MUTINY AT SEA

The Peace Treaty Given Royal Assent---The Prince Arrives at St. John, N.B.---Bela Kun Must Be Surrendered to Allies.

PRINCE ARRIVES AT ST. JOHN.

ST. JOHN, N. B., Aug. 15. The cruiser Dragon anchored in the harbor here at 9:30 o'clock with the Prince of Wales on board. The Governor General immediately went out to the ship with greetings to the Prince. It is reported that the landing has been deferred for an hour--until 11 o'clock.

THE OFFICIAL LANDING.

ST. JOHN, N. B., Aug. 15. The Prince of Wales landed at eleven a.m.

A ROYAL WELCOME.

ST. JOHN, N. B., Aug. 15. A royal welcome was extended to the Prince of Wales as he set foot for the first time on Canadian soil at eleven o'clock this morning. The weather was not auspicious, rain commencing to fall shortly before the Prince left his ship, but the adverse conditions in no way affected the warmth of the reception nor lessened the enthusiasm of the greeting extended.

DRUNK AND MUTINIED.

LONDON, Aug. 15. A wireless despatch received at Queenstown from the British tank steamer War Khan says that the tanker had picked up another steamer in mid ocean whose crew were drunk. Captain incapacitated from injuries and some of the other officers in irons. The crew of the War Khan arrested the mutinous crew of the other steamer and supplied enough men to take the steamer to Brest, where it was bound. Special despatches from Queenstown says that the ship on which the mutiny occurred was the "American steamer Marisa." The ship carried several thousand casks of whiskey. The crew of the War Khan, it is said, found the fires out and the steamer drifting.

AN INTERIM POSTPONEMENT.

LONDON, Aug. 15. The threatening strike of locomotive engineers and firemen which would have disorganized the railway system of the whole country has been averted for the week end. The executive committee of engineers and firemen to-day received from Sir Auckland Geddes, Minister of Reconstruction, a communication regretting

it was impossible to arrange a meeting to-day to consider the wage question. Sir Auckland promised to communicate to the men on Monday the new offer which the Government is preparing.

WILL BE HANDED OVER FOR TRIAL.

GENEVA, Aug. 15. Allied Governments have informed the Austrian Government that it will be held responsible for Bela Kun, the Hungarian Communist leader, and for his delivery later for trial by an Allied tribunal, according to a despatch from Innsbruck.

BRITAIN WILL HELP PERSIA.

LONDON, Aug. 15. Official announcement was made to-day that the Persian and British Governments have concluded an agreement by which Great Britain will be enabled to provide Persia with expert assistance and advice toward the rebuilding of Persian state.

ITALY'S INDEMNITY.

ROME, Aug. 15. The newspapers announce that through a recent financial agreement between Italy and Great Britain, Italy may cede to the British Government part of the indemnity due her from Germany.

HINDENBURG ADMITS RESPONSIBILITY.

BERLIN, Aug. 13. A letter from Field Marshal Von Hindenburg to Prince Maximilian of Baden (German Chancellor at signing of armistice) concerning the beginning of submarine warfare printed here to-day seeks to show that Bethmann Holweg, who was Chancellor at that time had little confidence in President Wilson's peace intervention and that the submarine warfare directly crossed the efforts then going on to bring about peace. Bethmann Holweg, Hindenburg says, objected to the submarine warfare on the ground that it would imperil Germany's relations with neutrals and Hindenburg replied that the Supreme Army Command was solely responsible whether the U boat warfare should be conducted or not and that he Von Hindenburg would proceed in full feeling of responsibility for the victorious outcome of the war.

Prominent Doctor Declares Tanlac "Is Wonderful"

Says It Is Best Reconstructive Tonic For Influenza Patients.

The following letter from Dr. J. W. Sandlin, one of the most prominent physicians of Southern Texas, has just been received at the Tanlac offices in Atlanta, Ga., and gives indisputable evidence of the value of Tanlac as a reconstructive tonic for people who are recuperating from the after-effects of Spanish Influenza. His letter follows:

"Humble, Texas, Nov. 5, 1918. 'Dear Sir--Just a few lines in reference to Tanlac. I have found your preparation to be a wonderful reconstructive tonic, and in my opinion, it has no equal in its line. I have found it the best tonic to be had to build up my patients who have had Spanish Influenza. I have treated within the past month about 1,400 cases and have never been able to resist Tanlac to supply our people.

"Yours very truly, (Sgd.) DR. J. W. SANDLIN."

Dr. Sandlin not only enjoys a very large practice as a physician, but he is also a man of wide influence, and ranks as a leading citizen of the enterprising little city of Humble, Texas.

As a practicing physician of sixteen years' experience, Dr. Sandlin was quick to recognize the superior tonic properties of Tanlac over other remedies and unhesitatingly and voluntarily gave Tanlac his unqualified endorsement. Although the influenza epidemic has greatly subsided, it is still prevalent, and is breaking out anew in many sections of the country, and continues to claim its victims by the thousands.

Persons who have had influenza are oftentimes left in a very weakened, run-down condition and unless the greatest care is taken both as to habits and diet, serious complications are apt to follow. Persons who have had it are more apt than ever to have it the second time. If you are in this condition nothing on earth will build you up and strengthen you like Tanlac, which contains the most powerful tonic properties known to science. As a reconstructive tonic and body builder it is without an equal and contains the very elements needed by the system to restore you to your normal strength and weight.

First of all Tanlac begins its action by creating a good, healthy appetite for wholesome, nourishing food, and assists the vital organs which have been weakened by the disease to perform their natural functions, thus helping to build up health and strength in the natural way.

This statement is easily proven by the fact that Tanlac is now having the greatest sale of any system tonic in the history of medicine--in less than four years' time over ten million bottles have been sold and the demand is constantly increasing.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are included with every bottle of Tanlac. Tanlac is sold in St. John's by M. Connors, under the special direction of a special Tanlac Representative.
