## KEY FACTS

### PEACE AND SECURITY

- ▶ Women are able to provide peace and security outreach to other women, yet from 1992 to 2011, only 9 percent of peace negotiators were women and only 3 percent of UN military peacekeepers were women.<sup>78</sup>
- ▶ Women's participation in the peacebuilding process increases by 35 percent the probability that a peace agreement will last for at least 15 years.<sup>79</sup>
- ▶ Data from 40 countries shows what when there is a greater proportion of woman officers on a police force, victims are more comfortable reporting incidents of sexual assault.<sup>80</sup>
- ▶ Only 2 percent of donor assistance for peace and security in fragile contexts in 2012-13 targeted gender equality as a principal objective.<sup>81</sup>
