

"We are endeavoring to make the most artistic Upright Piano in every respect. The only favor we ask you is to compare it critically with the very best American Pianos, and let us explain to you several improvements of great importance which have been the cause that

----- THE -----

Pratte Pianos

Have delighted all the European artists who have examined them.

ALBANI.

Your piano is excellent in every respect, and has given me entire satisfaction. I desire to congratulate you.

EA. ALBANI GYE.

GUILMANT.

I have found your piano excellent. The touch is quite pleasing, the tone is charming and possesses in a high degree that sustaining quality, combined with fulness of tone, which is so seldom found.

ALEX. GUILMANT,
Organist of La Trinité, Paris.

PEVNEY.

Your piano is excellent. It has a rich and very fine "singing" quality of tone. It has given me entire satisfaction.

IRENE PEVNEY.

Prima Donna, Singer to the Royal Court of Bavaria.

REMENYI.

I was immensely pleased with the rich tone, splendid action and elegant appearance of the instrument.

ED. REMENYI,

Buda-Pesth, Hungaria.

LLOYD.

Your very excellent piano does you credit. The tone is rich, full, and of a "velvety" quality, such as artists appreciate, whilst the touch is everything that can be desired. Your pianofortes will assuredly command a high standing amongst the profession and those seeking a really first-class instrument.

EDWARD LLOYD.

HENSCHEL.

I have pleasure in testifying to the excellence of your upright pianos, of which I tested three this morning. Touch and tone are equally fine and the workmanship, both in case and mechanism, most solid and reliable.

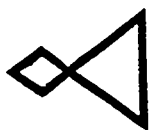

GEORGE HENSCHEL,
London, England.

PRUME.

Your pianos are as remarkable for their delicate touch, which admits of the utmost variety of shade, as for their pure and sympathetic tone. The equality and elasticity of the mechanism are admirable. Perfect in every respect.

JEHIN PRUME,

Violinist to His Majesty the King of Belgium.
