

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work. I had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I decided to try it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. James Conley, 816 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female trouble should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a great valuable and invigorator of the female organism. All women are urged to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

STRATEGY AND PREPARATION CONTROL LUCK.

Luck is always with the man who is prepared. It can safely be said without contradiction that there are no accidental successes in business. The man who makes money and is rated a successful man, first puts himself in the line of success, by making the proper preparation, by creating around himself the right atmosphere, fixing the circumstances and the so-called luck which subsequently comes to him falls to his lot because he is the logical man to secure it. No one else occupies the position of strategy.
