No. 1.

“APENTA”

THE BEST NATURAL APERIENT WATER.

BOTTLED AT THE SPRINGS, BUDA PEST, HUNGARY.

“We know of no stronger or more favorably constituted Natural Aperient Water.”

L. Lieberman
 Royal Councillor, M.D., Professor of Chemistry, and Director of the Royal Hungarian State Chemical Institute (Ministry of Agriculture), Buda Pest.

APPROVED BY THE ACADEMIE DE MEDECINE, PARIS.

“The proportion of sulphate of Soda to sulphate of Magnesia is 15.432 to 24.4966 in the litre, so that this Water may be classed with the best Aperient Waters, and be pronounced one of the strongest.”

PROFESSOR OSCAR LIEBREICH,
University of Berlin (“Therap. Monatshefte”).

“A most useful Aperient.”
 “The presence of lithium in Apenta Water explains why a course of the latter is so useful in warding off attacks of gout, and in moderating their intensity when present.”

“The Lancet” says:—“A much-esteemed purgative water.”—“Its composition is constant. The practitioner is thus enabled to prescribe definite quantities for definite results.”

“Used with good success in Hospital and private practice in Toronto and Montreal.”
