

Col. Gilder and his companion Griffiths, who seek to reach the North Pole, are wintering among the Esquimax near York Factory, with a view to learning the language and habits of the people.

"Death is the wish of some, the relief of many, and the end of all. It lets the slaves at liberty, carries the banished man home, and places all men on the same level; insomuch that life itself would be a punishment without it."

A Bull Buffalo measures nine feet from nose to root of tail, five and half feet from ground to top of shoulder, and girths eight and a half feet at hump. In good condition his coat is of a rich brown, his head black and shaggy, shining, black sharp horns, fifteen inches long and small wicked eyes, long beard, and pantalets on fore legs. Their wool makes soft yarn.

A proposition on foot, organizing it is said with Lady Macdonald, to erect a permanent art museum and industrial science college in Ottawa in commemoration of the Queen's jubilee, the building to cost at least \$100,000. The site, it is stated, has been chosen, and will extend from Wellington to Sparks street. A committee of ladies has been formed for carrying out the project.

AN ADDRESS

OF THE CANADA LAND LAW AMENDMENT ASSOCIATION

To The Land Owners and other Electors of Ontario.

This Association, composed chiefly of land owners was formed to introduce the Torrens System of Land Transfer into Canada. Its members have no interests other than those of all owners of real estate. Mainly through its efforts that system has been introduced into, and is now the recognized system of transferring land in Manitoba, Assiniboia, Alberta, Saskatchewan, in fact in all that immense Territory extending from Rat Portage to the Rocky Mountains, and it is also in operation in the County of York and City of Toronto in Ontario. It is in operation in other important Colonies. It has very largely reduced the cost of land transfer in these Colonies. Ownership of land is absolutely certain. Suits about titles are unknown.

The present system of Land Transfer entails a needless cost of at least a half million of dollars annually on the land owners of Ontario for which they receive no benefit whatever.

This Association advocates the sweeping away of the last vestige of the Feudal System. Why should the laws relating to entails, springing and shifting uses, contingent remainders and other relics of a barbarous age, be still in force in Ontario? Why should the Province continue to

longer to be saddled with a system of land transfer which costs the owners of land so large an annual outlay?

Why should the virgin soil of the Algoma, Thunder Bay, Rainy River, Nipissing and Temiscaming Districts be saddled with an effete system which in a few years it will take thousands of dollars to be relieved from?

Electors will you insist on your representative supporting the introduction of a better system? It is a matter of real vital importance to everyone who now holds or expects to hold real estate, because the present system entails such an unnecessary expense and delay as well as risk on all transactions in which land is concerned.

This Association strongly urges upon you to press upon the attention of all candidates the importance of giving their support to the extension of the Torrens System of Land Transfer to the whole of the Province.

(1) Because that system has been found to be of great advantage to the land owners of Australia, where it has been in operation over twenty years; and the advantage it has conferred on them it will also confer on you.

(2) Because it will give to you and to your heirs after you certainty of title.

(3) Because it will do away with long deeds and longer bills of cost.

(4) Because it will prevent the possibility of defects being found in the titles to your lands possibly after years of peaceable possession.

(5) Because it will enable you to sell and transfer your land as easily as it were Registered Bonds or Bank Stock.

(6) Because it will largely increase the saleable value of all lands bought under its operation.

(7) Because it will reduce the cost of all transactions in land at least 50%, and thereby greatly facilitate the acquisition of freehold homes by the working classes.

Do not be led away by the following and other side-issues raised by interested parties:

(1) That the agitation has been got up for the benefits of money-lending institutions, which is false. It is the borrowers' and not the Companies' interests which will be benefitted. The adoption of the system advocated by this Association, by the unanimous vote of the Parliament of Canada and of the Legislature of Manitoba, should be a sufficient answer to this charge.

(2) The cry of centralization is also baseless, as the transfers and sales of land will continue to be carried on in the localities in which the property is situated, as it is now. GRO. S. HOLMSTED. J. HERBERT MASON Cor. Secretary. President.

Free Trade.

The reduction of internal revenue and the taking-off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain in the shop.

The number of Indians on Walpole Island qualified to vote under the Dominion Franchise Act is twenty-two.

CAPE BRETON RAILWAY.

SECTION—GRND NARROWS TO SYDNEY.

Tenders For the Works of Construction.

SEALED TENDERS, addressed to the undersigned and endorsed "Tenders for Cape Breton Railway," will be received at this office up to noon on Wednesday the 12th day of January, 1887, for certain works of construction.

Plans and profiles will be open for inspection at the office of the Chief Engineer and General Manager of Government Railways at Ottawa, and also at the Office of the Cape Breton Railway at Port Hawkesbury, C. B. on and after the 27th day of December, 1886, when the general specifications and form of tender may be obtained upon application.

No tender will be entertained unless on one of the printed forms and all the conditions are complied with.

By order, A. P. BRADLEY, Secretary. Department of Railways and Canals, Ottawa, 15th December, 1886 23-3w
