DR. WISTAR'S BALSAM OF WILD CHERRY.

It was known many years ago that the wild cherry tree of this climate possessed valuable medicinal properties. Indeed, this fact was known to the aborigines, and a decoction of the leaves or bark of this tree has ever been regarded by their physicians as one of the most effectual remedies in many diseases. This fact, several years since, arrested the attention of Dr. Wistar, a highly respectable practitioner at Virginia. He investigated with care, the healing properties of the wild cherry—tested its effects when administered alone, and when in combination with other remedial agents. He found that its natural virtues might be greatly improved, and by combining it with ingredients, whose properties were well proved and generally recognized, a medicine was produced which constitutes a remedy of great value in pulmonary affections and diseases of the chest and throat—diseases which are proverbially prevalent in our cities and large towns, and often prove fatal, swelling the bills of mortality to a much greater extent than is the case with most others, we had almost said all other classes of diseases.

E. V. WILSON, General Travelling Agent.

Observatory, Toronto, Sept. 9, 1851.

At the request of Mr. Wilson I have examined his Lightning Conductor, and heard his explanation respecting it. His views appear to me to be reasonable and correct, and the Metallic Point a good form of the Instrument; the Platinum Point is an essential part of it, but I do not consider the Magnets to be so, or that they can have any possible effect, good or bad, as such: as additional points, the opinion of the best authorities is that such are of no use; one good point being all that is necessary, but they can do no harm.

I further state, at Mr. Wilson's request, that in my opinion any building so elevated as the St. Lawrence Hall, or the Lunatic Asylum, ought to be provided with several Points, and several Conductors, which latter should be placed in good metallic communication with the tin covering of the roof and any other considerable masses of metal about the building. The Conductors should be led off to the iron water pipes underground.

HEALTH WHERE 'TIS SOUGHT!

HOLLOWAY'S PILLS.

Cure of a Case of Weakness and Debility, of Four Years' Standing.

Extract of a Letter from Mr. Smith, of No. 5, Little Thomas Street, Gibson Street, Lambeth, dated Dec. 12, 1850.

To Professor HOLLOWAY,—

Sir,—I beg to inform you that for nearly five years I hardly knew what it was to have a day's health, suffering from extreme weakness and debility with constant nervous headaches, giddiness and sickness of the stomach, together with a great depression of spirits. I used to think that nothing could benefit me, as I had been to many medical men, some of who after doing all that was within their power, informed me that they considered that I had some spinal complaint beyond the reach of cure, together with a very disordered state of the stomach and liver, making my case so complicated that nothing could be done for me. One day, being unusually ill and in a dejected state, I saw your Pills advertised and resolved to give them a trial, more perhaps from curiosity than a hope of being cured, however, I soon found myself better by taking them, and so I persevered in their use for six months, when I am happy to say they effected a perfect cure.

[Signed]
