

should be complied with, the Commission shall direct the Administrator to carry out an on-site inspection of the certified area lying in that Party's territory in accordance with Annex I.

C. If any portion of a certified area lies in territory under the jurisdiction or control of a Party represented on the Commission, that Party shall not participate in the decision as to the inspection of such portion of the certified area.

D. If any portion of a certified area lies in territory under the jurisdiction or control of a Party associated with an original Party, that original Party and Parties associated with it which are represented on the Commission shall not participate in the decision as to the inspection of such portion of the certified area.

4. A. If any portion of a certified area lies in an area not under the jurisdiction or control of any sovereign state, the Administrator shall decide whether to undertake an on-site inspection. The Administrator shall notify the Commission of his decision whether to undertake an on-site inspection and shall make every effort to do so within seventy-two hours after the occurrence of the event. After the Administrator notifies the Commission that he has decided to undertake an on-site inspection, he shall proceed to have the inspection carried out unless he is otherwise directed by the Commission within forty-eight hours of such notification.

B. The Commission may direct the Administrator to inspect a certified area not under the jurisdiction or control of any sovereign state, if the Administrator has not already proceeded to do so, not later than fifteen days after the Administrator has made public at the Headquarters of the Organization all data relating to the seismic event in question as specified in paragraph 1 B of this Article.

C. All on-site inspections under this paragraph shall be carried out in accordance with Annex I.

5. The number of on-site inspections which may be carried out in territory under the jurisdiction or control of each of the original Parties,
