

WOULD GO FROM HOUSE TO HOUSE

Tennessee Farmer Wants To Go From House to House and Tell Everybody About Tanlac.

"If I were not so busy with my farm work, I would go from house to house and tell the people about Tanlac," said A. J. Livingston, a well-known farmer, living near Ashland City, Tenn.

"I had stomach and kidney trouble and suffered torment with my back and side. The doctors could do nothing for me so I wrote to a friend of mine in Nashville about Tanlac and he advised me to try it, saying he had heard so many favorable reports about it and sent me a bottle.

"After taking the first bottle I felt much better that I ordered another bottle for myself and the result is I am a well man. I told a friend of mine about it and ordered a bottle for him and he had good results. I can eat anything I want and it don't hurt me and can sleep like a log. To tell you the truth, I just simply feel like a new man and have more energy than I have had in years. It is simply the greatest medicine in the world. I would like to see all of my friends and get those who are suffering to try it and I hope you will reach them through this testimonial, which I have gladly given."

Tanlac, the celebrated medicine, which accomplished such remarkable results in this man's case, is a wonderful tonic, appetizer and invigorator. It builds up the system, creates a healthy appetite, promotes digestion and assimilation of the food and makes you feel strong, sturdy and well as nature intended.

BOOM ROAD NOTES

Boom Road, July 16—A supper and ice-cream social was held in our school house June 30th Thursday evening. A large number attended. \$105.00 was cleared.

The Misses Greta Howe and Mary McAllister are visiting relatives in Newcastle.

Mr. Hiram Allison is visiting at his home here after spending the past two years in Ontario.

Mrs. Albert R. Jardine and two children Ruth and Albert of Boston, Mass. are visiting Mr. John C. Jardine.

Miss Dora Sheard is spending a few weeks with Mrs. Irvin Sutherland.

Miss Annie Connors of St. John is visiting her parents here.

Miss Bernetta Keating of Newcastle is visiting relatives here.

Mrs. Annie Hayre of Whitneyville has returned home after spending the past few months with her daughter Mrs. John Stewart.

Mrs. Burton O'Shea and little son Joseph are spending the summer months in Campbellton.

Mrs. William Walsh and two children Edward and Mary spent Wednesday afternoon with Mrs. David Mutch.

Miss Lottie M. Jardine is visiting her sister Mrs. Edward Menzie of Newcastle.

Mrs. Benj. Allison's many friends regret to learn that she is seriously ill.

Mr. and Mrs. Lyman Mullen and family of Bridgetown spent Sunday evening with Mrs. James Matchett.

Miss Jennie Mullen is spending the holidays at her home here after teaching the previous term in Wayerton.

Messrs. Harvey Allison and Wilbert Stewart are home from Campbellton for the haying season.

BLACKVILLE SCHOOL CLOSING EXERCISES

The closing exercises of the school in District No. 5 Blackville was held in the afternoon of June 29th.

The pupils of the different grades were reviewed in the work done by them during the year and they acquitted themselves in a manner which showed they had been trained and taught very thoroughly. After the Review of the School Work a very pleasing programme consisting of music, recitations etc was carried out. A large number of the parents and the visitors were present and all expressed themselves as being well pleased with the work of the school, but regretted that the teacher Miss Warren was leaving their school at the close of the term.

The following prizes were awarded as follows:

For highest marks made on monthly examinations during term:

Grade I.—Harold Crawford 1st Prize awarded by Miss Warren.

Grade II. (a)—Lucy Jardine 1st prize awarded by Miss Warren

Grade II. (b)—Currie Underhill 1st Prize awarded by Miss Warren.

Grade III.—Helen Smith 1st prize awarded by Mrs. B. N. Underhill.

Grade IV. (a)—Eileen Underhill 1st prize awarded by Miss Warren.

Grade IV. (b)—Mildred Underhill 1st prize awarded by Miss Warren.

Prizes for best deportment—Emerson Smith 1st prize awarded by Miss Warren.

Prizes for highest standing—Doris Underhill 1st prize awarded by Mrs. A. M. Underhill

Jessie Underhill 2nd prize awarded by Mrs. B. N. Underhill.

Max Underhill 3rd prize awarded by Mrs. Isaac Underhill.

After the presentation of the prizes the following address was read and the teacher was presented with a beautiful manicure set, the gift of the parents and scholars of the district. Dear Miss Warren,

It is with feelings of deepest regret that we learn that you are about to sever your position with us, as teacher. During the years you have been with us, you have been ever faithful and interested in everything that went to promote the schools best interests.

You have by your unflinching perseverance and work helped very materially to assist in the work of improving and beautifying both school grounds and school buildings. The thanks of the whole district is due you for this alone. Then you have been even more zealous in your school work which has been of a very high standard. The high state of efficiency to which you have brought the school bears testimony to the excellence of your work as a teacher.

We, both as people and scholars, feel that we are sustaining a very real loss in your departure.

We, also wish to express our appreciation of all your interest in us, and for us, in some more tangible form, so we ask you to accept this gift as a small memento of our esteem and love. Though not of great value it is rich in good wishes.

We shall always look back with pleasure to your work among us. You will carry with you the best wishes and highest esteem of both the people and the pupils of this District among whom you have labored so earnestly and conscientiously for so long. We hope that you may long be spared to do equally effective work in some other school.

Now as we say good-bye we wish you a very pleasant vacation and continued success during the coming

WELCOME RELIEF FROM ECZEMA

Complete Treatment That Gives Gratifying Results

WASING, Ont.

"I had an attack of Weeping Eczema so bad that my clothes would be wet through at times.

For four months, I suffered terribly, I could get no relief until I tried 'Fruit-a-lives' and 'Sootha-Salva'.

Altogether, I have used three boxes of 'Sootha-Salva' and two of 'Fruit-a-lives', and am entirely well."

G. W. HALL.

Both these favorite remedies are sold by dealers at 50c. a box, 6 for \$2.50, or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

"Fruit-a-lives" is also put up in a trial size which sells for 25c.

DATE FIXED FOR PROHIBITION VOTE

The official proclamation, fixing Monday, October 10, as the date for the plebiscite on the importation of liquor into New Brunswick has been gazetted. The polls will be open from 8 o'clock a. m. to 6 o'clock p. m. Returning officers for the various electoral districts are named as follows:

Charlotte—Harry M. Webber, St. Stephen.

Gloucester—Martin J. Robichaud, Shippegan.

Kent—George A. Hutchinson, barrister, Richibucto.

Northumberland—Charles E. Fish, Newcastle.

Restigouche and Madawaska—James Edward Stewart, Dalhousie.

Royal—St. Clair Fraser, Chipman.

St. John City and Counties of St. John and Albert—Amon A. Wilson, St. John.

Victoria and Carleton—Edmund C. Morgan, Hartland.

Westmorland—George B. Willett, Moncton.

York-Sunbury—John B. Hawthorne, Fredericton.

The returning officers are required to appoint a deputy officer for each polling place in the electoral districts for which they are appointed. The returning officers will also appoint persons to attend at the various polling stations and at the final summing up of the votes on behalf of persons interested in and promoting or opposing, respectively, the adoption of the prohibition.

Declaration day is fixed for Tuesday, October 11.

LARGEST SUB-MARINE CABLE IN THE WORLD

Windsor, Ont., July 12—With prominent officials of the Bell Telephone Co., of Canada, and the Michigan State Telephone Company present, the largest submarine cable in the world was laid today on the bed of the Detroit River between Detroit and Windsor. The cable carried 408 pairs of wires, and will make it possible to conduct six hundred conversations simultaneously between the two cities.

Half an hour was needed to complete the actual work of laying the cable, the work being done by the barge International, which was towed across by the tug Samuel J. Dark. When the boats reached midstream, Judge F. C. Kuhn, President of the Michigan State Telephone Co., and L. B. McFarlane, President of the Bell Telephone Company, of Canada shook hands and expressed the hope that the cable would result in cementing more securely the ties of friendship between the two countries.

The cable weighs 50,870 pounds, is 2,000 feet in length and 10 1/2 inches thick.

Rather than take either a Boston man played the harmonica while doctors took a bullet from his leg. The story has been extensively told, but nobody to date has expressed any sympathy for the doctors.

TIP BURN OF POTATOES

A trouble which is widely distributed and very prevalent in some seasons, and to which the name "Tip Burn" has been given, is to be found among our potato crops. This trouble takes the form of a gradual burning and drying-up of the leaves of the plants, often commencing at a comparatively early stage in their growth and, in many cases, if allowed to go unchecked, slowly but surely involving the whole of the plants so that they die down a considerable time before the tubers are fully developed.

The appearance of this trouble in the fields is often mistaken by growers for Late Blight. There is, however, a marked distinction between the two, for Late Blight may commence by attacking any part of the plants, leaves and stems alike, has a dark, water-soaked appearance and, in its early stages, is damp to the touch, while Tip Burn invariably commences at the margin or tips of the leaves and has a decided 'dry' appearance and touch with the exception of after rain. It also appears much earlier in the season than late blight has ever been recorded and does not cause the death of the plants so rapidly. Nor has it ever proven so destructive as Late Blight, although evidence has been obtained that in seasons when it is severe and where no effort is made to check, a considerable reduction in the yield of marketable tubers, due to the premature death of the plants from this cause, may result.

Investigators of this trouble are not yet in agreement as to the cause. The observations of some have led to the belief that a period of hot, dry weather during the growing season causes the leaves to throw off moisture more rapidly than it can be furnished by the plant, the result being the appearance of Tip Burn. This theory seems however, to be disputed by the fact that the trouble is not found in the hot regions of the Western States where the temperature often becomes excessive and the air is especially dry.

More recent investigations lead to the belief that this burning of the leaves probably follows the depredations of sucking insects. These investigations are not yet complete, but enough evidence has been produced to serve as a warning to potato growers to keep these insect pests thoroughly under control in an endeavour to avoid Tip Burn.

We have found in our experimental work with potatoes that Bordeaux mixture will to a large extent control this trouble. In 1918, when it was extremely prevalent, we had several plots to which, for the purpose of experiment, Bordeaux mixture was not applied. These plots suffered from a severe attack of Tip Burn and the plants were all killed down by the second week in August, while other plots on the same land, and to which, for the control of Late Blight, Bordeaux mixture was regularly and thoroughly applied, suffered to a very slight extent only, the plants remaining green until frost came. Bordeaux mixture acts as a repellent to the Leaf Hopper, as well as a protection to the plants. Many other cases, in addition to that referred to, have come to our attention, bearing evidence that regular and thorough spraying with this mixture will reduce to a minimum the ravages of Tip Burn.

Electric fans are still more dangerous to the fingers of curious persons than goldfish.

Children Cry for Fletcher's

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drows and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

1000 watches absolutely free. Owing to the enormous success of our previous puzzle advertisement, which gained for us hundreds of new clients, who, being so pleased with their free watch, that they are now our permanent customers, we have decided to further advertise and gain recognition in 1000 new homes, by giving away another 1000 valuable watches, to those who are clever enough to fill in the missing letters in the following phrase.

T-E-S- W--CH-S A-E F-L-Y G--R-NT-ED

By correctly filling in the missing letters, you can obtain absolutely free a watch, that will equal for time any solid gold watch made, which is sufficiently proven by the large number of testimonials that we have received. Solve this puzzle correctly and comply with our simple condition of which we will write when we inform you if your reply is correct, write clearly, your name and complete address, so that we may without delay inform you of your success.

REX MANUFACTURING CO. DEPT. 85 117 Commission St. Montreal

D. S. C. R. WILL BE REMOVED BY END OF MONTH

Orders have been received requiring the removal of the patients and equipment of the Fredericton Hospital D. S. C. R. The administration of the medical attendance and training will be carried on in Halifax for the three Maritime Provinces, and a sub-office will be established in St. John. It is expected that all the patients, some of whom have already left, will be out of Fredericton by the last of this week, and the moving of equipment and documents will probably be accomplished by the end of July. Some of the employees will move to St. John and continue in the service and the remainder will sever their connection with the Department. The removal of the staff will remove from Fredericton a number of persons who have made many friends during their stay there.

A man can leave the ash pile up in the cellar in Winter but he dare not forget to empty the water pan under the icebox in Summer.

Stiffness

It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

Gives Great Relief

Mrs. A. R. Calvert, 25 Park Ave., Guilford, Conn. writes: "My husband and I were afflicted with stiffness and lameness. I purchased Minard's Liniment and used it for some time. It gave me such relief that I can now go out without using it."

Mrs. Fred Johnson, Box 315, Thurlow, Ont. writes: "I suffered very much with stiffness in my face last winter, was advised to try Minard's Liniment, and was relieved immediately after first application. I purchased it since, it did it all, and I have entirely gone. This winter I can go out without using it on my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."
