The anniversary number of the Acadia Athenaeum has reached our table. It contains a large amount of interesting matter with many fine illustrations and is an intensely interesting paper.

A special meeting of the R. A. E. Club will be held at the home of Mrs. Mitchell, Westwood avenue, on Monday evening. A large attendance is requested as important business is to be discussed.

A report to the National Grand Lodge of Canada, I. O. G. T., by J. V. Jackson, national secretary, showed 145 lodges divided as follows: Alberta ten, British Columbia twenty-five; Ontario thirty-six; Manitoba and the Northwest, fifty-six; Nova Scotia leading with 5,352.

Rev. E. D. Webber, pastor of the Baptist church, is now away on his annual vacation, accompanied by Mrs. Webber. On Sunday last the pulpit was occupied by Rev. Brebant, of New York, a graduate of Acadia of the class of '07. Next Sunday it is expected that Mr. Arthur Chute will be the preacher.

Messrs. J. H. Hicks & Sons, Bridge town's progressive building contractors and manufacturers, have the contract for the construction of a new 500,000 warehouse 150 feet long, to be erected at New Minas for the New Minas Fruit Co., of which Mr. Ernest Johnson of Greenwick is president.

Prof. Haycock has been successful in getting a fine well on his farm at Lower Wolfville. The well is about 270 feet in depth and has a capacity of between eight hundred and a thousand gallons per day. The water rises to about forty feet from the surface and is easily pumped. The quality of the water is excellent and the supply abundant.

The rain storm which began on Sunday night and continued for forty-eight hours was the heaviest experienced here for a long time. Nearly five inches of rain fell and settled pretty effectively the question of water supply. The rain was much needed as the season has been a very dry one. The farmers got a severe setback in their haying operations but on the whole the country will be very much benefited.

The government ditching machine has been at work during the past week or two on the property of the Wolfville Fruit Lands Improvement Co. The ditcher, we understand, will be operated in different parts of the county and will give our farmers a most important branch of work done at a very moderate cost. Those who have seen the machine in operation are much pleased with the manner in which the work is done.

WANTED.—A couple to occupy large, pleasant room with board. Apply to Box 126, Wolfville.

Mr. S. B. Chute, manager of the Central Co-operative Association, informs the Outlook that the first shipment of apples will probably be made by the association about Sept. 10th. Shipments will probably begin from Annapolis about Oct. 1st, and at least five steamers will be loaded at that port during the season. Mr. Chute estimates the yield this year at about one-half that of last season or at a million barrels. His own orchard now includes 220 acres and the crop prospects are splendid.
