**BRITAIN LIVING**  
**WITHIN MEANS**

John Bull continues the excellent  
practice of living well within his  
means; a pre-war virtue not yet  
resumed by all of his European  
neighbors. In the fiscal year his  
expenditures in running the Govern-  
ment of the United Kingdom were  
nearly £50,000,000 less than his  
total income.

The official figures as announced  
by the exchequer were: Revenue;  
£837,169,284; expenditure; £788,  
£40,711. 22

In the previous fiscal year John  
Bull's books showed a surplus more  
than twice as large as the one  
revealed with no little pride tonight.  
It was £101,500,000

The slump in this year's surplus is  
almost entirely attributable to the  
reduction in the tax on the incomes  
of the British people; a tax which  
is still very high from about 20 per  
cent upwards.

**ITALY MAKING HER**  
**NAVY STRONGER**

Italy's new naval programme pro-  
vides for the laying down of a num-  
ber of cruisers; each of 10,000 tons  
carrying twenty centimeter guns and  
far speedier than any existing  
cruisers. The immediate building  
of submarine chasers also is pro-  
vided for in the programme.

The programme includes; first; de-  
mobilization of Maddalena Island as  
a base for central Tyrrhenia; be-  
cause it is exposed to long range  
guns from southern Corsica; second;  
the creation of a supply support base  
in southern Sardinia to replace the  
former base; third; the widening of  
Cellari harbor so as to make it  
capable of sheltering a larger num-  
ber of warships; and the organiza-  
tion of an efficient defence system  
in Cagliari harbor; these to cost  
twenty million lire (about \$4,000,000);  
fourth; construction of new  
coastal defences in the Tyrrhenian  
Sea; inside of three years; and  
fifth; improvement of naval con-  
dition; both economically and in  
personnel.

**Spring Weather**  
**Hard on Baby**

The Canadian Spring weather—the  
day mild and bright; the next raw and  
blustery, is extremely hard on the baby.  
Conditions are such that the mother can-  
not take the little one out for the fresh  
air so much to be desired. He is confined  
to the house which is often over-heated  
and badly ventilated. He catches  
cold; his little stomach and bowels be-  
come disordered and the mother soon  
has a sick baby to look after. To prevent  
this an occasional dose of Baby's Own  
Tablets should be given. They regulate  
the stomach and bowels, thus preventing  
or relieving colds, simple fevers, colic or  
any other of the many minor ills of child  
hood.

**What Advertising Does**

The following statement by Mr.  
T. Driere in Forbes Magazine New  
York is timely and interesting:

To settle an argument as to  
whether it pays to handle advertised  
goods or not a survey was conducted.  
Two similar articles—one advertised  
and the other unadvertised were  
placed on sale at the same price in  
a hundred, quality stores. No  
attempt was made by the store  
clerks to influence the decisions of  
the customers. What actually  
happened was this:

- 6.3 times the customer bought advertised merchandise.
- 6.3 times the customer bought unadvertised merchandise.
- 8.8 times the customer bought non-preference.
- And further when the unadvertised merchandise was priced lower of the two:
- 60.6 times the customer bought advertised merchandise.
- 24.2 times the customer bought unadvertised merchandise.
- 12.2 times the customer bought non-preference.

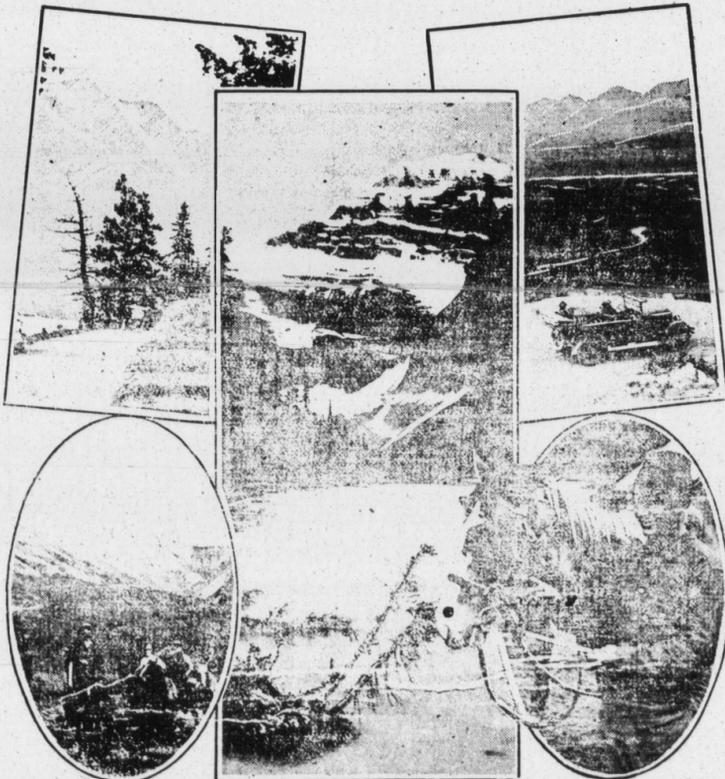

**WEST WILL HAVE**  
**12 NEW MEMBERS**

A distribution bill to be brought  
down this session by the Government  
will give Western Canada twelve  
more members and reduce Nova  
Scotia's total membership by two,  
under the terms of the British  
North America Act which fixes  
Canada's par. representation  
on the basis of one sixty-fifth of  
Quebec's population. British Colu-  
bia is increased from 13 to 14 mem-  
bers; Manitoba from 15 to 17; At-  
lanta from 12 to 16 and Saskatchew-  
an from 16 to 21. The number of  
members of Parliament will be  
increased from 235 to 247. The bill  
was before Parliament last  
session but failed to pass a  
special committee of the house.

**BEAUTY SPOTS OF CANADIAN ROCKIES**

Man and nature combine to provide  
a real out-of-doors holiday resort at  
Jasper National Park, Alberta, on  
the main line of the Canadian National

cabin hostelry of the National System,  
which has been erected for the com-  
fort and convenience of tourists who  
wish to make the most of the mag-  
nificent mountain scenery to be found
