

## STOCKS IN NEW YORK.

NEW YORK, Aug. 29.—There was a fair amount of activity at the Stock Exchange today, but the increase in business was at the expense of the market. The market was so "bearish" that the purchases were limited to upward of 10,000 shares, failed to have more than a momentary effect on values. The total transactions were 242,874 shares. Closing bids: 58; 59; 60; 61; 62; 63; 64; 65; 66; 67; 68; 69; 70; 71; 72; 73; 74; 75; 76; 77; 78; 79; 80; 81; 82; 83; 84; 85; 86; 87; 88; 89; 90; 91; 92; 93; 94; 95; 96; 97; 98; 99; 100; 101; 102; 103; 104; 105; 106; 107; 108; 109; 110; 111; 112; 113; 114; 115; 116; 117; 118; 119; 120; 121; 122; 123; 124; 125; 126; 127; 128; 129; 130; 131; 132; 133; 134; 135; 136; 137; 138; 139; 140; 141; 142; 143; 144; 145; 146; 147; 148; 149; 150; 151; 152; 153; 154; 155; 156; 157; 158; 159; 160; 161; 162; 163; 164; 165; 166; 167; 168; 169; 170; 171; 172; 173; 174; 175; 176; 177; 178; 179; 180; 181; 182; 183; 184; 185; 186; 187; 188; 189; 190; 191; 192; 193; 194; 195; 196; 197; 198; 199; 200; 201; 202; 203; 204; 205; 206; 207; 208; 209; 210; 211; 212; 213; 214; 215; 216; 217; 218; 219; 220; 221; 222; 223; 224; 225; 226; 227; 228; 229; 230; 231; 232; 233; 234; 235; 236; 237; 238; 239; 240; 241; 242; 243; 244; 245; 246; 247; 248; 249; 250; 251; 252; 253; 254; 255; 256; 257; 258; 259; 260; 261; 262; 263; 264; 265; 266; 267; 268; 269; 270; 271; 272; 273; 274; 275; 276; 277; 278; 279; 280; 281; 282; 283; 284; 285; 286; 287; 288; 289; 290; 291; 292; 293; 294; 295; 296; 297; 298; 299; 300; 301; 302; 303; 304; 305; 306; 307; 308; 309; 310; 311; 312; 313; 314; 315; 316; 317; 318; 319; 320; 321; 322; 323; 324; 325; 326; 327; 328; 329; 330; 331; 332; 333; 334; 335; 336; 337; 338; 339; 340; 341; 342; 343; 344; 345; 346; 347; 348; 349; 350; 351; 352; 353; 354; 355; 356; 357; 358; 359; 360; 361; 362; 363; 364; 365; 366; 367; 368; 369; 370; 371; 372; 373; 374; 375; 376; 377; 378; 379; 380; 381; 382; 383; 384; 385; 386; 387; 388; 389; 390; 391; 392; 393; 394; 395; 396; 397; 398; 399; 400; 401; 402; 403; 404; 405; 406; 407; 408; 409; 410; 411; 412; 413; 414; 415; 416; 417; 418; 419; 420; 421; 422; 423; 424; 425; 426; 427; 428; 429; 430; 431; 432; 433; 434; 435; 436; 437; 438; 439; 440; 441; 442; 443; 444; 445; 446; 447; 448; 449; 450; 451; 452; 453; 454; 455; 456; 457; 458; 459; 460; 461; 462; 463; 464; 465; 466; 467; 468; 469; 470; 471; 472; 473; 474; 475; 476; 477; 478; 479; 480; 481; 482; 483; 484; 485; 486; 487; 488; 489; 490; 491; 492; 493; 494; 495; 496; 497; 498; 499; 500; 501; 502; 503; 504; 505; 506; 507; 508; 509; 510; 511; 512; 513; 514; 515; 516; 517; 518; 519; 520; 521; 522; 523; 524; 525; 526; 527; 528; 529; 530; 531; 532; 533; 534; 535; 536; 537; 538; 539; 540; 541; 542; 543; 544; 545; 546; 547; 548; 549; 550; 551; 552; 553; 554; 555; 556; 557; 558; 559; 560; 561; 562; 563; 564; 565; 566; 567; 568; 569; 570; 571; 572; 573; 574; 575; 576; 577; 578; 579; 580; 581; 582; 583; 584; 585; 586; 587; 588; 589; 590; 591; 592; 593; 594; 595; 596; 597; 598; 599; 600; 601; 602; 603; 604; 605; 606; 607; 608; 609; 610; 611; 612; 613; 614; 615; 616; 617; 618; 619; 620; 621; 622; 623; 624; 625; 626; 627; 628; 629; 630; 631; 632; 633; 634; 635; 636; 637; 638; 639; 640; 641; 642; 643; 644; 645; 646; 647; 648; 649; 650; 651; 652; 653; 654; 655; 656; 657; 658; 659; 660; 661; 662; 663; 664; 665; 666; 667; 668; 669; 670; 671; 672; 673; 674; 675; 676; 677; 678; 679; 680; 681; 682; 683; 684; 685; 686; 687; 688; 689; 690; 691; 692; 693; 694; 695; 696; 697; 698; 699; 700; 701; 702; 703; 704; 705; 706; 707; 708; 709; 710; 711; 712; 713; 714; 715; 716; 717; 718; 719; 720; 721; 722; 723; 724; 725; 726; 727; 728; 729; 730; 731; 732; 733; 734; 735; 736; 737; 738; 739; 740; 741; 742; 743; 744; 745; 746; 747; 748; 749; 750; 751; 752; 753; 754; 755; 756; 757; 758; 759; 760; 761; 762; 763; 764; 765; 766; 767; 768; 769; 770; 771; 772; 773; 774; 775; 776; 777; 778; 779; 780; 781; 782; 783; 784; 785; 786; 787; 788; 789; 790; 791; 792; 793; 794; 795; 796; 797; 798; 799; 800; 801; 802; 803; 804; 805; 806; 807; 808; 809; 810; 811; 812; 813; 814; 815; 816; 817; 818; 819; 820; 821; 822; 823; 824; 825; 826; 827; 828; 829; 830; 831; 832; 833; 834; 835; 836; 837; 838; 839; 840; 841; 842; 843; 844; 845; 846; 847; 848; 849; 850; 851; 852; 853; 854; 855; 856; 857; 858; 859; 860; 861; 862; 863; 864; 865; 866; 867; 868; 869; 870; 871; 872; 873; 874; 875; 876; 877; 878; 879; 880; 881; 882; 883; 884; 885; 886; 887; 888; 889; 890; 891; 892; 893; 894; 895; 896; 897; 898; 899; 900; 901; 902; 903; 904; 905; 906; 907; 908; 909; 910; 911; 912; 913; 914; 915; 916; 917; 918; 919; 920; 921; 922; 923; 924; 925; 926; 927; 928; 929; 930; 931; 932; 933; 934; 935; 936; 937; 938; 939; 940; 941; 942; 943; 944; 945; 946; 947; 948; 949; 950; 951; 952; 953; 954; 955; 956; 957; 958; 959; 960; 961; 962; 963; 964; 965; 966; 967; 968; 969; 970; 971; 972; 973; 974; 975; 976; 977; 978; 979; 980; 981; 982; 983; 984; 985; 986; 987; 988; 989; 990; 991; 992; 993; 994; 995; 996; 997; 998; 999; 1000.

## CHINESE VICTORY.

Report That Japanese Have Been Defeated and Driven From Huang Chow.

Warships Aground—Foreigners in Tientsin Upraised on Account of Native Troops.

SHANGHAI, Aug. 29.—All sorts of rumors are afloat concerning the battle alleged to have been fought between the Japanese and Chinese troops on Aug. 18, but nothing official has been received here. According to reports received by the native press, a force of 5,000 Chinese troops attacked the Japanese forces guarding the Ping Yang pass in Northwest Korea and drove them from their position. The Chinese were joined by a large number of Koreans, who applied for arms and assignment to the Chinese advance guard. These accounts say that next day the Chinese troops were reinforced by 4,000 men from YI Chow, and with this augmentation on Aug. 19, engaged and defeated the Japanese at Chung Hui.

Additional troops, to the number of 16,000, joined the Chinese army on August 19, and next day another attack was made on the Japanese with the result that the latter lost 4,000 men and left a large amount of ammunition, baggage, etc., on the field. On August 18, according to the native press, the Chinese were fired upon by thirteen Japanese warships in the Tamsui river, near Huang Chow, losing several hundred men. Subsequently three of the warships got aground and were fired upon and seriously damaged by the Chinese artillery. The Japanese forces retreated southward and were pursued by the Chinese cavalry until night. On the following day, Gen. Yeh, commanding the Chinese army, succeeded in getting to the rear of the Japanese, routing them after a sharp fight, and capturing Huang Chow.

LONDON, Aug. 30.—The Shanghai correspondent of the Central News Agency says: "There is an uneasy feeling in Tientsin owing to the attitude of the native troops. Foreigners are arming themselves as they fear an attack. The French warship Lion, the German Wolf, the British Linnet, the American Monocacy and the Russian Sibootch have been sent by their governments to Tientsin."

VIENNA, Aug. 30.—A Japanese government agent has bought 200,000 guns of the old type in this city, and is said to have had most of them shipped to Amsterdam, whence they will be carried to Yokohama.

BRUSSELS, Aug. 29.—Eber Wulffing, a member of the silver commission, has written a series of articles to the Deutsche Wochenschrift, attacking the interests of the German Government in Germany, and proposing to open subscriptions in Germany to a Chinese loan. Herr Wulffing warns the public against subscribing to a gold loan, such as is proposed, inasmuch as China is a poor country, and which would lead to the conclusion of a gold loan to China would inevitably lead to losses in Germany's financial dealing with Mexico.

GLASGOW, Aug. 29.—The steamship Islam, seized by the customs authorities here, acting under instructions from the British government has been released. The Japanese minister has guaranteed that the Islam is not to be used for the purpose of attacking the British fleet.

WASHINGTON, Aug. 29.—Admiral Ramsay received a cablegram this morning from Commodore Carpenter at Nagasaki, announcing that the Japanese fleet, under the U. S. S. Monocacy for Chinampo, Korea. The Monocacy has been at Nagasaki since July 31, taking on coal and stores and awaiting the arrival of Commodore Carpenter, who was sent out from Washington last month to command the Atlantic squadron. On the arrival of the Monocacy at Chemulpo, where the Baltimore has been alone in guarding the straits, for some time, Commodore Carpenter will hoist his flag on the latter vessel. The Concord and Petrel, which were ordered from Behring to reinforce the Atlantic squadron, are daily expected at Yokohama. Commodore Carpenter will probably order one of them to Shanghai and the other to Chemulpo, relieving the Baltimore, which will then cruise as far south as Hongkong. The Charleston, which left San Francisco last Sunday morning, expected to reach Yokohama soon after September 20, when she will be joined by the commander-in-chief and become the flagship of the squadron.

The new Japanese minister, Shinohiro Karino, has been presented to the president. The presentation was remarkable for its cordiality, but this is a new departure, as the size of the new minister to present his credentials and be fully empowered to deal with the state department before the president leaves Washington City.

## MASSACHUSETTS STRIKES.

NEW BEDFORD, Mass., Aug. 29.—The strike situation remains practically unchanged, and little excitement attended the opening of the Bennett and Columbia mills this morning. The striking speeches made on the Common have not put the manufacturers in a very good state of mind, although they refuse to do anything to say in reply to any of these speeches. The manufacturers' policy to be drawn into conversation on any course the strikers may be taking. The operatives have a more hopeful feeling since the managers of the Bennett and Columbia mills have given in to their demands. The Card and Pickers room association and weavers' executive committee are kept busy sending members from the city seeking aid and restoring word of the progress made by those already in other cities. The exodus of mill help from the city has partially ceased, and yesterday only 20 through tickets to Canada were sold, making 100 in all. By the starting up of the Bennett and Columbia mills, about one-third of the unemployed carders and pickers have been employed.

## SHARP PRACTICE.

LONDON, Aug. 28.—The St. James Gazette publishes a letter written by an Anglo-Canadian, in which the writer argues that American sealers are poaching extensively in the Mackenzie River and Hudson Bay. This writer regards as exceedingly sharp practice, inasmuch as while brother Jonathan invites the powers to adhere to the Behring Sea award, he has done some poaching on his own account.

## ANARCHIST PLOT.

ROME, Aug. 29.—A journal in Barcelona says that an anarchist plot to kill the King of Greece was revealed recently by an informer to the Milan police. The plot was organized by the informant was arrested in Milan and was found to be in possession of letters proving that he intended to stab the King.

## DUTCH DEFEAT.

THE HAGUE, Aug. 29.—The official journal publishes a dispatch giving an account of a disaster to the Dutch forces on the Isle of Lombok at the hands of the troops of the Sultans of Lombok, which shows that the Dutch losses are over 500 men killed, wounded and missing. The dispatch says that General Vetter, the commander of the expedition, was surprised at eleven o'clock at night by a large force of natives, who kept up a continuous firing throughout the night. The result of this attack was that the Dutch lost 14 killed and 85 wounded. Water supply failing, the Dutch retreated towards Mataram, the capital of the island. The natives harassed them on route and farther on they raised barricades, which they defended. Then Vetter lost a score or more men. On August 27 the Dutch scored a complete victory over the natives, but the total was 22 officers and 384 men killed; wounded or missing, besides losing four field guns. The other columns under Col. von Babel and others were at the same time operating separately in other parts of the island, and though their losses are not stated, it is known that they are heavy. It is known that Col. von Babel was among the killed. Five steamships with troops and their guns will leave Batavia, Java, for Lombok tomorrow. The people here are greatly excited over the disaster to the Dutch arms and believe that the whole truth has not yet been told. They are clamorous for prompt measures to wipe out the Dutch defeat, and Gen. von der Wijck, governor-general of the Dutch Indies, has summoned a council of cabinet and military members to determine upon decisive measures against the Lombok natives.

## KNIGHTS OF PYTHIAS.

WASHINGTON, Aug. 29.—Indianapolis will probably be chosen for the next encampment. The Indiana delegates are urging the claims of their city, while Louisville has practically withdrawn from the field as she will entertain the Grand Army next year, if possible.

An Idaho delegate, J. W. Daniels, has presented Supreme Chancellor Blackwell with a gold and silver jewel. Delegate Lee, of Rhode Island, has been elected official reporter, and the Supreme Lodge rank was conferred on the representative of the Grand Army of the Republic.

The report of Supreme Chancellor Blackwell dealt in a vigorous manner with the question arising from what he terms the "organized rebellion" of certain persons who have persisted in publishing and using a German translation, despite the refusal of the Supreme Lodge to permit such translations. He recommended that they be expelled from the order, and a ban be placed on the publication of the translation. The membership of the order on July 1 was, he stated, 455,741. The financial condition was most satisfactory.

## MURDER AND INCENDIARY.

LEVILLE, Aug. 29.—Unless there should be a reprieve, which is doubtful, the execution of Abbe Bruneseau, convicted of murder, robbery and arson, will take place tomorrow morning. Thousands of people have assembled here to witness the execution, and the streets are thronged with people to last them several days. Most of these are camped in the streets. Dierker, the executioner, and a strong force of troops are on duty. Dr. Domingue, advocate for Abbe Bruneseau, had an audience with President William Parrier this morning, endeavoring to secure executive clemency on the part of his client. The advocate received only the usual assurance that his argument would be duly considered. This disposes of the rumor that the condemned priest has had his sentence commuted. He will be executed by guillotine tomorrow unless some extraordinary and unforeseen action should be taken in the meantime.

(LATER), Aug. 30.—Abbe Bruneseau was executed at 9:30 o'clock this morning. He was convicted of the murder of Abbe Priol, the venerable curé of Entrammes.

## WINNIPEG WIRINGS.

WINNIPEG, Aug. 29.—(Special)—It is stated that the object of the visit of Messrs. Holt, Mann and Mackenzie to Winnipeg is to revive the Hudson Bay railway scheme, and after having got it into shape to secure aid from the Dominion and Provincial governments and possibly from the city of Winnipeg. They are very reticent on the matter.

The fire, water and light committee has declined to consider the offer of the Keewatin Power Company to supply 5,000 to 10,000 horse power to city patrons. Dr. Gillies has been appointed medical superintendent of the Brandon asylum.

Cheap excursion rates are offered by the C.P.R. to Banff.

The C.P.R. announce a sweeping reduction in lumber freight rates from Port Arthur to Manitoba points. The charges for handling grain at terminal and interior elevators are also to be reduced.

## INTERSTATE FAIR.

TACOMA, Aug. 29.—This morning U. S. Senator Squire arrived by train from Seattle and in the unavoidable absence of Lieut. Governor McGraw, touched the button and opened the Interstate fair. The button had been arranged in the main building on the grand stand music room. Every place of the grounds which is supplied with power from the big engines in the main building being connected with the electric wires leading up to the button, the wheels, big and little, alone went in operation.

## POSITION OF HOME RULERS.

DUBLIN, Aug. 29.—John Dillon, M.P., speaking here this afternoon, said there would not be the slightest use in re-debating the Evicted Tenants bill next session, unless the Irish could utilize the interval in such a way as to convince the landlords that their best policy would be to pass the measure. Unless the government plainly declared its policy in regard to the House of Lords, he said, the Irish party would have to reconsider their position.

## IMMIGRANTS FOR B. C.

OTTAWA, Aug. 29.—(Special)—Elliot Bell arrived in this city today en route for England, whether he is being sent by the B. C. government as immigration agent. Mr. Bell will endeavor to enlist the sympathies of capitalists, his opinion being that there is little use in attempting to locate settlers in British Columbia, unless they have some capital.

Cheese Factories in Western Ontario Close Down Owing to the Severe Drought.

(Special to the Colonist.)

MONTREAL, Aug. 29.—Last night a fire broke out in the big wooden coal warehouse of T. F. Moore & Co., on Jacques Cartier street. The brigade was on the spot and got the fire in hand early, but not before about \$20,000 worth of damage was done in the coal sheds and several thousand extra for the neighbors. The flames spread rapidly along the roof of the warehouse, containing twenty thousand tons of hard coal and licked up the hay like matches in stables near by. The firemen managed to save nine horses from the burning stable. Several houses on Amburst street were badly damaged by fire and smoke.

LONDON, Aug. 29.—As a result of the severe drought, a number of cheese factories in Western Ontario have shut down, and for some having become so scarce that the yield of milk has enormously decreased. For weeks the farmers have been feeding hay to their cows and now special feed has to be given to keep the cows in milk before the usual time.

MONTREAL, Aug. 29.—A drydock for Montreal has long been spoken of by steamship men and underwriters. The necessity of having one has frequently been demonstrated when a steamer meeting with an accident has been forced to go to Quebec for repairs. The scheme has at last been taken hold of in earnest and a petition has been forwarded to the government to this effect.

KINGSTON, Aug. 29.—Kington has had its first fatal trolley accident this morning when a stranger named Spooner, an aged man, was struck and injured to such an extent that he died in the hospital a short time afterwards. He was dead and did not hear the car.

QUEBEC, Aug. 29.—Sir N. F. Belleau, ex-Lieut. Governor of the Province, is again in a critical condition and his death is hourly expected.

CALGARY, Aug. 29.—At a public meeting last night a resolution was passed requesting the Northwest Assembly to grant to Calgary district additional representation in the Northwest Assembly.

OSHAWA, Aug. 29.—Yesterday, Deborah, the 16-month-old daughter of Renben Benest, of Albert street, was sold to death. Her mother had filled a kettle with boiling water and turned her back for an instant. The child raised itself and fell head foremost into the scalding water.

MONTREAL, Aug. 29.—Hugh A. Allan says if the fast Atlantic service could have been profitably maintained, his company would have established it long ago. He adds that it is a difficult thing to run a knot service would have to be content with what would render such a service impracticable.

## STRETCHING OUT.

SAN FRANCISCO, Aug. 26.—A local paper says editorially: "We in California, who are justly proud of our wealth and resources and industries and who are accustomed to look upon the world as a necessary customer, may be astonished to learn that a distant but vigorous country, Australia, has entered the lists against us and challenged us in earnest for the supremacy. The way would be to send a private concern, and methods and as soon as she got things into running order she started out against us, commissionaires, drummers, they would be called, if repeated, a private concern, and giving them carte blanche as to time and expenses, sent them to India, China and Japan to represent to those countries the same in Hongkong and Shanghai. The facilities she possesses for supplying them with staple articles of necessity."

"The commissionaires were regularly accredited to the several governments and were instructed to secure a monopoly of the trade in Australia and to secure a foothold for Australian products in India and Singapore they succeeded in gaining a permanent footing for such Australian products as flour, hay, maize, canned meats and fruit, and bundles, butter, honey and cheese, where only American and chiefly goods from California had been known or dealt in before, and it was very much the same in Hongkong and Shanghai. It has been stated for California flour that Australia now disputes this and asserts that the best product to compare favorably with the best product of California."

"At the present time freight rates from California to China and Japan are lower than from Australia to those countries, but the same is not true of the trade in Australia and to secure a monopoly of the trade in Australia and to secure a foothold for Australian products in India and Singapore they succeeded in gaining a permanent footing for such Australian products as flour, hay, maize, canned meats and fruit, and bundles, butter, honey and cheese, where only American and chiefly goods from California had been known or dealt in before, and it
