Properly Selected Food of Great Importance.

Loss of memory is a sure sign that the body is not taking up proper ele-ments from the blood. Then is the time to feed especially selected foods or the person may become demented. A mother writes about her son, and it is interesting: "My son, Albert, now 25 years old, and principal of the High School, graduated at the Kansas University and is a post graduate of the Columbia, Mo., University.

"When he began teaching about a year ago he had just completed his education and was badly broken down in health. He had only about two months vacation and spent it at Ex-celsior Springs, but when he returned, there was no improvement.

"We thought he would get better after he began his work, but instead of improving he became more weak and nervous, and finally, forgetful in the schoolroom. He tried different physicians and everything he could hear of, and at last gave up school and came home, after putting a teacher in his

"I cooked every delicacy I could think of for him, but he became very thin, and we were greatly worried about him. One day a neighbor sent over a box of Grape-Nuts. He caught sight of the package; and after reading the statement of what the food was intended for, became much inter-

ested and began using it. 'He liked it, and at the end of week was very much strengthened and improved. We were encouraged. He stuck to Grape-Nuts and in five weeks

was back in the schoolroom.
"He is now teaching the second term in the same place, has recovered en-tirely and gained wonderfully in fiesh. He now weighs 165 pounds and is an

expert football player.
"My daughter, Georgia, 8 years old,
was a weak little girl until after we
found what effect Grape-Nuts had on Afbert, we put her on the food and now she is exceptionally stout and healthy. We wish to thank the company for the great help the food has been to us." This lady lives at Hallsville, Mo. Name given by Postum Co., Battle Creek, Mich.

—The friends of Mrs. B. E. Sifton, of "Lyndhurst," St. Johns, will be pleased to learn that she is improving after a very serious ilness. -The Rev. J. Handerson, of Staffa,

has received a unanimous and hearty invitation from his official board to remain for the third year. -The firemen had a run last night to the house at 584 Central avenue. Damage to the amount of \$200 was

done before the flames were extinguished. -Messrs. John Forrestal, Philip Po-cock and John O. Dromgole, of the school board, inspected the separate

schools yesterday and found them in excellent condition. -At the regular meeting of St. George's Literary Society, West London, last night, Mr. E. E. Parsons entertained the members and their friends with a lecture on "Perpetual

Motion.' -Galt Reporter: Mr. Geo. Dickie, of London, is visiting in Galt and vi-cinity, and called on Mr. Daniel Wil-son, whom he has not seen for over thirty years. Mr. Dickie was in those days a resident on Cedar Creek road. He is a member of the same stock of Dickies for whom the Dickie settle-

ment was named. EARLY EXPLORATION.

The lecture given by Mr. James H. Coyne, of St. Thomas, at the Historical Society's rooms in the Public Library warranted a much larger audience than the one which attended. Mr. Coyne dealt with the subject, "Early Explorations in Ontario," in a thorough and patriotic manner. A hearty vote of thanks was tendered the speaker by all present. Miss Baldwin and Mrs. Charles Blinn furnished much-appreciated musical numbers. The mext meeting will be held on March 18, when Judge Hughes, of St. Thomas, will speak on "London in the Ferrica".

SURPRISE PARTY.

At the residence of Mr. and Mrs. Fitzgerald, corner of Hill and Colborne streets, a very pleasant surprise party occurred, the occasion being the presentation of a beautiful clock in token of the kindness they have shown | to their many friends during the winter months. The address was read by Mr. J. Rooney, and the clock was pre-sented by Mr. A. McMillan. Mr. Fitzgerald replied with a few well-chosen words. After the ceremony, between 50 and 60 guests enjoyed themselves in dancing, card playing, music and other amusements till an early hour in the morning, when, after a hearty fare-well of the young couple, they depart-ed homewards, much pleased with the proceedings of the evening.

BRAIN FOOD

is of Little Benefit Unless It is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains. For business men, office men and clerks, and in fact everyone engaged in sedentery or indeed the second service. in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe, outdoor manual labor can live on a heavy

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruit and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion, and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels, nor any particular organ, but only on the food eaten. They supply what weak stomachs lack, pepsin diastase, and by stimulating the gastric glands increase the natural secretion of hydrochloric

People who make a daily practice of taking one or two of Stuart's Dyspep-sia Tablets after each meal are sure to

have perfect digestion, which means perfect health.

There is no danger of forming an injurious habit as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and similar drugs have no place in a stomach medicine. icine, and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies. "THE LITTLE MINISTER" TO-NIGHT.

The story of "The Little Minister," which will be seen at the Grand to-night, begins in Caddam Wood. There the little minister meets Babbie, the gypsy girl. She induces him to blow a horn, and thus arouse the town, and when the redcoats come, she, by his silent permission, introduces herself as the minister's wife. In the second act, he meets her at Nannie's cottage, and there is tea-drinking and disclosures of the minister's heart and mind to Babbie. In the second scene, the minister, instead of going to prayer meeting, follows the gypsy, who has learned the congregation's prejudice, and fled. In the third act, the scene is at Lord Rintoul's castle. The minister has followed the gypsy there, but finds her to be Lady Babbie. They declare their love, but the father and his choice for his daughter intervene. However, in Scotland when a man account of the scene ever, in Scotland, when a man ac-knowledges a woman to be his wife before witnesses, it is a legal marriage. Babbie insists that the minister be kept to his acknowledgment of the night in Caddam Wood. In the last to the surprise of all. claims Lady Babbie as his own. The cast and production, it is promised, will be complete in all details.

"CAMILLE" ON SATURDAY. Eugenie Blair will be seen at the New Grand next Saturday, matinee and evening, in an elaborate produc-tion of Dumas' "Camille." It was in this character that Miss Blair largely made her reputation. Miss Eleanor Montell will be seen as Miss Blair's leading woman, while Mr. Vaughn Glaser, the well-known actor, who has been so successful in romantic roles in the later modern plays, is at the head of the male support. The entire cast shows that care was observed in the

assignment of the various roles. "PUT ME OFF AT BUFFALO." "Put Me Off at Buffalo," a merry conglomeration of music and dancing in which Fisher and Carroll are starring this season, comes to the New Grand next Monday. The play is written by Frank Kennedy, with a strong up-to-date flavor, showing funny ex-periences in New York, on Pullman palace cars and at the Buffalo Exposi-

GEORGE GROSSMITH COMING. George Grossmith, most inimitable of entertainers, who left the scene of his unequaled success in comic opera be-cause the public wanted to see and hear him all by himself, comes to the Grand Opera House on Tuesday, March 4. He appears only in five of the largest

Canadian cities. No more delightful entertainment has ever amused the public than this all-star company, which consists of Mr. Grossmith and which consists of Mr. Grossmith and his grand piano. His entertainment is as varied as a farce, as musical as a light opera, and as refreshing as a high-class drama. To quote Alan Dale in the New York Journal: "If you can appreciate delicate humor, laid on with the point of a camel's-hair brush, go and see George Grossmith. Even if your sense of humor is dood agreed. your sense of humor is dead—assassinated by the cheerful bogey known as comic opera, mutilated by the horseplay of extravaganza, garroted by the gags and vulgarity of burlesque—go and see George Grossmith just the same. Be advised by me. It will do you good. He will step forth upon a nude platform, and, with no other accomplice than a mere piano, he will keep you in twists of laughter-healthy, intelligent, cerebral laughter—for one hour and a half."
