## Motor Association.

### SECRETARY'S MONTHLY REPORT.

The August report of the Secretary of the Motor Association, which is published below, shows that much progress is being made in the Association's work, and that it is proving of great benefit to motorists, whether they are members or not. The report is as follows:—

"Since the last General Meeting, which was held on July 30th, three meetings of the Executive and Road Committees and a combined meeting of the Executive, Road Committee and Committee on Discipline have been held. The latter meeting was held to discuss what attitude the Association should adopt with regard to the several complaints re reckless and inconsiderate driving received this season. The Inspector-General was asked to attend for an informal discussion, but was unable to be present. After considerable discussion of the part of the meeting it was decided that in instances of minor offences the party offending be written to by the Secretary, except in the second complaint—in which instance a meeting of the Committee on Discipline was to be called to decide whether the matter should be passed on to the Inspector-General for attention or not.

At the Executive and Road Committee meetings the following business was disposed of:—

The City Council was written on the following matters:—

The condition of Mullin's Bridge, near the Methodist Orphanage.

Projecting telephone pole on Theatre Hill, which was a menace to motor traffic.

Condition of road from Rawlin's Cross to R. C. Cathedral, owing to disused street car rails projecting from ground.

Dangerous blind corners at junctions of Circular, Rennie's Mill, King's Bridge, and Forest Roads.

The matter of certain car owners transferring number plates issued for a certain car to another car; and misrepresentation of horse power by certain car owners endeavoring to save paying the correct tax. A systematic checking up of licenses due but not paid, by the Council. The following matters have been taken up with the Board of Works:—

Projecting telephone and telegraph poles in various localities in the city limits, which were a danger to vehicular traffic.

Bridge which was down on the Bay Bulls Road and the repairs required to Munnell's Bridge. The desirability of repairing all bridges within a twenty mile radius of St. John's, and of substituting concrete culverts for bridges wherever possible.

The necessity of seeing that the telephone poles which are to be placed along the "Cowpath" be put out of the way of traffic.

Certain information re the Government's plans of doing anything to the road from Colinet to Salmonier.

The necessity of providing all Government institutions with first aid outfits for use in the cases of motor car or other accidents.

The Road Commission was communicated with in regard to the rebate promised certain small car owners on account of tax paid in 1920, and at last the payment of this rebate has been authorized.

The Royal Automobile Club, with which the Association is affiliated, have been written to regarding the possibility of obtaining a second hand roller for road work for next season, and Mr. Baird has written Halifax re the possibility of obtaining two horse dump trucks.

The sum of \$147 was advanced on account of repairs done at the foot of Topsail Hill, and the sum of \$10 authorized to be advanced on account of certain repairs in the vicinity of Beaver Pond. Sundry road work has been done which will be covered by Mr. Soper's report.

A weekly motoring column has been arranged in the Evening Telegram, to which contributions of interest from members are cordially invited.

Fifty Association badges have been received, and the balance is expected

within a few days.

In the matter of the request received by the Association to provide some drives for the Soldier patients of Sudbury Military Hospital and the Sanatorium, the following kindly undertook to give this matter their attention:—

Mrs. Eric S. Ayre, Miss Margaret Bearn, Mr. Benjamin Bowring, Mr. Edgar Bowring, Mrs. John Bowring, Mr. B. R. Clouston, Hon. Treacher Cook, Mr. C. O'N. Conroy, Lady Croft, Mr. T. V. Hartnett, Mr. John Leamon, Mr. Simon Lovitt, Mr. Harold Mitchell, Mr. A. H. Murray, Mr. Basil Outerbridge, Sir Joseph Outerbridge, Mr. C. C. Pratt, Sir R. A. Squires and Hon. M. G. Winter. Five dollars each was received from Mr. Frank Brehm, Mr. H. R. Brookes, Mr. R. B. Job and Mr. L. C. Outerbridge and two dollars from Captain Campbell towards providing taxis for the above purpose.

Respectfully submitted,  
P. E. OUTERBRIDGE,  
Secretary-Treasurer.

### PURPOSE.

Used to think I had to be Building up a name for me. Used to think that I must show This old world how much I know. And must spend my days and years Working for the public's cheer— When your mother came along And I found that I was wrong.

Found my job was not to make Money for my selfish sake, But it was to keep her glad With the very best I had. Little fame and money meant If her heart was not content— Then I lived for her until You arrived with wants to fill.

When you came your mother smiled, "Now we have a little child." Tenderly she said to me: "We have reason now to be Brave and strong and kind and true, And he really looks like you. So that he shall come to joy We must struggle for our boy."

From your mother and from you I have caught the broader view, I have learned the joys of life Are not born of selfish strife; More than money or my fame Are the honors you may claim, Now the sweetest goal for me Is the man that you may be.

### Not Much Like

#### Prohibition.

The statement that the revenue of the Colony will be augmented by \$500,000 from the sale of intoxicating liquor during the coming year, says the Harbor Grace Standard, is ample proof that prohibition does not prohibit either the sale or the use of ardent spirits. \$2 per head of our people spent in liquors! It could be one million dollars—if a little freer hand were given. Where the value of the spirits smuggled into the Colony from St. Pierre, and of the manufactured "moonshine" added to the \$500,000, we should see a total that would make us all wonder where the money came from? Prohibition does not prohibit in this little corner of the Empire.

### The "Devil's Own."

The story of how the Inns of Court Officers' Training Corps, which can trace its history to the days of Queen Elizabeth, came by its nickname, "The Devil's Own," is not without its humour.

At the time of the threatened invasion of England by Napoleon I., a great review was held in Hyde Park. George III. was present, and as each regiment marched past him he would ask of what type of men they were made up.

As the Inns of Court approached, the King asked Erskine, the Lord Chancellor: "Who are these?"

"They are all lawyers, sir," replied Erskine.

"Lawyers, lawyers," said the King, "Call them the 'Devil's Own,' and the name has stuck to them to this day."
