

RETAILERS GIVE DETAILS OF FACTORIES ACT

Mrs. Lewis, Factory Inspector, Addresses Retail Section of the Board of Trade; Early Closing Bylaw Discussed

EIGHT-HOUR DAY

No Employe May Work Any More Than Eight Hours in Any One Day; Double Shifts on Saturdays

The working of the factories act and its bearing upon the early closing bylaw, was the subject for discussion at the meeting of the retail section of the board of trade yesterday. The board of trade is of the opinion that the merchants are not in a position to carry out the early closing bylaw, and claim to have early closing bylaw work them in an industrial way.

The retail clerks on the other hand, while willing to make some concessions, are preparing to make a campaign for the confirming of the bylaw. They have engaged an organizer for the campaign.

Friday Mrs. Arthur Lewis, the factory-appointed factory inspector for the northern Alberta district, explained the working of the act to the retail section of the board of trade at its meeting.

The provisions of the act which relate to the hours of labor were the subject of greatest interest to those present. The act allows for a 10-hour day beginning at 7 a.m. and continuing until 6 p.m. with an hour intervening for lunch. All stores employing others than the proprietor and his family must close at 6 p.m. or put on a night shift. Anyone working between the hour of 6 p.m. and 7 a.m. is included in the night shift. "This is a point that many people do not seem to get quite clear," said Mrs. Lewis to the Alberta. "For instance, if an employe worked four hours in the morning, he or she could not work for more than four hours after 6 p.m. If they worked eight hours in the day they could not work at all at night."

The Holiday Week
The merchants do not like the idea of having to work two days a week preceding Christmas, and Mrs. Lewis told the Alberta that she feared this misunderstanding on this point. She said: "They seemed to get the impression that I could give a special permission to work only one shift during Christmas week. But the act makes no provision for this and my instructions make no provision for special privileges for Christmas week. Special permission may be given for very exceptional cases, such as an employe being taken suddenly sick in which case another employe may be permitted to fill the vacancy. But this cannot apply to granting the whole staff of employes privilege to work over time."

Mrs. Lewis explained that as soon as she gets her cards and printed instructions, which she expects will be the course of a week or 10 days, she will begin her inspection. As soon as she has inspected a factory or shop, the law goes into effect immediately as far as that place is concerned.

The retail merchants were of the opinion that a weekly half-holiday should have been considered when the three-shift-day clause was inserted in the factory act. They claim to have been unfairly and imposed an economic burden upon them and as a result they will have to increase the price of goods.

Mrs. Lewis will address a meeting of the retail clerks at the Labor Temple Monday evening. At that time the Retail Clerks' union is giving all and what drive. Other speakers will be Alex. Ross, M.L.A., and probably Rev. Wm. Irvine.

RECOMMEND CITY MAKE GRANT \$500 FOR CONVENTION

U.F.A. Officials Appear Before Reception Committee of Council; Municipalities Entertainment Was Cheap Affair

The reception committee of the city council decided yesterday to recommend a grant of \$500 be given for the purpose of supplying a hotel for the coming convention of the United Farmers of Alberta and to aid in their entertainment. Mr. P. P. Waterhouse, secretary of the U.F.A., stated upon the committee to explain what was needed. The place for the convention will cost \$250. The board of trade will entertain the delegates at an estimated cost of \$1,250. They ask for \$1,500 to help them out. Mr. Campbell suggested that if the city would undertake the whole of the entertainment, the board of trade would supply \$750 towards it.

When the convention was held in Calgary two years ago there were 1,400 delegates present. Last year at Edmonton there were 2,300, and it is estimated that this year there will be over 3,000. Ald. Russell thought that as this is the largest convention that Calgary will get, the city should not be negligent in the entertainment. The recommendation goes to the council next Monday.

The bill for the entertainment of the convention of Municipalities was rendered and passed. It amounted to \$15 for the banquet and cigars at the Palliser and \$8 for the scenic car, which is \$13 within the limit of the bill. A related application from the Alberta hotel club for a small sum to offer for a prize for dogs exhibited at the Thanksgiving day show did not receive much support.

A letter was read from Mrs. Irvine asking assistance for the Field Ambulance Club in providing comforts for soldiers returning from the front. There are only three members in this club and they find it difficult to earn enough money for this worthy object. The committee instructed the clerk to write the club expressing appreciation of the work they are doing, but regretting their inability to recommend any grant, but suggesting that they hold a tag-day, permission for which would be granted readily.

JURY URGES C.P.R. TO BUILD GREATER YARD CLEARANCE

Inquest on Death of C.P.R. Switchman Brings Out the Fact That the Stationary Crane Is Too Close to the Track for Safety

RETURNED SOLDIER

P.C. Kroning Was Returned Soldier, Having Been a Member of the 51st; Was President of Edmonton R.T.'s

The coroner's jury empaneled to inquire into the death of P.C. Kroning, the C.P.R. switchman killed Wednesday evening in the west yards of the C.P.R. last night in the undertaking parlors of Harrison and Foster, returned the following verdict:

"That death was due to the crushing of the chest and resultant rupture of the heart and great vessels of the deceased by coming into contact with the stationary crane standard of the shipping platform situated in the C.P.R. west yards, between Fifth and Sixth streets west and south of Ninth avenue."

The jury would suggest that the C.P.R. Company give its attention to the position of the Gantry standards in relation to their proximity to the rails as in their opinion there would not appear to be sufficient clearance allowance for safety in working cars in and out, and owing to the insufficiency of the present accident is apparently due."

Edmonton Man
It had developed that the deceased switchman was returned soldier, and was a returned soldier's button at the time of the accident. Further information showed that he had been in the 51st overseas battalion of Edmonton, and was president of the Brotherhood of Railroad Trainmen of Edmonton, as well as the Edmonton lodge of Odd Fellows.

Mrs. C. P. Kroning, the widow of the unfortunate man, arrived in Calgary from Edmonton yesterday, and was prostrated at the death of her

Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Oct. 25.—Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system.

When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other nervous organs are similarly affected. Appetite fails, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. S. Ellis, 48 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and, although he had been treated for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had gained back twelve or thirteen pounds. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines, and cannot speak too highly of them."

MISS A. R. DOW

411 Third Avenue West, Calgary

Starting in at the beginning and never letting up in her work, Miss Dow should feel proud of her progress. Her sole ambition is to win the automobile, and her friends and supporters are taking kindly to her solicitations for subscriptions. Miss Dow first came to Calgary from England about six years ago, and in that time has made two visits to the old country. She has traveled quite extensively over this little world of ours, but evidently believes Alberta (and Calgary) is a better place to live in. She returned veterans will get the benefit of the Alberta's \$100 should Miss Dow win one of the contest automobiles.

A postcard to 411 Third Avenue West, Miss Dow, will be given to her in return for a candidate with a receipt book and pencil ready to accept your subscription.

Dr. W. W. Upton who made the autopsy, said the deceased was a well developed man, weighing some 185 or 200 pounds. He had found the left arm fractured and the heart and ribs badly crushed and the thorax full of blood. When he examined the body he discovered no sign of life. He admitted the spot was a good one for a switchman to keep his eyes open.

Dr. John E. MacKinnon, who had been called at the time of the accident, said he had found the deceased dead when he examined the body. He said the medical attention could have been of no avail as he was probably killed outright at the time he got hit.

From army papers found on the deceased it was found that he was 41 years of age, single, and had been in the C.P.R. as a medically unfit for active service.

The Brotherhood of Railroad Trainmen of Edmonton, and the Odd Fellows lodge, to which he belonged will take place on Saturday afternoon at the undertaking parlors of Harrison and Foster. The funeral services will be conducted by the Rev. A. MacTaggart. Interment will be made in Union cemetery.

F. W. CRANDALL'S NOT CONNECTED WITH ENTERPRISES

Correction of News Item; Franklin Crandall Is Calgary Promoter

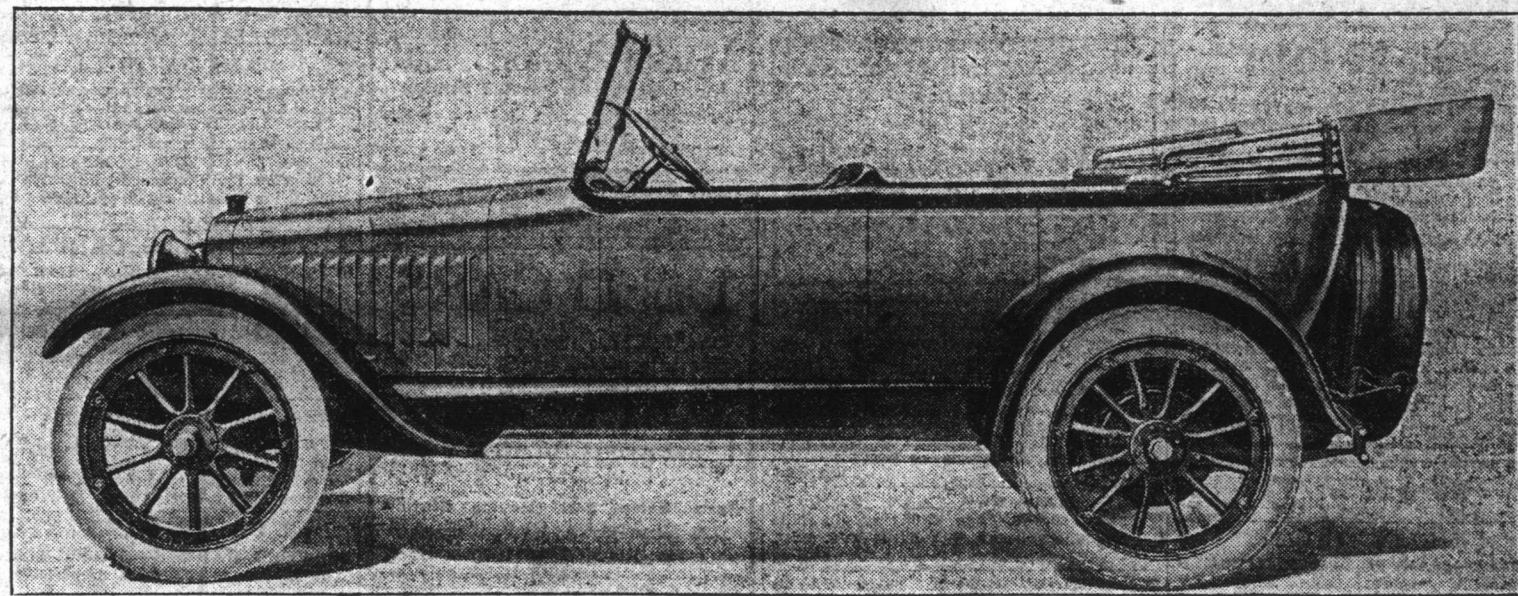

In Thursday's edition of The Morning Alberta an item stated that Mr. F. W. Crandall was the new president of the reorganized News-Telegram Publishing Company and was also president of the Hudson's Bay and High River railway. The gentleman connected with the above mentioned enterprises is Franklin Crandall, not F. W. Crandall. A letter from F. W. Crandall is given below:

Editor Alberta: Your issue of Thursday made the following statements in connection with the rumored reorganization of the News-Telegram: "F. W. Crandall became the president of the Calgary News-Telegram." The new president of the company is F. W. Crandall, president of the Dominion Farming Company. Permit me to state that I have never considered such a connection in any way shape, or form. You stated that I am interested in the High River and Hudson's Bay railway. I have never had the slightest connection or interest whatever in this company, my activities being confined to farming and the managing directorship of the Dominion Farming Company. Will you kindly give this matter the fullest publicity?

F. W. CRANDALL.

BANKER BOUGHT UNDER PRESSURE
Triumph, Minn., Oct. 25.—F. J. Schwaes, a Bank president, has been arrested charged with interfering with the Liberty bond sale. He subscribed for \$5,000 worth of bonds after attending a big rally last night. The charges against him, however, have not been removed.

Here's the Biggest and Best Prize \$2,000 Seven Passenger Chalmers Touring Car

Be satisfied with nothing but the best that is offered. There's not an active candidate in the list who does not stand a chance to win an auto. The contest has almost four more weeks to go. New candidates may enter now and by extra exertion get in the running for one of the best prizes. Forget all about the small prizes—that is THE ONLY WAY to win an automobile.

City Candidate Leads With Almost 400,000 Votes

The many calls for more receipt books do not look like a slackening of work on the part of candidates. Don't allow yourself to even run low in receipt books. Being second-class mail matter sometimes they go astray, so if you wait until the last minute to replenish you may be inconvenienced. If you run up against the excuse, "Oh, you're the 16th candidate who has called," or something to that effect, come back like this: "I am not doubting your word, but did you give a subscription to one of the 10?" Nine times out of ten this "You are too late" is simply an evasion. Then again you may run into some people who want a lot for their money. One subscriber who paid a dollar for a three months' subscription complained to the candidate that he supposed if she won a car he would not be allowed to use it whenever he needed an auto. Can you beat it? Everybody who makes a payment for The Morning Alberta gets full value. It is really a favor to accept the money, give a receipt and have the remittance sent to the contest office. It costs nothing extra to help a smiling candidate. We're betting an extra inner tube that it will be impossible to find a candidate who won't smile each time a subscription payment is received. Take this week's club offer mighty seriously—\$5,000 extra votes is no small number. Many of the

CONTEST NOTES

candidates have a comfortable surplus, so that it may be as easy to get the \$25 clubs as it was to get clubs in the weeks that are past. Remember that you are working for prizes worth up to \$2,000—the Chalmers car will be unending joy to the winner, and the results of a few weeks' work will give pleasure for years. Did you ever stop to figure how long it would take you to save up enough money to buy an automobile? You would be required to lay by \$10.25 a month for a whole year to buy one of the Regal touring cars. Could you do it? The Alberta contest points the way to win one of these cars for your spare time during a few short weeks. If you miss the Chalmers you have the grand six to fall back on and after that the Regal district prize. For the latter you have to compete only with candidates in your own district. You won't admit for a minute that there is a better hustler in your district than yourself, will you? Pile up all the reserve votes you can; don't tell anybody when you have a burst of good luck. Your votes won't count any more by spreading broadcast how many you have. By the way, it is not too late to enter the contest. Mr. W. T. Moir, of Montclair, Sask. won an automobile in a contest conducted on a Saskatoon paper and his first report was received at the contest office a little over three weeks from the close. It's all in the candidate's energy—there's plenty of territory left.
