five Hotel Fire Victims.

Regina, Sask., Nov. 22.—Another body has been recovered from the Windsor Hotel ruins, making the number of known dead up to five, namely, the Muscotte brothers, Robert Johnston, W. N. Robinson and the unknown found Tuesday night.

OCEAN LINERS COLLIDE

Cherbourg, France, Nov. 22.—A despatch received here reports that the North German Lloyd steamer Kaiser Wilhelm der Grosse, which left Southampton and Cherbourg for New York yesterday, was in collision with the royal mail steamer Orinoco.

Both vessels were severely damaged. It is declared that four members of the crew of the Kaiser Wilhelm were killed, while 12 were injured.

Five members of the crew of the Orinoco are missing and are supposed to have been drowned.

The Orinoco left Southampton yesterday for West Indian ports and New York.

THE REASON.

What's your objection to the farm, mister.

The land appears to be sunken.

Oh, that's owing to the crops allers being so heavy.

Parliament Is Opened ; Speech From The Throne

General Prosperity and Growth of Agricultural and Industrial Wealth Dwelt Upon—Program For The Session

Ottawa, Ont., Nov. 22, 1906. Hon. Gentlemen of the Senate: Gentlemen of the House of Commons: In opening the third session of the tenth parliament of Canada, I avail myself of the opportunity to offer you my congratulations on the unparalleled prosperity prevailing in all parts of the Dominion. The harvest has been abundant, and the trade with both British and foreign nations continues to expand; to be annually increasing in volume; with every prospect of continued growth for many years to come.

The number of immigrants seeking homes in Canada continues yearly to increase, and is very satisfactory. The number coming from the British Isles during the past season is larger than that of any former year.

During the recess following the last session I visited the western provinces, and I was much gratified to note the great advance that is being made in the development of the vast resources of these highly favored sections of the Dominion.

I found the people of the west rejoicing in their prosperity, and full of hope and confidence in the future growth of its agricultural and industrial wealth. The census recently taken in the Provinces of Alberta and Saskatchewan shows that these provinces are now entitled to an increase in their representation in the House of Commons. A bill giving effect to that provision will be submitted for your approval.

In accordance with the announcement made in a previous session, you will be asked to consider a bill for the revision of the customs tariff. The sanction of parliament will be required to give legal effect to the treaty made with the Empire of Japan, and a bill for that purpose will be submitted for your approval.

The program shown at the recent international exhibition held in the city of Milan proved a great attraction and, as a result, it is confidently believed our trade with Central and Southern Europe can be materially increased. The moral authorities having relinquished the use of the dock

yard at Halifax, a proposal was made to transfer it to the Government of Canada. This offer has been accepted, and the dock yard will now be used by the Department of Marine and Fisheries as a base for its operations in connection with aids to navigation. Many immigrants having been induced to come to Canada by false representations made in the United Kingdom at the request of the Minister of Labor, a clause has been added to the Merchants' Bill now before the Imperial Parliament for the punishment of any person who may be found guilty of that offence.

The accounts of the past year will be laid before you. I am glad to say that the revenue has now a large expansion and has now only provided for ordinary expenditures, but has also to a great extent provided for the outlay on capital account. The estimates for the coming year will be laid before you at an early date.

Hon. Gentlemen of the Senate: Gentlemen of the House of Commons:

A united application on having been received by my Ministers from the Government of the several provinces asking for an increase in the provincial subsidies, a conference was recently held when the reasons for granting additional aid were fully set forth and discussed. Resolutions based on the conclusions reached by my Government will be submitted for your consideration. Bills will be laid before you amending the Election Acts; Post Office Act, the Dominion Lands Act, a bill for the more effective supervision and inspection of Canadian canned food products, and a bill relating to the sale and manufacture of patent medicines, and also a bill to make better provision for dealing with juvenile delinquents.

It is hoped that the report of the Commission appointed to inquire into the work of insurance companies will shortly be completed, when it will be laid on the table.

The subjects I have mentioned will, I hope, receive your best consideration, and the measures to be submitted for your approval will tend to the well being and good government of our fair Dominion.

U. S. Is Urged To Protect
15,000 Miles Of Coast
Line

New York, Nov. 22.—A meeting of the Naval League, maritime section, was held yesterday afternoon to urge an improvement in the condition of the naval reserve, and a greater navy for the United States.

Former Police Commissioner McAdoo and Gen. Horace E. Porter addressed the meeting. Mr. Porter declared that the country was on the firing line between Asia and the new world, and that it was absolutely necessary to have a large navy to protect the United States' Philippine interests.

The speaker asserted that Japan, the leading power of Asia, would, sooner or later, reach the Philippines. Under the Monroe Doctrine, the United States, he said, had 15,000 miles of coast to protect, which could not be done with half a navy.

"CHRISTMAS IN NEW YORK."

The Lackawanna Railroad will run another of their popular fifteen (15) day excursions to New York on December 14th. Round trip from Buffalo \$9.00.

The stores are at their best just before the "Christmas Holidays." Christmas gifts are there in lavish display; theatres have put on their newest plays; it is the climax of the Winter Season in the most wonderful city in the world.

MY SPECIALTY IS CHILDREN'S FEET

I have given the fitting of children's feet my personal attention ever since I have been in business. The result is I have got the children's trade in the city, and it is growing every day. There isn't a careful mother hereabout who does not come here as soon as she knows that I make a specialty of fitting children. It is true economy, too, for my shoes wear longer, keep their shape better and look nicer than cheap shoes carelessly fitted.
