Boilers and Radiators

For Hot Water or Steam

The Boilers are powerful, simple to operate and wonderfully economical in the use of coal.

The Radiators are artistic in design and mechanically perfect—no bolts or packing, but iron to iron joints that can never leak.

Sizes and styles to suit all needs.

Mercantile Summary.

OUR Toronto municipal buildings have cost thus far \$1,849,000, and it will take \$275,000 more to finish them.

THE new Bank of Commerce building in Goderich is completed, and is pronounced the prettiest and the most quaintly constructed one on the Square.

THE town clerk of Simcoe will receive tenders up to December 16th next, for twenty local improvement debentures of \$100 each, at the yearly rate of 5 per cent.

THE steamer "Queen City," sailing from Duluth for Buffalo last week, broke all Lake Superior cargo records. She carried 156,256 bushels of barley and 56,000 bushels of wheat, equal to 5,430 tons, from Lake Superior to Lake Erie.

THE natural facilities for quick dispatch by the Canadian Pacific route are indicated by the fact that we have now mail advices from Shanghai via Vancouver, dated October 9th, or a week later than those published yesterday, and received by the Suez Canal route.—*Manchester Guardian*, Nov. 12th.

THE St. Thomas *Journal* announces the arrest last week of James Scott, of Woodstock, for many years proprietor of a grocery store there. The arrest was made at the instance of T. H. Parker, and the charge was conspiring to defraud his creditors. He was released on giving bonds for \$800 to appear at the police court last Monday. The difficulty has arisen over a note for \$2,000, held by the complainant.

THE assignment is noted of Mrs. M. E. Richardson, general dealer at Marathon, Ont. Her husband, W. B. Richardson, ran a grocery business in Ottawa for a short time, and moved to Kinburn in 1894, where he bought a general store, but not being able to carry out the terms of purchase, the former proprietor resumed possession, and the present business was started a year ago in his wife's name.

THE following is a little group of failures in the millinery line. Mrs. E. Fauteux, of Montreal, has been served with a demand in insolvency and has assigned; indebtedness, \$3,746.—Miss E. Toupin, Montreal, who owes some \$900, is offering 20 cents on the dollar.—Miss E. Guay, of Levis, Que., has assigned, with liabilities estimated at about \$800.—A demand of assignment has been served upon Kate Kennedy, doing business in Montreal under the style of M. Kennedy & Co.

White Bear

Gold Mine, Rossland, B. C., has these special features.

500,070 shares are set apart for development purposes, and money obtained for all stock now sold is used on the property. The mine is paid for. The mine has the celebrated Le Roi vein. (See prospectus.) The shares are absolutely non-assessable, fully paid-up. One dollar shares are offered at **TEN CENTS EACH** until further notice, in lots of 100 shares and upwards.

This company has the following directors in Toronto and the business is managed here.

Hon. J. E. McDougall, Judge of the County Court Toronto.

D. Morice, Terminal Superintendent G.T.R., Toronto.

Rev. J. H. Starr, Director of Dominion Savings and Investment Society, London, Ont.

J. J. Warren, Barrister, Toronto.

W. T. Stewart, M.D., C.L., Toronto.

There are now eighteen mines at Rossland equipped with steam plants, one of the latest additions being the WHITE BEAR. The crown grant has been issued.

IT IS IMPORTANT

For you to know that the money you put into mining shares is used to develop the mine in which you invest.

Granby Rubbers

It is no wonder that rubbers which are not the same shape as the boot should be uncomfortable. It costs money to employ skilled pattern makers, but the result is a satisfactory fit. Each year new patterns are added, to fit all the latest shoe shapes, and GRANBY RUBBERS are always "up-to-date." They are honestly made of pure rubber—thin, light, elastic, durable, extra thick at ball and heel.

They Don't Draw the Feet.

They Fit the Boot.
