Mercantile Summary.

LA BANQUE JACQUES CARTIER has opened a branch in Valleyfield, Que.

A BEDFORD, Que., letter states that a great demand for phosphates exists there about this season and that the supply is insufficient.

MR. HENRY W. DARLING has been appointed Manager of the English and Scottish Investment Company, in room of the Hon. James Patton, appointed Collector of Customs, resigned.

A MEETING of shareholders was recently held, says the Sherbrooke Gazette, for the purpose of winding up La Nationale Building Society. After some discussion it was decided to continue business.

A SHOE store was started in Newmarket about eighteen months ago by H. F. Deering. Meeting severe competition from the general storekeepers, his business never was a success, and not having much capital he had to assign, and has since left the place.

MR. ISAAC NAYTON, a dealer in clothing in this city, has changed the situation of his premises about three times within a year. Some time ago he was burnt out, and after getting his insurance he is reported to have left the country. His reputation not being very good, his liabilities are small.

A DEALER in novelties in Toronto, W. H. Thorold, had gradually worked up a nice little business and recently opened a snug shop on one of the principal streets. He assigned a few days ago. Mrs. Smith, a milliner, who is chiefly indebted to one house in this city, has also assigned.

THEY have found out in England at last why English cheese has almost disappeared from the London provision stores. It was reported at a late meeting of the Chambers of Agriculture that while cheese can be brought to London at thirty shillings a ton from America, it costs fifty shillings a ton to bring it from Cheshire.

MR. ALEX. DRAKE, a general storekeeper at Florence, was recently burned out, his stock being destroyed and not insured. He was therefore obliged to consult with creditors as to his future. A statement of his affairs shows liabilities of \$12,000, while the assets, consisting chiefly of book debts, amount to about \$5,000. Trustees have been appointed, and it is thought that a compromise will result. We presume it never occurred to this gentleman that in his financial condition it was neither prudent nor fair to his creditors to become his own insurer.
