He advocated taking a piece of land which was free from weeds and setting it apart for seed growing. In many instances seed was taken from many instances seed was taken from seeds bought from someone else from seeds bought from someone else and so weeds were multiplied. Hand selection of the best heads from a selection of the best heads from a crop was also strongly urged, and he said it would mean an increase of ten bushels per acre and a carres ponding advance in price.

Jamaican Lady Speaks Highly of Cham-berlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies Islands, says that she has or some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implied confidence in it and would not be without a bottle of it in her home. Sold by all druggists.

The facts are that it contained but three and one-half grains of that druggists.

Third, The Coroner also stated to to the Jury that fifteen drops of this contained but three and one-half grains of opium.

A question was asked about brome grass, and he said it, was a good grass but western rye was gaining many favorites. Clover was going to be the salvation of the farmers of

Raymond, where 300 were present.

Mr. Clark would like to impress upon the farmers the necessity of being sharp on time for their lectures at the different points, which are started promptly on time.

The trip will last until March 1st, when it ends at Swan River, the return trip being made over the Canadian Northern.

The train left for the north last night about 23 o'clock, the party being joined here by Dr. Fletcher, of Ottawa, and Secretary Peterson, of rape.

Mr. Mitchell hoped that the gentle-men who had come from the east would make regular trips as he ap-preciated fully the advantages of their lectures.
