"A Perfect Woman Nobly Planned To Warn, to Comfort and Command"

Nature never intended woman to be delicate, ailing, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from girlhood to womanhood, and from motherhood to middle life, with backache, or headache, dizziness, faintness, or bearing-down sensations. For a permanent relief from these distressing symptoms nothing is so good as

DR. PIERCE'S FAVORITE PRESCRIPTION

as a soothing and strengthening nerve—allays and subdues nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

The "Favorite Prescription" is known everywhere and for over 40 years as the standard remedy for the diseases of women. Your dealer in medicines sells it in liquid or tablet form; or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription tablets. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

Fare \$ 2 50

Following is the report for S. S. No. 1, Metcalfe for April and May. Those marked with an asterisk have been present every day during the two months. Sr. IV., Maxium 800.—*Hetta Freer 554. Jr. IV., Maxium 800.—*Merrill Freer 485. Alf Dymond 462, Gladys Johnson 369. Sr. III., Max. 650.—Annie Campbell 452, *Russell Johnson 402, Irene Eastbrook 375. Jr. III.—Alice Johnson 304. II., Max. 550.—Gordon Johnson 345, Frank Dymond 298, Stanley Morgan 266. Sr. I., Max. 350.—Walter Eastbrook 22, *Clayton Johnson 214, Stanley Johnson 204, *John Redmond 164, Gladys Shamblaw 140. Jr. I., Max. 200.—Dalton Morgan 190, Leola Shamblaw 144, Harry Johnson 124, Clayton Morgan 103. A., Max. 200.—Fred Dymond 130, Aimee Campbell 105. B., *Jimmy Eastbrook.—L. K. MCKELLAR, Teacher.

Catarh Cannot be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarh. Send for testimonial, free.

F. J. CHENEY & CO., Props., Toledo, O.
Sold by Druggists, price 75¢.
Take Hall's Family Pills for constipation.

CHOP STUFF.

Frank Fraser, Wyoming, had his arm broken last week by a kick from a horse. In view of the epidemic of scarlet fever and measles the Carnegie library in Forest has been closed for a short time.

E. D. Smith, of Winona, who has been appointed a senator recently, is president of the Lambton Packing Co., of Petrolia, and a brother-in-law of Mr. J. E. Armstrong, M. P. for East Lambton.

Henry Carlton died suddenly in Sarnia while in the studio of J. S. Thom, where he had been engaged in a friendly game of checkers with W. J. Proctor. Mr. Carlton was suddenly seized with a fit of coughing, shortly after which he died, death being due to hemorrhage of the lungs. Deceased was 52 years of age and had been a resident of Sarnia for 16 years. A widow is left, besides two sisters and four brothers.

A THOROUGH PILL.—To clear the stomach and bowels of impurities and irritants is necessary when their action is irregular. The pills that will do this work thoroughly are Parneelee's Vegetable Pills, which are mild in action but mighty in results. They purge painlessly and effectively, and work a permanent cure. They can be used without fear by the most delicately constituted, as there are no painful effects preceding their gentle operation.

HORSES AND HARNESS.

A Plea For Lightness and Simplicity in the Trappings.

From many fragments of the architecture of the early ages and first allusions to the horse as a domesticated animal it is obvious that nothing superfluous in the way of saddlery and harness was employed, and on Grecian bas-reliefs and friezes horses are represented as being ridden without bit, bridle, saddle or stirrups, the animals being trained to obey the indications of the hand and leg, while the attachments for draft to the chariots used in war and sport were of the simplest character. As time went on, however, superfluous and injurious portions of harness were introduced, the weight of leather and metal furniture increased, and more attention was paid to appearance than utility.

This has continued down to the present times, and, in spite of the protests of those who have made the welfare of the horse a specialty and the example of a few enlightened owners who have realized the advantage of lightness and simplicity in harness, there still persists the idea that certain portions, such as the bearing and hame rein and the winker bridle, even if unnecessary and useless, give the horse a more furnished appearance and, when dispensed with, a naked look. In other terms, fashion or custom outweighs consideration for the comfort, well being and effective working of the horse.—Animal's Friend.

Why He Was Popular.

The man with a natural aptitude for mechanics received so many invitations to take automobile trips with friends who acted as their own chauffeur that he came to be envied by his less popular acquaintances. One day the popular guest condescended to enlighten them on his true status.

"You fellows needn't get green eyed," he said. "I haven't got such a snap as you think I have. What they want me to go along for is to blow up the tires and make repairs in case of accident. I wouldn't be such a hot favorite if I wasn't so proficient in that line. The knowledge that I wouldn't be somewhat galling, but as I enjoy the trips I swallow my pride and accept the invitations."—New York Times.

Royal Trains.

Few people know that the passage of a royal train is guarded almost every yard of the way by the journey of the sovereign short or long. Many people laugh when they read of lines upon lines of soldiers being drawn up along the railway metals in Russia when the czar travels, but the same thing practically occurs in England, says the Pall Mall Gazette, only without the ostentatious display of uniforms. The line over which the royal train is to pass is quite as effectively guarded, though to all appearance there is nobody there.

Why Waste Words?

"Hello! Is that you, John?"
"Yes."
"Did you go to the store and order the things I spoke about when you left home this morning?"
"Why, to tell you the truth, Maria!"
"That's all. Goodby."—Chicago Tribune.

Both Were Ancient.

"What kind of a bird was the dodo?" asked the callow youth of the breezy bud.
"I don't know," she answered. "That bird is extinct, but ask Miss Serleleaf over there. Maybe she's seen one."—Exchange.

A Mean Trick.

Knicker—Why did Jones give his wife a clock that strikes the quarters?
Rocker—It keeps her so confused she doesn't know what time he comes home.—Puck.

The strongest things are in danger from the weakest.—Disraeli.

No Reward For a Tin Mine.

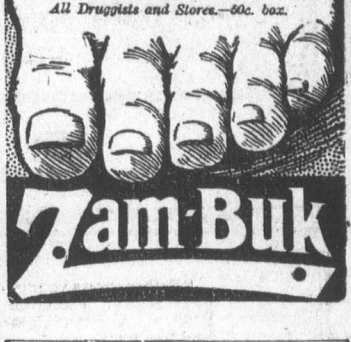

For some unknown reason there is a widely prevalent idea that the United States offers a reward for the discovery of a tin mine that can be worked at a profit. Many letters are received by the geological survey every year asking about this supposed reward. Where the rumor started is unknown, but it seems to be fostered by unscrupulous or ignorant persons who have mining stock to sell. The survey's officials say that the United States does not offer and so far as known to them never has offered a reward for the discovery of a tin mine or any other mine.
