to the Corn wall goals; but Carpenter returned it at once. Cafferty now showed up in grand style and he and Cregan worked like two horses. Indeed it was wonderful what a game Cregan played considering he was really a sick man. He seems to have trained too fine, and early in this game he was heavily checked by Hughes which caused him to take a stitch in his side that would have disabled any other man. Back the ball went, and a fine bit of checking between Tudhope and Mcsaved it however, and the ball went down giving the match to the St. Lewrence field again. Neither side were now covering their men as they should; the Cornwalls in particular being bunched in groups. At last McVey got the ball in centre field and made a long drop to Cregan who having no one but the goal keeper near him scored at once. Shamrocks, 2; Cornwalls, 1.

The fourth game excited intense interest. Both sides worked like tigers and the two captains raced about the field cautioning their men to cover better. Some very fast play in centre field in which Flynn, Hughes, and Desrivieres especially distinguished themselves, sent the ball down to the Shamrock goal, and had not Tudhope fallen McKenna might have found it difficult to save his flags. A fine run | feat; but the game was a creditable one on by McCutcheon gave the ball to Watson who both sides, and only once had the referee to play of McKenna sent it back to Ahearn. follows: Back it came and the Cornwall home sent in three straight shots for goal that made every looker-on hold his breath. At last they scrimmaged the ball right in front of goals and Black tipped to McCutcheon who scored the game for Cornwall after 14 minute's play.

The fifth game was a short one. The ball went straight down on the Shamrock goals-Tudhope got it and threw to Watson, who dodged McKenna and sent it to Black, and a second later the umpire's hand went up to announce that Cornwalls had scored the game.

The sixth game saw both teams tiring a little; but the play was as quick and fierce as ever. McVey ran the ball down to the Cornwall goal, but Adams (who played a splendid game) foiled Cregan's attempt to next moment the Beavers would have to score. Murray showed up finely in this hustle for dear life. In this game Howatt game, and gave Hughes enough to do to cover him. Tudhope also worked like a horse, and Beavers with only eleven men. Still they although Dwyer and McKenna saved the hold their own well, and finally McQuisten defence time and again, the ball soon came got the ball from a scrimmage and tipped to back again. A clever shot by Hughes on goal Barlow who sent it to Gamble. 'The smart was beautifully stopped by Reddy; but Ellis little inside home scored at once, thus putting got the ball and tipped to Lacy, who scored the first game to the credit of the Beavers. by one of the most extraordinary side lobs for a year before he can do it again.

The seventh game witnessed a change in the character of the play. The Cornwalis the balt to Gamble, and the latter scored the J. were evidently tired, while the Shamrocks were as fresh as ever. They ceased to cover minutes of hard play. their men, and soon it became evident that it was to be a defence game for the Cornwalls. usually does, or the game would have been scored long before it was. The injury to his winning game for the Beavers. side, which he got from Hughes' check in the third game, caused an excruciatingly painful stitch. Still he played on with the pluck of a Spartan, and as the Shamrock field were now playing all round their opponents and sending in a constant stream of balls to their home, it was evident that they must soon score. A splendid check by McKenna and run by McVey sent the ball back to the Cornwall goal. Carpenter ran back for it and threw out straight in front, and the next instant Cregan scored.

DOMINIONS VS. ST. LAWRENCE.

A very large attendance considering the fact of the big match taking place the same day, assembled to witness the St. Lawrence-Dominion match. The Dominious missed Flynn very much but still they did well, and although the St. Lawrence scored the victory the Dominions may be proud of their team. The players lined out as follows :-

Third heat-They were despatched to a dead level heat, the lot trotting in a bunch down the straight to the bend leading to the back stretch, where Nathan broke and lost a lot of ground. On passing the half mile mark on the back stretch, Mollie Stanton led, with Tommy B, Frank S, Belle, Halfpenny, close up with Nathan, twenty lengths in the rear, last. No change took place between this and the three quarter mark, but shortly after passing the same and going round the higher bend leading to the home stretch. Nathan was sent along for all he was worth and quickly closed up the daylight between himself and opponents When the lot were well straightening the Athletics by three straight games, it ed out Nathan was only five lengths in the was not without a determined tussle In fact rear of his horses. The Butcher's race was next called; but, after each of the six competitors had scored a missed the shot for goal, and the cool steady rule off a player. The teams lined up as heat, darkness set in and the race had to be postponed until Friday

Between the heats an exhibition of chariot racing was given by Mrs. Addie McDonald who est of the track, were each made in 321s. drove eight horses harnessed four abreast, This brought him to the three-quarter pole in and afterwards drove four against her husband Professor McDonald, winning the furlong, which took him 171s. to cover, but J. The next feature was the appearance of Madame Ma rantette, who drove her running pair, Brown Banks by Trumpet out of Bonnie Scotland and Evergreen by Pat Molloy, a mile in 1.51. An exhibition of horsemanship followed in which the same lady appeared on Woodlawn Kentucky thoroughbred and was deservedly applauded.

SECOND DAY.

A more perfect afternoon for trotting could not be imagined than that on Friday, and as a consequence a large attendance was present to witness the sport at Lepine Park. The fact that Premier Mercier was present was a great attraction to the East Enders, and the usual routine of cheering the political leader and presenting him with a bouquet was gone through.

The first race was the Butcher' race, which had been left unfinished from Wednesday. It

ended as tollows :--Butchers' race. Purse \$100. B. Blauchard's g g... ... 2 2 1 1 2 4 1 Laprairie Boy. Quevillon's g g Grey Tom..... 4 4 4 2 1 1 Fournier's b g

Guy trotted a wonderful mile at the Cleveland Driving Park to-day, on a bet of \$1 between his owner, W. J. Gordon, and President William Edwards of the Cleveland Driving Park Company, Mr. Gordon betting that Guy would not, and Mr. Edwards that the gelding would, break his record, 2:121. After two slow miles, in 2:25 and 2:32, Millard Sanders brought the little wonder out, and sent him away on another trip under the wire. He went to the furlong in 16s., and the quarter in 324s. The second and third quarters, fast-1:383. Guy lagged a little on the seventh he finished strong and fast, doing the last R. Laing quarter in 332 and the mile, in 2:112. It was a wonderful performance, considering the conditions. The temperature was 91 9, and no runner urged him home. He wore 7½ ounce shoes and two ounce weights. Clingstone couldn't trot in better than 2:19 under the same circumstances. The timers were William Edwards, W. B. Fasig and H. Devereux.
