

PART I  
OVERVIEW

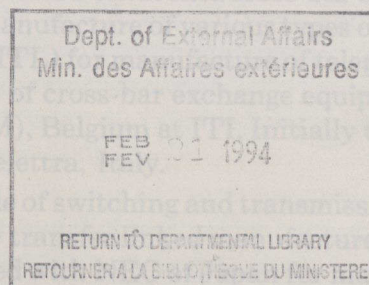

**TABLE OF CONTENTS**

**PART I  
OVERVIEW**

	PAGE
(i) Industrial Infrastructure, Geographic Distribution And Nature Of Industry	1
(ii) Major Indian Companies, Research Centres, Government Institutions And End Users	2
(iii) Government Of India Policies: Priorities, Impediments, Licensing And Joint Ventures	3
(iv) Eighth Five Year Plan And Its Effect	5
(v) Recent Developments	6
(vi) Entering The Market And Competition	7
(vii) Local Representation	8

**PART II  
SUB-SECTORS AND OPPORTUNITIES FOR CANADIAN FIRMS**

-Private Networks	9
-Original Equipment Manufacturers	9
-Consulting Services	10
-Network Management	11
-Voice And Integrated Communications Systems	11
-Data Communications Systems Equipment	12
-Radio Communications And Mobile Communications	12
-Space Communications And Remote Sensing Equipment	13
-Medical Electronics	14
-Electronic Process Control Instruments	14
-Artificial Intelligence And Robotics	15

**PART III  
TABLES AND APPENDIXES**

Table I -Proposed Telecom Plan And Requirement In Different Sectors	16
Table II -Requirement Of Telecom Equipment For DOT Sector	17
Table III-Requirement Of Telecom Equipment For Non-DOT Sector	20
Table IV -Market Share Of Major Countries For Telecom Equipment, Communication Equipment, Telecom System Equipment, Radar Apparatus, RadioTelephones And RadioPagers, Telecommunications equipemnt parts	21
Table V -Process Control And Instrumentation Allocations	23
Table VI -Electronics Projections	24
Table VII-Electronics Consumption And Growth Rates	25
Appendix I -Import Policy For Telecom And Electronics Sector	26
Appendix II -Major End Users	26
Appendix III-Assistance Available From The Government Of Canada	29
Appendix IV -References	30
