CORUNDUM FOR POLISHING

OPINIONS OF USERS:

Factory "G," International Silver Co., Norwich, Conn., says:

"We find it will do just double the work that any emery we ever had would do. Wheels that have lasted us from ten to twelve days with emery are now lasting us from twenty-four to twenty-six with corundum. Besides the saving in time, the work itself is very much more satisfactory."

We are pleased to supply samples for testing purposes.
