

THE

ouche On Behalf Of The
Scott Act.

SIGNATURES SECURED.

But Vote Will Probably Not Be
Taken Until Next
March.

For some time past a petition to the governor-in-council asking for a petition against the adoption of the Scott Act has been in circulation throughout the county, since the Campbellton Events. The result of a meeting of temperance workers held during the summer, when a committee was appointed to prepare and circulate a petition, Rev. H. E. Thomas, pastor of the Methodist Church, was the chairman of the Committee, which was composed of citizens of the town, and to him fell the greater part of the work in securing the signatures. At a meeting of those interested in the temperance cause held on Monday evening in the Temperance hall it was reported that a few more than the required number of signatures had been obtained, and it was decided that the petition be forwarded the governor-in-council at once. According to the Act the petition must remain on file for inspection for sixty days, at the expiration of which time the governor-in-council must reply, so that if a vote is allowed it will probably not take place before next March.

**DRUGGING WON'T CURE
CATARRH**

All the medicine in the world taken to the stomach won't cure catarrh, and it is useless to spend money on pills, lozenges and liquid remedies. Catarrh is disease of the nasal passages, throat and bronchial tubes. Stomach medicine can't reach these parts. It is only fragrant healing Catarrhozone which is breathed in through the air passages that reaches the throat and bronchial tubes. No failure has been known if Catarrhozone was used. It heals and doesn't irritate; it soothes, kills the germs and therefore cures. Use of Catarrhozone the one certain cure. 25¢ monthly treatment \$1.00 trial size 25¢.
