horsemen wagging as they never wagged before. A few days ago young LARGE AMOUNT OF PRIVATE FUNDS Harold Savage made his appearance in the streets of the city driving the pacer with which his owner expects to win the world's championship. It is a great tribute to the intelligence of Dan Patch that his owner nermits his young hopeful to handle the ribbons over the horse, for it is few men that would trust his young son behind a stallion, and there are fewer men who would trust so valuable a horse with so youthful a driver, for Harold Savage is but eight years of age. 1. 2: Sea Lion, 8 to 1. 3. Time, 1.11. I round, with the possible exception of the seventh, in which he held his own

HARRY VIGEON, F. C. A., Imperial Bank Building, Toronto, Ont. CHANTREY, CHANTREY & CO., London, Eng. PROPERTY OF THE COMPANY.

This Company has secured 10,000 acres of the choicest wheat lands in Assiniboia, Canada, having paid to the owners in addition to cash, 60,000 shares of its Capital Stock, for which the owners are completely equipping the property with all the necessary buildings, steam plows, steam threshers, drills, wagons, tools, fences and everything necessary to operate the said 10,000 acres.

The Company's property will always be equipped with all the latest improved necessary machinery to produce wheat at the lowest cost. It is the intention of the Company to have its own elevator, of a capacity sufficient to store its entire production, thus enabling them to take advantage of the highest market prices from time to time. The market for wheat is unlimited.

The Company also has an option on 10,000 additional acres of the same character of wheat land as the 10,000 acres above mentioned, the property being located seven miles from the Canadian Pacific Railway, where large elevators are ready to receive the product.

This is an investment that will enhance in value as time goes by, not only from the large production of wheat, but the increased value of the Company's lands from year to year.

## DIVIDENDS.

Dividends of 15 per cent. per year, it is estimated, can be paid semi-annually, December 1st and June 1st of each year. Outside of the amount paid in dividends, the surplus earnings will be accumulated, and will either be divided among the shareholders as extra dividends, or used to purchase new wheat territory; or be otherwise employed as may be hereafter determined.

# Send for the Illustrated Prospectus and Maps of the Company's property, which will be mailed free on request.

### SUBSCRIPTION TERMS.

The full amount of \$5.00 per share must accompany the order. The right is reserved to allot a smaller number of shares than the amount subscribed for, in which event the balance of the money will be returned with the shares allotted.

Application will be made for a settlement of these shares on the London, Montreal and Toronto Stock Exchanges in due course.

MONEY MAY BE SENT BY POST OFFICE ORDER, EXPRESS, REGISTERED LETTER OR BY CHECK.
