While the attendance at the market was not as large as that of Saturday two weeks ago, still there was a good turnout when the threatening appearance of the weather is considered. There was a brisk trade and firmer prices were well maintained.

Grain-More wheat offered than usual. Prices declined from about 2c to 4c per cwt., selling at \$1 30 to \$1 35 per cwt.; \$1 32 was the ruling price. Oats were also plentiful, nearly 40 loads being offered. Prices went lower at 3c to 5c per cwt. less than on Tuesday, the figures being \$1 30 to \$1 35 per

Hay and Straw-Eighteen loads of hay sold slowly at \$8 per ton; in a few cases \$8 50 was paid. Butter and Eggs-Butter was in fair supply; sales were easily made, with prices a trifle firmer, at 15c to 16c for pound rolls and 15e for crock. Eggs Veal, quarter, per lb..... 5 @ 6

## SOCIAL POSITION

Makes no Difference. Women are All Alike. No Matter What Their Station in Life May Be. All Praise Lydia E. Pinkham's Vegetable Compound.

If she is one of the favored daughters of wealth, - if she belongs on to the realm of the "well-to-do," — or — if she belongs to the unmbered thousands who must work in order to live — the story is just the same; all suffer from about the same cause, and in this suffering "peculiar to women," all reach the same level, and all are of the

same family. When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing down sensation, whites and irregularities, she is not "worn out," but

Such symptoms tell her that a wemb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness. The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition.

Mrs. Pinkham Tells Mrs. Scott How to be Cured.

"DEAR MRS. PINKHAM: - I have been for some years a great sufferer and thought I would write and explain my case to you as you had helped so many others. Menstruation is irregular and very painful. I have suffered with painful periods for ten years but the pains grow worse as I grow older. "I suffer most with my back, lower part of abdomen and left side. I have been flowing all the month and a part of August, not constantly, but will stop for two or three days and then begin again.

The doctor says I have misplacement of the womb. I have bearing down pains when passing urine, and my abdomen is very badly swollen and sore. Please advise me at your earliest convenience." — Mrs. A. V. Scott, 21 Page St., Tingston, Pa. (Sept. 30, 1900.)

"DEAR MRS. PINKHAM: — When I wrote to you asking advice no one could describe my suffering. The doctors said I could not be relieved unless I had an operation performed, but thanks to you and your medicine I got along without having the dreaded operation. I have taken ten bottles of your medicine and am once more well and happy. Lydia E. Pinkham's Vegetable Compound is a fine medicine and a God-send to suffering women. I trust my letter may be the means of bringing many of my suffering sisters to accept your kind aid." — Mrs. A. V. Scorr, 21 Page St., Kingston, Pa. (Jan. 30, 1961.)

Remember Mrs. Pinkham's advice is free, and all sick women are foolish if they do not ask for it. No other person has such vast experience, and has helped so many women.

REWARD. -- We have deposited with the National City Bank of Lynn, 2000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special parmission.

### THE INTEREST OF HOME MISSIONS

A Secretary and Missionary Superintendent

TO BE SENT TO NORTHWEST!

Discussion on Colleges-Other Business Transacted at Session of the General Assembly.

Toronto, June 14.—The Presbyterian General Assembly yesterday discussed many things pertaining to the needs of the church in the mission fields at home and abroad, and received a numwest were again brought to the attention of the meeting, while the evennumber in attendance about 600 ministers and laymen.

DECREASE IN CANDIDATES FOR MINISTRY.

In the report of the Presbyterian College. Halifax, presented by Rev. Dr. year. Gordon, it was stated that the debt against the fund a year ago, of \$1,448, has been paid. The receipts of the year were \$13,200 as against \$10,950 for the preceding year. The income from investments amounted to \$8,946, as against \$6,913 for the previous year. The expenditure was \$11,876. Prof. Scrimger reported for the Presbyterian College at Montreal. The receipts were \$15,715, and the expenditure \$85 less than this amount. A bequest of \$10,000 had been received for the scholarship endowment fund, in addition to \$1,400 for the endowment of a memorial scholarship. To the ordinary endowment fund was added \$35,157, of which \$30,000 came from the century fund and \$5,000 from Mrs. John Redpath, of Montreal. Rev. W. T. Herridge reported verbally on behalf of Morin College,

Prof. Scrimger, in commenting upon the reports, drew attention to the crease in numbers of candidates for the ministry. He urged ministers to look into their congregations for suitable candidates for the ministry. Rev. Dr. Black, of Montreal, wanted to know why there was a falling off in the candidates for the ministry. The present, he said, was a deplorable state of affairs. The church was face to face with a crisis, said Rev. Dr. McMullen, of Woodstock. The church, he declared, was winking at the teachings of the colleges. Principal Mac-Vicar did not believe there was much scepticism among young men. What the church required was renewed

spiritual life. G. M. Macdonell, K.C., presented the report of Queen's University, which made a touching reference to the death of the late Principal Grant. The number of students registered last season was 820, 497 in arts, 187 in medicine, 105 in practical science and 31 in theology. Mention was made in the report to the proposed severance of connection between the general assembly and the university. The expenditure was \$57,422, the deficiency being \$8,256. In moving the adoption of the report, President Forest of the Halifax University claimed that the college work in Canada had just begun. He said there would be found plenty of candi-dates for the ministry, if ministers would cease being pessimistic and go to the congregations and ask for men. Principal Caven paid a fitting and eloquent eulogy to the memory of Prin-

cipal Grant. COLLEGES BECOMING MACHINES Rev. Dr. Milligan was glad that Queen's University had a theological branch. A theological college was the crown of every university. Dr. Milligan declared that universities were becoming machines. He felt sorry for some of the brethren, whom he compared to those people who lived in the days of Galileo. "They went to bed in the enemy."

the sublime belief that the earth stood still, and when Galileo tried to show them otherwise they gagged him." The word of God, he said, should be taken in the spirit, not the letter.

Here Principal Caven objected, and said that the speaker was out of God.

said that the speaker was out of order. Dr. Milligan did not intend to be suppressed. He continued for some time along the same lines, and was repeatedly applauded. A resolution was passed setting forth the excellent qualities of the late Principal Grant, and highly commend-

MEN WANTED FOR THE WEST. At the afternoon session the first business was the consideration of the appointment of a general secretary of home missions and two missionary superintendents, one for the Synod of Manitoba and the Northwest Territories, and one for the Synod of British Columbia, as recommended by the home missions committee of the western section. Dr. Warden, convener of the committee, declared that the assembly would make a fatal mistake in the interests of Presbyterianism and the Word of God, if the recommenda-

tions were not carried out. Dr. Warden moved that the recommendations be adopted; and that a large committee be appointed to nominate three ministers for the positions and report at an early session In seconding the motion, John Charlton, M. P., throught that the great west could hold 50,000,000 inhabitants. To keep the country for the - church. Presbyterians must put forth great ef-

forts, or "else it will slip from their hands." Dr. Warden's motion was unanimously carried.

INSURANCE. Sir Thomas Taylor presented a report from the committee on the protection of church property. The in-surance policies on the various churches and manses were reported to be in a satisfactory condition, but a number of presbyteries had not reported. As far as could be given, 409 churches were insured and 52 were without protection. A resolution was passed requesting presbyteries to send in full reports for presentation to the next assembly.

A pleasing feature of the session was the reception tendered to representatives of the Anglican Synod and the Toronto Methodist Conference, who brought with them the greetings of their respective bodies.

SABBATH SCHOOL LITERATURE. Dr. Warden presented an encouraging report from the committee on Sabbath school publications. The cash received during the year amounted to \$31,183 33, and the cash expended was \$29,119 48. A balance to the credit of the committee of \$8,573 94 remained on April 30, 1902. On May 1, there was an increase in assets over liabilities of \$12,036 11, being \$1,813 53 more than the previous year. The committee decided to issue a paper for senior pupils in January, 1903. Rev. J. M. Duncan, B.D., of Woodville, was appointed associate editor. The report called attention to the necessity providing suitable religious papers for French Protestant children, as recommended by the board of French evangelization. The report was adopted. RECEIPTS FOR MISSIONS. The receipts for foreign missions in the eastern section during the year were \$38,761 97. Of this sum, \$2,688 71 came from the legacy fund. The debt is now \$4,543. The total receips for the western section were \$121,692 44. of which \$48,286 97 was contributed by congregations, Sabbath schools and young people's societies. The contributions for 1901 were \$7,000 less than the previous year, which the committee deeply regretted.
Dr. McClure, a retired missionary from China, spoke on the work in Honan. In a hospital where he labored there were 28,000 cases attended to during the year, the hospital being a room 14 by 17 feet.

"BACK BREAKING IN TWO"

The Words Used by an Ottawa Lady in Describing Her Sufferings.

Ottawa, Ont., June 9.-Mrs. I. Wm. Rosseau, of 380 Gladstone street, this city, suffered for over three years. The pain in her back was something dreadful, and she says: "At times I felt as if my back were

breaking in two." Morning, noon and night she was tormented with a stupefying dizziness and pain in her head, which almost completely prostrated her. Occasionally her hands would swell and cause her much distress. She used three boxes of Dodd's Kid-

ney Pills and was completely cured. Every Russian going to a theater or other public entertainment is required to pay something toward the support of an institution established by the government for the benefit of the poor.

REWARD OF \$3,000.

Salem, Ore., June 14.—Governor Greer and Superintendent Lee, of the penitentiary, last night offered a reward of \$3,000 for the capture and re-turn, dead or alive, of Tracey and Merrill, the escaped convicts. This is Merrill, the escaped convicts. This is double the amount offered heretofore. Tracey and Merrill, who have been hunted for five days by 200 armed men, have eluded their pursuers, and it is now believed they crossed the Willamette River about twenty-five miles south of here. The militia companies have been called home, and the sheriff's posse gave up the chase last night.

DON'T PAY FOR SOME THING YOU DON'T GET.

HUDSON'S DRY SOAP and common soap cost about the same, and the former is an allsoap soap.
That means that it will go further and do more work.

Anything that will help the housekeeper to accomplish better results in a shorter time and with less labor it worthy of earwith less labor it worthy of earnest attention.

We don't claim that HUD-SON'S DRY SOAP is infallible always, nor do we say that it will accomplish its work unaided by intelligent usage and care. Given these, it will yield results that will prove to you set to mile. Given these, it will yield results that will prove to you, as to millions before you, that it has no equal in the realm of cleansers.

You have read before what we said about a "million." As all that wast army of housewives have been pleased and satisfied, so will you.
